

Atlas der Gefäßpflanzenflora des Dachsteingebietes

Botanische Arbeitsgemeinschaft
am Biologiezentrum Linz

Im Sommer 1995 wurde im nördlichen Dachsteingebiet – auf der Gjidalm – das 6. südböhmisch-oberösterreichische Botanikertreffen abgehalten. Als Grundlage für die Geländearbeiten wurde von der Botanischen Arbeitsgemeinschaft am Oberösterreichischen Landesmuseum anhand von Literaturangaben und verfügbaren Daten der Florenkartierung eine Gebietsflora der oberösterreichischen Dachsteinanteile auf der Basis von Quadrantenkärtchen erstellt.

Zu Weihnachten kam auf Grund der bevorstehenden Simony-Ausstellung vom Leiter des Biologiezentrums des O.Ö. Landesmuseums Herrn HR Doz. Dr. Franz Speta die Anregung, die Gebietsflora auf den gesamten Dachsteinstock einschließlich der salzburgischen und steirischen Teile auszudehnen. In der kurzen Zeit, die uns zur Verfügung stand, mußten wir uns für die Abgrenzung des Gebietes entscheiden. Wir entschlossen uns, uns bei der Artenaufzählung bewußt auf die Quadrantenangaben zu beziehen, weil eine genaue Überprüfung nach naturräumlichen Grenzen innerhalb des kurzen Zeitraumes nicht möglich war.

Die Abgrenzung des Dachsteingebietes folgt der Vorstellung von Friedrich SIMONY. Die westliche Begrenzung bildet der Gosaukamm, im Norden folgt die Grenze dem Becken von Gosau bis zum Gosauzwang und biegt nach Süden zum Hallstättersee. Der Verlauf der Koppentraun und der Kainischtraun bildet die Grenze bis zum Mitterndorfer Becken, sie folgt dessen südlichen Beckenrand, der von den Einhängen des Kemmetgebirges gebildet wird, bis zum Grimmingstock. Die Linie Rötelstein – Dachsteinsüdwand – Stoderzinken – Kammspitz – Grimming markiert die südliche Umgrenzung des Dachsteingebietes.

Die räumliche Bezugseinheit der Kartendarstellung ist ein Quadrant der österreichischen Florenkartierung. Ein solcher umfaßt ein Gebiet von 5' geographischer Länge und 3' geographischer Breite. Das ist eine Fläche von etwa 6 mal 5.5 km. Vier Quadranten ergeben ein Grundfeld. Die Bezeichnung der Grundfelder erfolgt durch eine vierstellige Zahl (zuerst die Zeilen-, dann die Spaltennummer). Die Quadranten werden von 1 bis 4 numeriert, wobei 1 der nordwestliche und 4 der südöstliche Quadrant eines Grundfeldes ist.

Jeder Punkt im Raster des Kärtchens bedeutet mindestens eine Kartierungsangabe der entsprechenden Pflanzensippe seit 1945. Unterschieden werden Angaben einheimischer oder eingebürgerter Pflanzen (*) von Taxa mit unbeständigem Vorkommen oder Pflanzen mit unsicherem Status (o).

Die botanische Benennung der Taxa und auch die deutschen Pflanzennamen folgen ADLER et al. (1994). In einigen Fällen werden bei ADLER et al. nicht erwähnte Klein- und Zwischenarten angeführt. Für *Hieracium* (Habichtskraut) folgt die Nomenklatur HEGI (1987). Für einige auf

der Basis der Sippensystematik von EHRENDORFER (1973) kartierte Sippen, die bei ADLER et al. (1994) neu gefaßt wurden, mußten die Namen nach EHRENDORFER (1973) beibehalten werden. Sie sind durch Anführungszeichen gekennzeichnet.

Weitere Angaben:

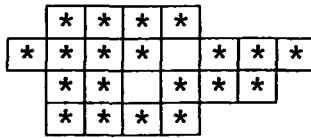

Weitere Angaben stammen von Prof. Kons. Franz Grims, Mag. Ferdinand Lenglachner (1989 bis 1992: 8448/1, 8448/2, 8448/4, 8449/3, 8548/1, 8548/1, 8548/2, 8549/1), Prof. Dr. Harald Niklfeld, Prof. Dr. Herwig Teppner und Gerald Brandstätter.

Für die Bereitstellung von Listen und Kärtchen danken wir Prof. Dr. Harald Niklfeld (Institut für Botanik der Universität Wien), Dr. Detlef Ernet (Landesmuseum Joanneum in Graz), der Floristisch-Geobotanischen Arbeitsgemeinschaft am Landesmuseum Joanneum in Graz und Gerald Brandstätter (Biologiezentrum des OÖ. Landesmuseums Linz).

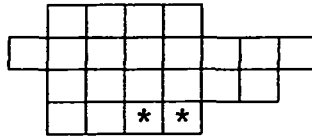

Die nachstehenden Verbreitungskarten wurden unter Verwendung der vorhin genannten Angaben von Mag. Amand Kraml und Norbert Lindbichler angefertigt.

