

Repertorium der coleopterologischen Publicationen Edm. Reitter's von 1893 bis 1902.

Von Alfred Hetschko in Teschen.

II. Theil.

Uebersicht der Zeitschriften und Werke,

in welchen die Publicationen enthalten sind, sammt den im Index der neuen Gattungen, Arten und Varietäten benützten Abkürzungen.

D. = Deutsche Entomologische Zeitschrift (Berlin).

E. N. = Entomologische Nachrichten, herausg. von Dr. F. Karsch (Berlin).

Br. = Verhandlungen des naturforschenden Vereines in Brünn.

W. = Wiener Entomologische Zeitung.

Festschr. = Festschrift zur Feier des fünfzigjährigen Bestehens des Vereines für schlesische Insektenkunde in Breslau. 1847—1897. Breslau 1897.

Kr. Ib. = Krancher's Entomologisches Jahrbuch.

T. = Bestimmungs-Tabellen der europäischen Coleopteren.

Bod. = Bodemeyer, E. von, Quer durch Kleinasien in den Bulghar-Dagh. Emmendingen 1900.

Acalles Paulmeyeri D. 01, 183; *Acalyptus caucasicus* D. 99, 281; *Acanthocinus Henschi* W. 00, 177; *Acanthocinus* Br. 95, 74; *Achranoxia planipalpis* Br. 01, 278; *Aclypea biseriata* W. 93, 221, *seriatorugosa* D. 97, 211; *Acmaeodera Brenskei* W. 95, 152, *pallidepicta* 152, *rufipes* 153, *subscalaris* D. 97, 214, *tonstrix* W. 95, 154; *Acupalpus bistriga* W. 94, 81, *discus* 81, *immundus* Br. 99, 134, v. *inornatus* 138; *Adamaster* Br. 95, 56; *Adelocarabus* Br. 95, 192; *Adelostoma Hauseri* W. 95, 203, *longiceps* 203, *subtile* Br. 00, 193; *Adordanea* D. 97, 229; *Adoxinia Jacobsoni* W. 94, 16; *Adrastus circassicus* D. 96, 158; *Aeolus Hauseri* D. 96, 35; *Aethiessa v. Maera* Br. 98, 53; *Agabus cordaticollis* W. 96, 233, *Splichali* D. 99, 196; *Aganocrossus* W. 95, 208, *postpilosus* 209; *Agapanthia Angelicae* W. 98, 131, *coeruleonigra* 132, *Hauseri* D. 01, 185, *Müllneri* W. 98, 133, *persicola* W. 94, 146, *simplicicornis* W. 98, 133, v. *subchalybaea* 134, *Walteri* 132; *Agathidium angusticolle* W. 98, 53, *brevicorne* 53, *fronticorne* W. 97, 122, *punctatissimum* W. 98, 52, *Sahlbergi* W. 00, 218, *similare* W. 98, 52, *sphaerulum* 140, *turcicum* 52; *Agnaptoria Seidlitzi* D. 93, 315; *Agonum v. pernigrum* W. 97, 45, *perprasinum* 45, *punctibasis* W. 94, 123; *Agrilus albifrons* W. 97, 249; *Agriotes constrictus*

D. 00, 86; *Agyrtecanus* W. 01, 102; *Agyrtes alutaceus* W. 01, 102, rufus*) W. 95, 150; *Airaphilus Semenowi* D. 01, 71; *Alaocyba mingrelica* W. 94, 246, *stricticollis* 306; *Aleucomus* Br. 01, 192; *Alexia compressa* W. 01, 99, *Formaneki* W. 02, 5, *tatrica* W. 97, 47; *Alipaster* Br. 95, 77; *Alophus* v. *Apfelbecki* W. 01, 211; W. 02, 9, v. *carpathicus* W. 01, 211, *cretaceus* W. 94, 310, v. *hali-ciensis* W. 02, 196, *Hilfi* W. 01, 210, W. 02. 8, *obsoletus* W. 94, 309; v. *pseudelegans* W. 01, 212, v. *puncticollis* 213, v. *Sequensi* 213, *squamiventris* 209, v. *subcarinatus* W. 94, 308, v. *uniformis* 308; *Amadotrogus* Br. 01, 248; *Amaladera* W. 96, 188, *cavifrons* 188; *Amaurops leptoderina* W. 01, 22; *Amblonoxia* Br. 01. 276; *Amblystomus cephalotes* W. 96, 267; *Ammobius dilatatus* W. 93, 315, *insularis* 315, *pseudocaesius* W. 95. 156; *Amphicoma* v. *aurigaster* W. 95, 82, v. *Banghaasi* 81, *Belia* D. 00, 53, v. *lateritia* W. 96, 272, v. *limbipennis* W. 99, 158; *Amphimallus* v. *albipilis* Br. 01, 245, *erivanicus* 253, *Felicitanus* 245, *Korbi* W. 94, 302, *majalis pellitulus* 248, *menorcanus* 241, *nigripennis* 238, *serripes* 243, *trisinuatus* 242; *Anagabus limbibasis* W. 00, 226; *Anaglyptus Banghaasi* W. 95, 159, *mysticoides* W. 94, 128; *Anatolica* *Arethusa* Br. 00, 119, *Fausti* 118, *granulipleuris* 124, *Hauseri* 117, *Holdereri* 123, *Iduna* 122, *Koltzei* 117, *longithorax* 118, *Lucina* 116, *Medusa* 126, *Midas* 116, *Paphia* 117, *paradoxa* 119, *pseudancta* 124, *pseudoscythis* 119, *sulcipennis* 125, *tibialis* 127; *Ancylocarabus* Br. 95, 173; *Anemia Chobauti* D. 98, 349, *Fenyesi* *Festschr.* 97, 42, *fissidens* 348, *Hauseri* D. 94, 50, *Pharao* *Festschr.* 97, 43; *Anisocerus funebris* W. 98, 106, *turkestanicus* 106; *Anisoplia Hauseri* W. 98, 120, *Koenigi* D. 95, 309, *Weberi* D. 98, 342; *Anomala* v. *circumcincta* D. 96, 34, *costifera* W. 95, 209, v. *nigrovirens* D. 94, 46, *Plustschevskyi* W. 94, 239; *Aromia Bangi* W. 95, 209; *Anommatus plicatus* W. 94, 299, *rugifer* 300, *Titanus* W. 01, 23; *Anoplistes amoenus* W. 98, 126, *forticornis* D. 01, 84; *Anoxia* v. *funebris* Br. 01, 287, v. *tristis* 286; *Anoxiella* Br. 01, 178; *Anthaxia permira* W. 98, 120; *Anthracus bivittulus* W. 93, 44, *Wimmeli* 44; *Anthrenus amoenus* W. 96, 286, v. *Isabellae* E.
