

B. C. S. WARREN's bibliography : an additional note

E. J. M. WARREN

31, Clifton Crescent, Flat 2, Folkestone, Kent CT20 2EN.

When B. C. S. WARREN's bibliography was published in 1978 some papers were omitted, they are as follows :

2a. 1913. Notes on *Erebia gavarniensis*, n. sp. and some forms of *Erebia manto*. *Entomologist's Rec. J. Var.* **25** : 273-277.

3a. 1914. *Erebia manto* and *E. gavarniensis*. *Entomologist's Rec. J. Var.* **26** : 109-113, pl. xiii.

These two papers later proved to be incorrect, and in his Monograph (1936 : 94) WARREN gives *Erebia gavarniensis* as a synonym of *E. manto constans* EIFFINGER 1908.

102a. 1968. The homonymy of *Papilio aglaja* LINNAEUS 1758. *Bull. zool. Nomencl.* **25** : Parts 2/3 : 68-71.

105a. 1969. The homonymy of *Papilio aglaja* LINNAEUS 1758. *Bull. zool. Nomencl.* **26** : Part 2 : 67-68.

These two papers were written as junior co-author with C. F. DOS PASSOS.

113. 1977. *Nymphalis polychloros* L. in Folkestone. *Entomologist's Rec. J. Var.* **89** : 348.

114. 1981. Supplement to Monograph of the Genus *Erebia*. 17 pp. 2 pls. *Classey, Faringdon*.

This Supplement was actually written in 1972 as a Foreword to a projected second edition of the Monograph of the Genus *Erebia*, which owing to unforeseen difficulties the publisher was never able to produce. So, in order that it should not be lost, the Foreword was published by itself in 1981, as a supplement to the original book.

Students of butterflies who value WARREN's works would probably also be interested in the following papers :

Council notice

To all members,

Despite the yearly increases of 6-7% in printing costs and greater than 10% in postal charges, it has so far been possible to keep the membership subscription at the same level.

In order to prevent a reduction in the number of pages, we are compelled to produce *Nota lepidopterologica* this year in two double issues, so that we can at least save on the postage.

The council requests your understanding and urgently asks all members who have not already done so, to pay their subscription, which automatically falls due at the beginning of each calendar year. The double issue 9 (3-4) and *Bibliographia* 84 will only be sent to fully paid-up members.