Artengruppe Wald-Trespe

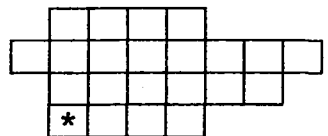

< *Bromus benekenii*
Einseitige Trespe

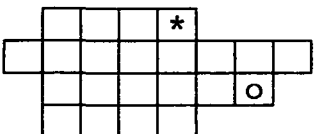

< *Bromus ramosus* s.str.
Ästige Trespe

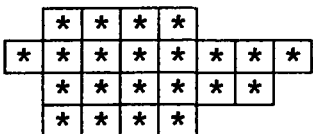

Bromus sterilis
Taube Trespe

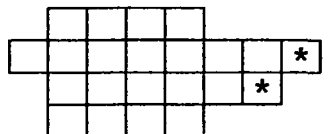

Bromus tectorum
Dach-Trespe

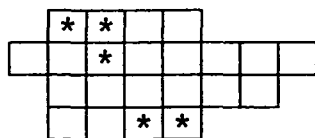

Bunias orientalis
Glattes Zackenschötchen

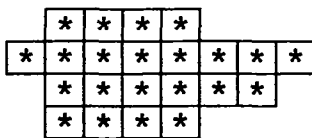

Buphthalmum salicifolium
Rindsauge

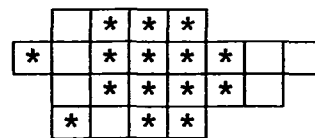

Calamagrostis canescens
Moor-Reitgras

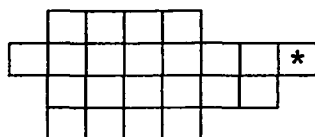

Calamagrostis epigejos
Land-Reitgras

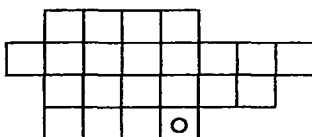

Calamagrostis varia
Bunt-Reitgras

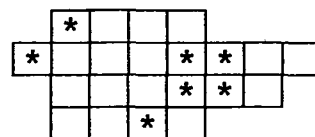

Calamagrostis villosa
Woll-Reitgras

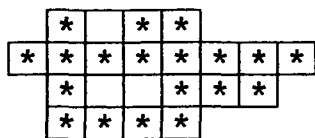

Calamintha einseleana
Österreichische Bergminze

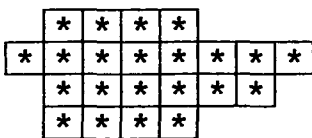

Calendula officinalis
Garten-Ringelblume

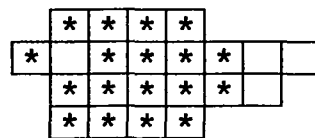

Callitriche palustris agg.
Artengruppe Sumpf-Wasserstern

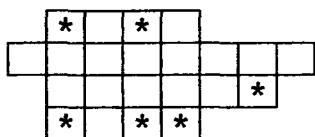

Calluna vulgaris
Besenheide

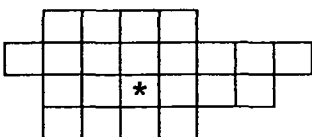

Caltha palustris
Sumpfdotterblume

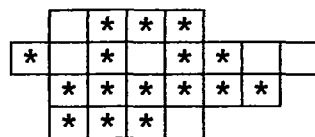

Calycocorsus stipitatus
Kronlattich

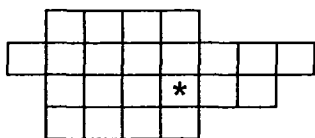

Calystegia sepium s.str.
Echte Zaunwinde

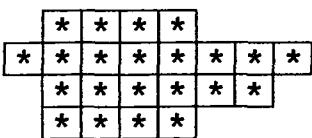

Campanula alpina
Alpen-Glockenblume

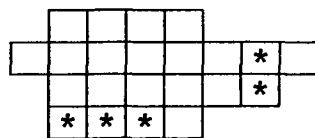

Campanula barbata
Bart-Glockenblume

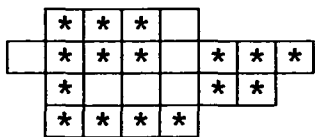

Campanula cespitosa
Rasen-Glockenblume

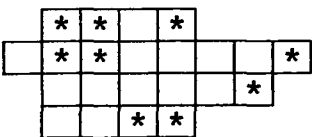

Campanula cochlearifolia
Niedrige Glockenblume

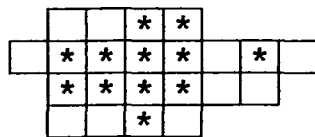

Campanula glomerata
Knäuel-Glockenblume

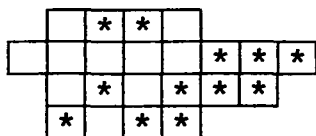

Campanula patula
Wiesen-Glockenblume

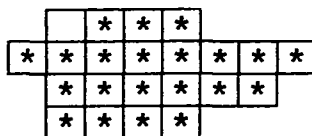

Campanula persicifolia
Wald-Glockenblume

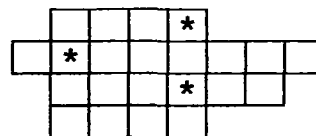

Campanula pulla
Dunkle Glockenblume

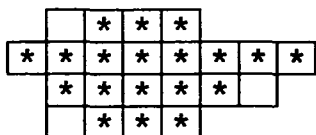

Campanula rapunculoides
Acker-Glockenblume

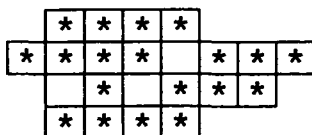

Campanula rotundifolia agg.
Artengr. Rundblättrige Glockenblume

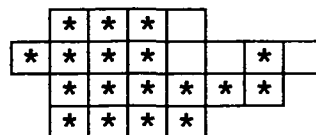

< *Campanula rotundifolia* s.str.
Rundblatt-Glockenblume

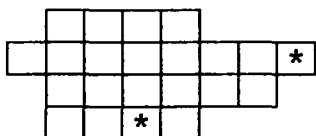

< *Campanula scheuchzeri*
Scheuchzer-Glockenblume

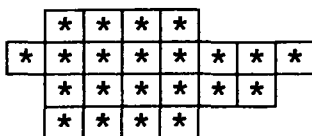

Campanula trachelium
Nessel-Glockenblume

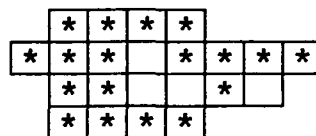

Capsella bursa-pastoris
Gewöhnliches Hirtentäschel

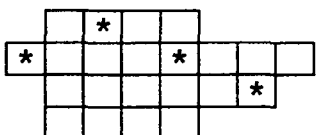

Cardamine alpina
Alpen-Schaumkraut

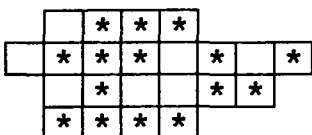

Cardamine amara
Wilde Brunnenkresse

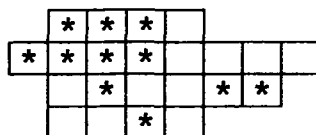

Cardamine flexuosa
Wald-Schaumkraut

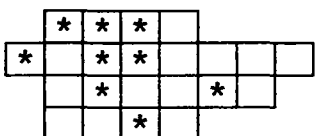

Cardamine hirsuta
Viermänniges Schaumkraut

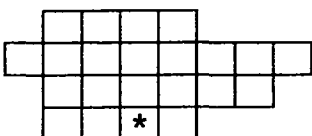

Cardamine impatiens
Spring-Schaumkraut

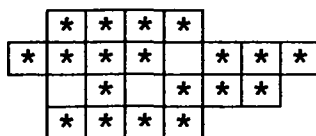

Cardamine pratensis agg.
Artengruppe Wiesen-Schaumkraut

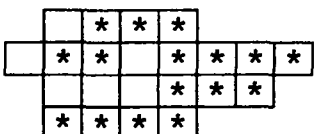

< *Cardamine pratensis* s.str.
Gewöhnliches Wiesen-Schaumkraut

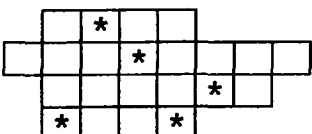

Cardamine resedifolia
Reseda-Schaumkraut

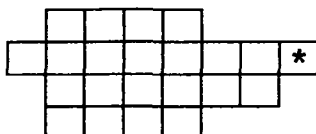

Cardamine trifolia
Kleeblatt-Schaumkraut

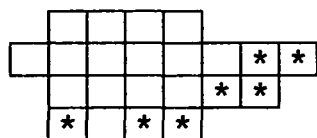

Cardaminopsis arenosa
Sand-Schaumkresse

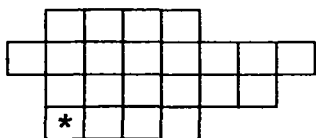

Cardaminopsis halleri
Kriech-Schaumkresse

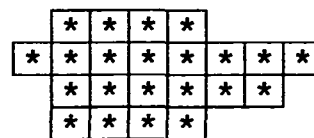

Cardaria draba
Pfeilkresse

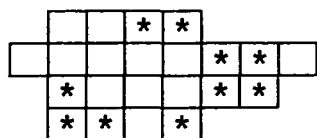

Carduus acanthoides
Weg-Ringdistel

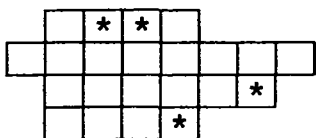

Carduus crispus
Kraus-Ringdistel

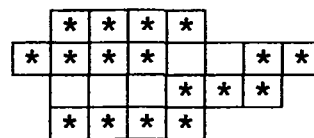

Carduus defloratus agg.
Artengruppe Berg-Ringdistel

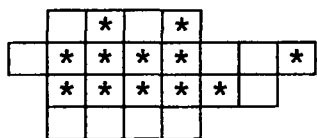

Carduus personata
Kletten-Ringdistel

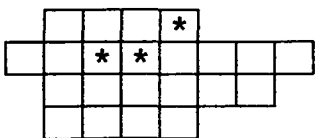

Carex acutiformis
Sumpf-Segge

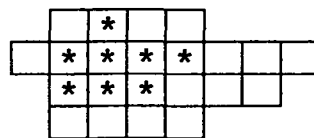

Carex alba
Weiß-Segge

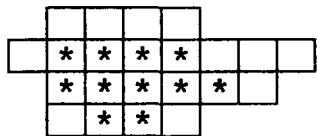

Carex atrata agg.
Artengruppe Trauer-Segge

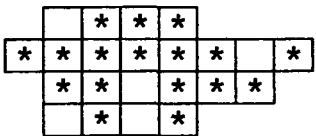

< *Carex aterrima*
Kohlschwarze Segge

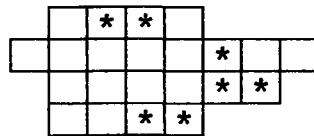

< *Carex atrata* s.str.
Trauer-Segge

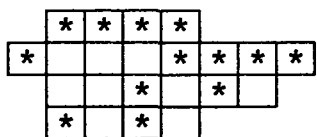

< *Carex parviflora*
Kleinblütige Segge

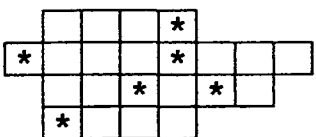

Carex brachystachys
Kurzähren-Segge

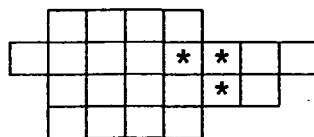

Carex brizoides
Seegras-Segge

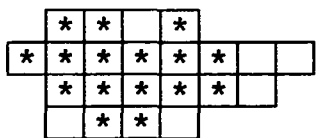

Carex canescens agg.
Artengruppe Grau-Segge

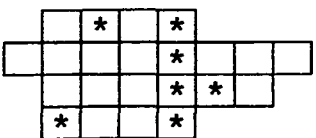

< *Carex brunnescens*
Bräunliche Segge

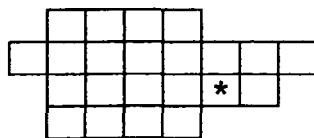

< *Carex canescens* s.str.
Grau-Segge

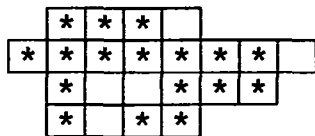

Carex capillaris
Haarstiel-Segge

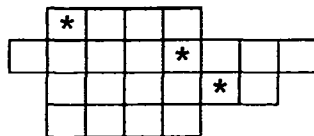

Carex caryophylla
Frühlings-Segge

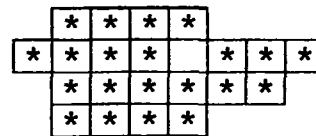

Carex chordorrhiza
Strick-Segge

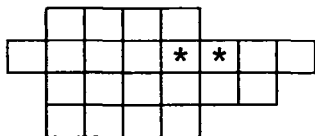

Carex davalliana
Davall-Segge

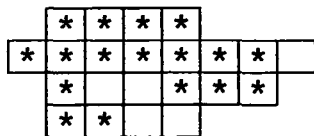

Carex diandra
Draht-Segge

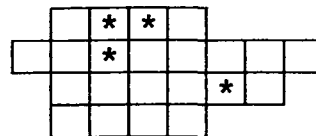

Carex digitata
Finger-Segge

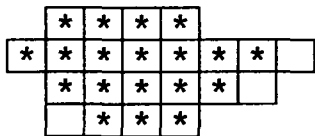

Carex dioica
Zweihäusige Segge

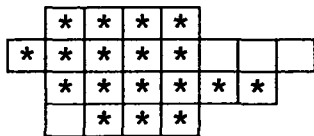

Carex echinata
Igel-Segge

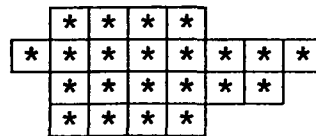

Carex elata
subsp. *elata*
Bult-Segge

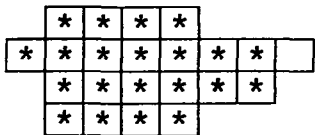

Carex ferruginea s.str.
Rost-Segge

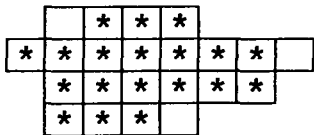

Carex firma
Polster-Segge

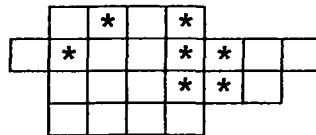

Carex flacca
Blau-Segge

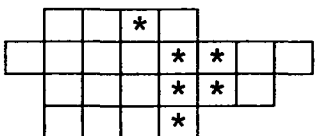

Carex flava agg.
Artengruppe Gelb-Segge

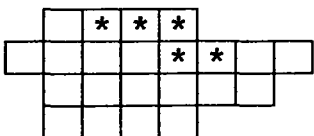

< *Carex flava* s.str.
Große Gelb-Segge

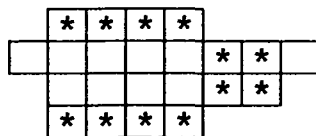

< *Carex flava*
var. *alpina*
Hochgebirgsform d. Gr. Gelb-Segge

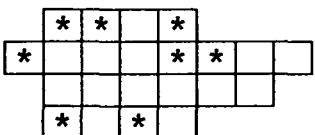

< *Carex lepidocarpa*
Mittlere Gelb-Segge

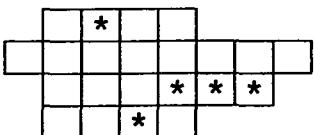

< *Carex viridula*
Kleine Gelb-Segge

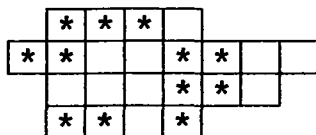

Carex hirta
Behaarte Segge

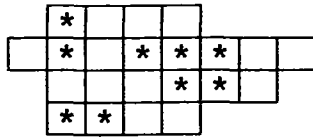

Carex hostiana
Saum-Segge

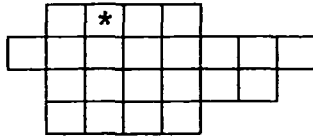

Carex humilis
Erd-Segge

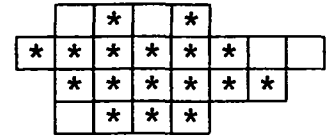

Carex leporina
Hasen-Segge

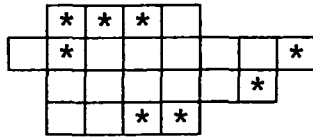

Carex limosa
Schlamm-Segge

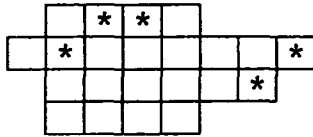

Carex montana
Berg-Segge

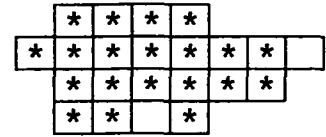

Carex mucronata
Stachelspitzige Segge

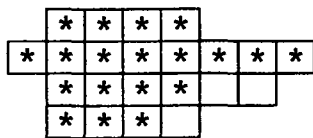

Carex muricata agg.
Artengruppe Stachel-Segge

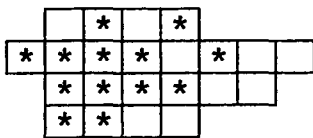

< *Carex spicata*
Dichtährige Segge

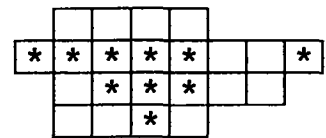

Carex nigra s.str.
Braun-Segge

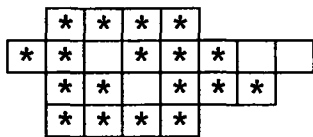

Carex ornithopoda agg.
Artengruppe Vogelfuß-Segge

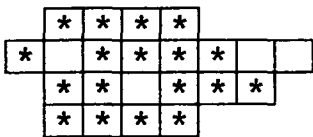

< *Carex ornithopoda* s.str.
Vogelfuß-Segge

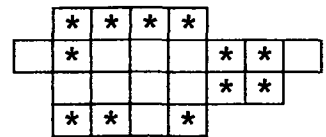

< *Carex ornithopodoides*
Alpen-Vogelfuß-Segge

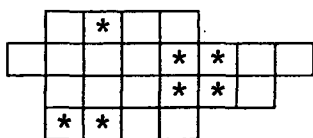

Carex pallescens
Bleich-Segge

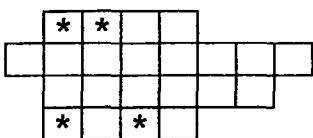

Carex panicea
Hirse-Segge

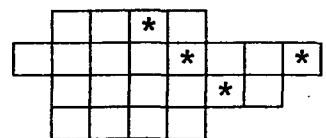

Carex paniculata
Rispen-Segge

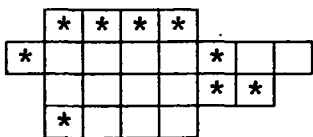

Carex pauciflora
Wenigblüten-Segge

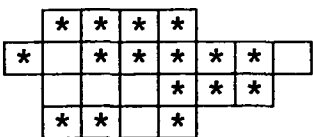

Carex pendula
Hänge-Segge

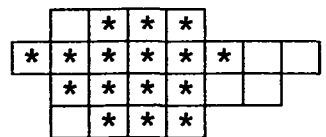

Carex pilulifera
Pillen-Segge

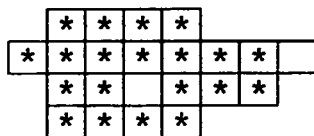

Carex remota
Winkel-Segge

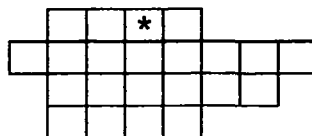

Carex rostrata
Schnabel-Segge

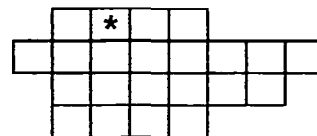

Carex sempervirens
Horst-Segge

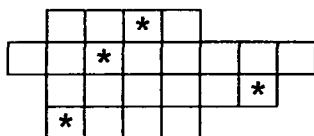

Carex sylvatica
Wald-Segge

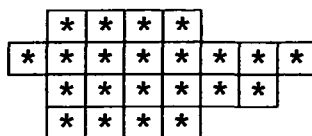

Carex tomentosa
Filz-Segge

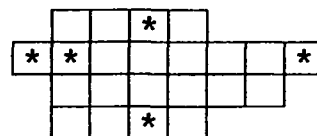

Carex umbrosa
Schatten-Segge

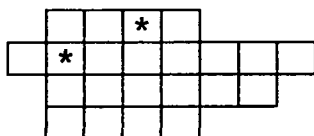

Carex vesicaria
Blasen-Segge

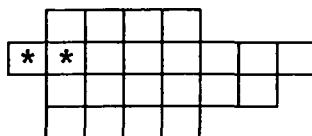

Carlina acaulis
Silberdistel

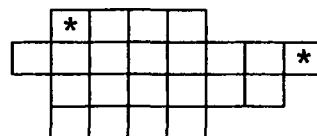

Carlina vulgaris agg.
Artengruppe Golddistel

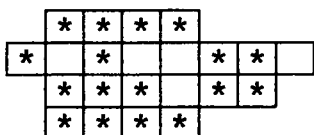

< *Carlina biebersteinii*
subsp. *biebersteinii*
Eigentliche Langblatt-Golddistel

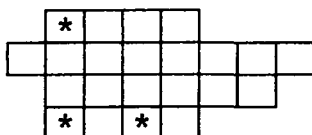

< *Carlina vulgaris* s.str.
Kleine Golddistel

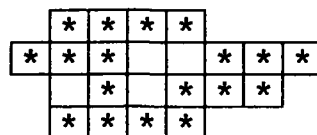

Carpinus betulus
Hainbuche

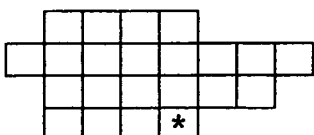

Carum carvi
Echter Kümmel

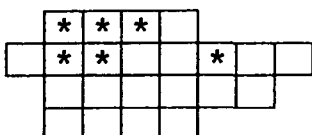

Centaurea cyanus
Kornblume

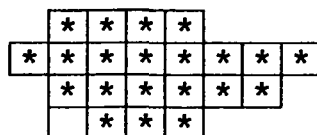

Centaurea jacea
Wiesen-Flockenblume

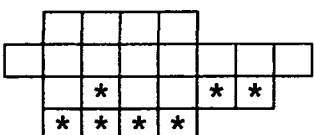

< *Centaurea jacea*
subsp. *macroptilon*
Fiederschuppen-Wiesen-Flockenblume

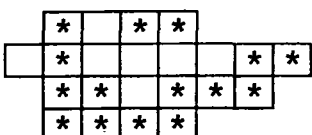

< *Centaurea jacea*
subsp. *subjacea*
Gewöhnliche Wiesen-Flockenblume

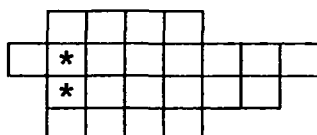

Centaurea montana
Berg-Flockenblume

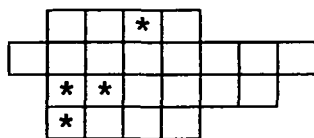

Centaurea pseudophrygia
Gewöhnliche Perücken-Flockenblume

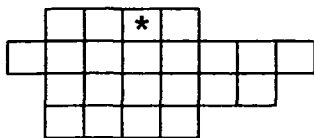

Centaurea scabiosa
Skabiosen-Flockenblume

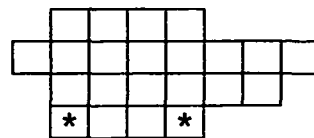

< *Centaurea scabiosa*
subsp. *alpestris*
Voralpen-Skabiosen-Flockenblume

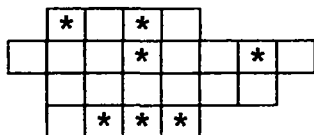

< *Centaurea scabiosa*
subsp. *scabiosa*
Gewöhnliche Skabiosen-Flockenblume

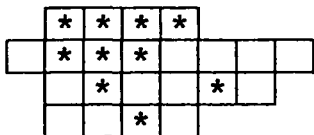

Centaurium erythraea
subsp. *erythraea*
Echtes Tausendguldenkraut

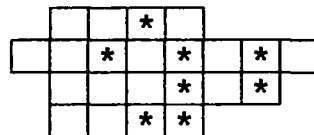

Centaurium pulchellum
Kleines Tausendguldenkraut

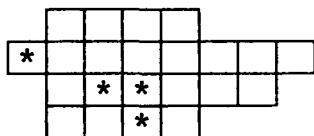

Cephalanthera damasonium
Cremeweißes Waldvöglein

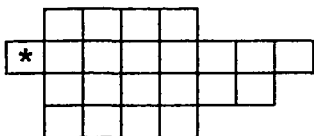

Cephalanthera longifolia
Schwertblatt Waldvöglein

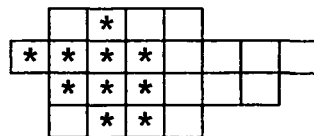

Cephalanthera rubra
Rotes Waldvöglein

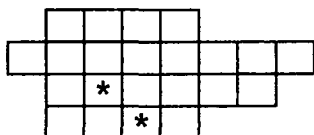

Cerastium arvense
Acker-Hornkraut

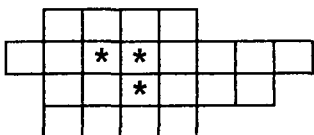

< *Cerastium arvense*
subsp. *strictum*
Steifes Acker-Hornkraut

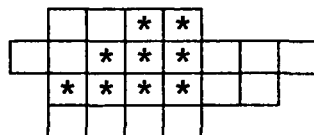

Cerastium carinthiacum
Kärntner Hornkraut

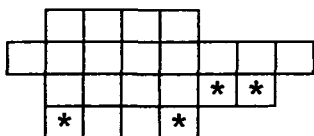

< *Cerastium carinthiacum*
subsp. *carinthiacum*
Eigentliches Kärntner Hornkraut

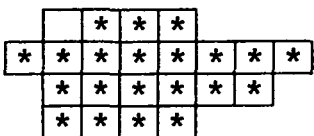

Cerastium cerastoides
Dreigriffel-Hornkraut

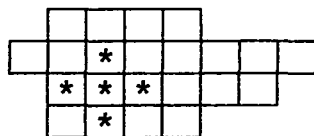

Cerastium fontanum s.str.
Quellen-Hornkraut

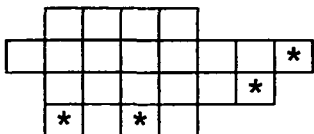

Cerastium glomeratum
Knäuel-Hornkraut

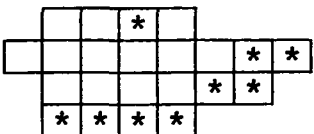

Cerastium holosteoides
Gemeines Hornkraut

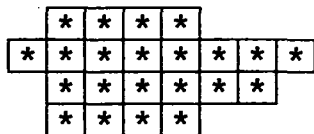

Cerastium uniflorum
Einblüten-Hornkraut

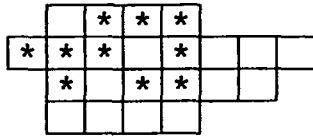

Cerinthe minor
subsp. *minor*
Kleine Wachsblume

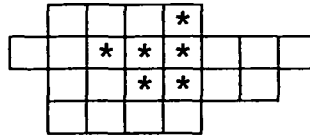

Chaerophyllum aureum
Gold-Kälberkopf

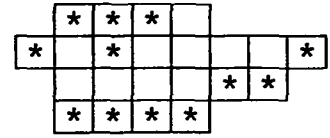

Chaerophyllum hirsutum s.str.
Wimper-Kälberkopf

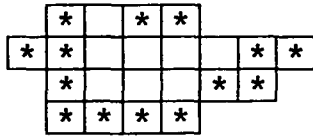

Chaerophyllum villarsii
Alpen-Kälberkropf

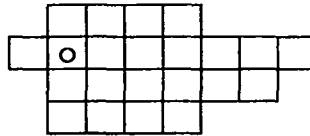

Chamorchis alpina
Zwergstendel

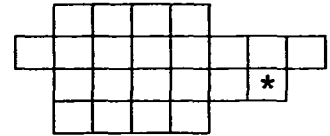

Chelidonium majus
Schöllkraut

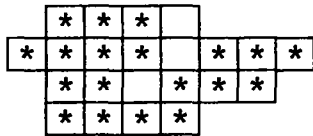

Chenopodium album agg.
Artengruppe Weißer Gänsefuß

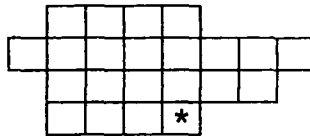

< *Chenopodium album* s.str.
Weißer Gänsefuß

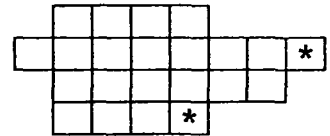

< *Chenopodium strictum*
Streifen-Gänsefuß

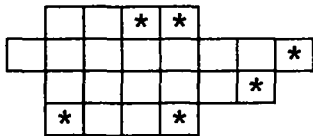

Chenopodium bonus-henricus
Guter-Heinrich

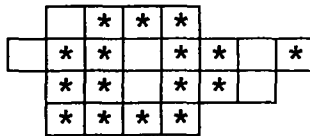

Chenopodium ficifolium
Feigenblatt-Gänsefuß

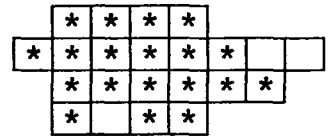

Chenopodium glaucum
Graugrüner Gänsefuß

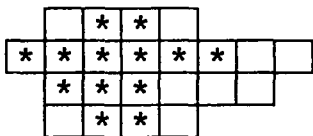

Chenopodium polyspermum
Vielsamiger Gänsefuß

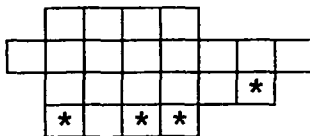

Chlorocrepis stacticifolia
Grasnelkenhabichtskraut

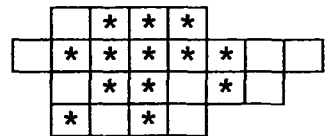

Chrysosplenium alternifolium
Wechselblatt-Milzkraut

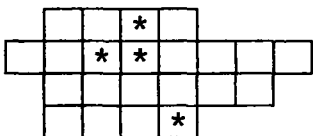

Cicerbita alpina
Milchlattich

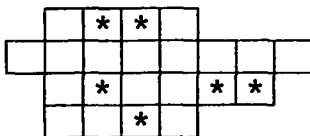

Cichorium intybus
Gewöhnliche Wegwarte

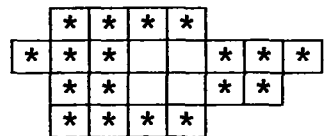

Circaea alpina
Gebirgs-Hexenkraut

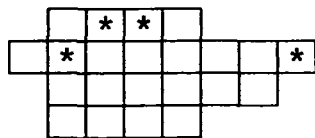

Circaea x intermedia
Mittleres Hexenkraut

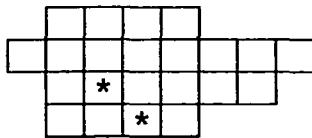

Circaea lutetiana
Wald-Hexenkraut

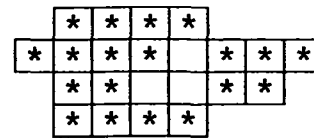

Cirsium arvense
Acker-Kratzdistel

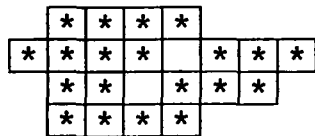

Cirsium erisithales
Kleb-Kratzdistel

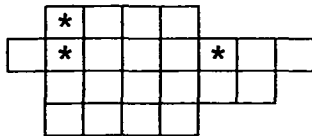

Cirsium heterophyllum
Verschiedenblättrige Kratzdistel

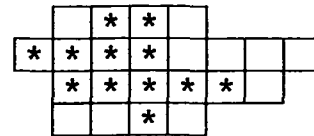

Cirsium oleraceum
Kohl-Kratzdistel

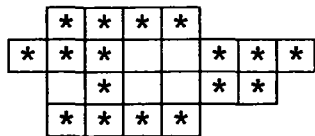

Cirsium palustre
Sumpf-Kratzdistel

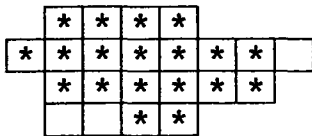

Cirsium rivulare
Bach-Kratzdistel

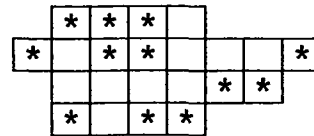

Cirsium spinosissimum
Vielstachel-Kratzdistel

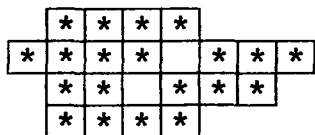

Cirsium vulgare
Gewöhnliche Kratzdistel

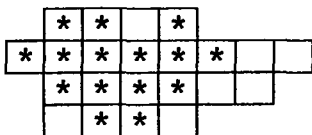

Clematis alpina
Alpen-Waldrebe

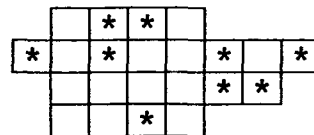

Clematis vitalba
Gewöhnliche Waldrebe

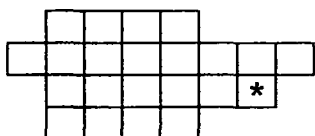

Clinopodium vulgare
subsp. *vulgare*
Wirbeldost

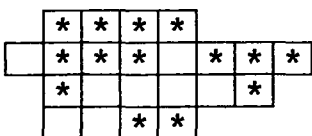

Coeloglossum viride
Hohlzunge

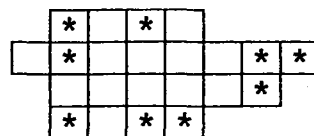

Colchicum autumnale
Herbstzeitlose

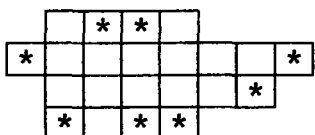

Conium maculatum
Fleckenschierling

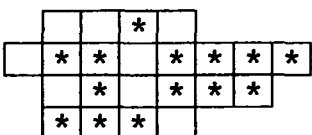

Convallaria majalis
Maiglöckchen

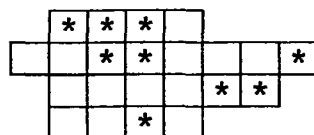

Convolvulus arvensis
Acker-Winde

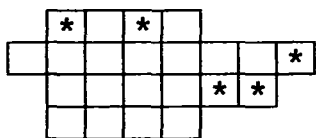

Conyza canadensis
Gewöhnliches Kanadaberufkraut

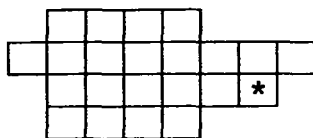

Corallorhiza trifida
Korallenwurz

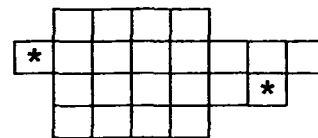

Cornus sanguinea
Rot-Hartriegel

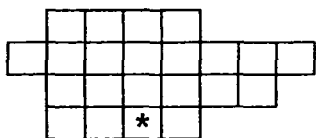

Coronilla vaginalis
Scheiden-Kronwicke

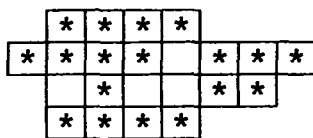

Cortusa matthioli
Heiglöckchen

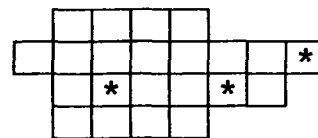

Corydalis cava
Hohler Lerchensporn

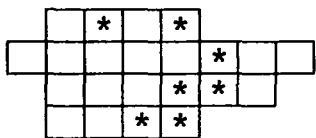

Corydalis solida
Finger-Lerchensporn

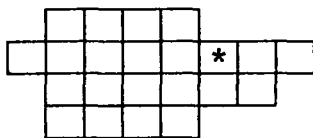

Corylus avellana
Gewöhnliche Hasel

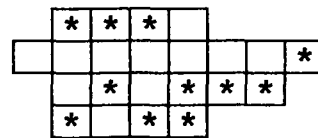

Cotoneaster integerrimus
Gewöhnliche Steinmispel

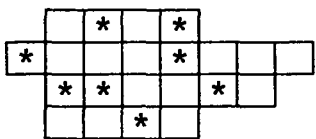

Cotoneaster tomentosus
Filz-Steinmispel

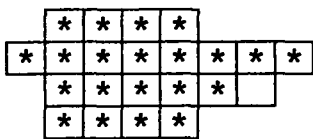

Crataegus curvisepala
Krummelch-Weißdorn

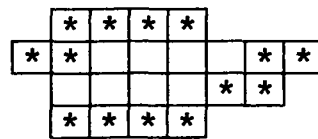

Crataegus monogyna
Einkern-Weißdorn

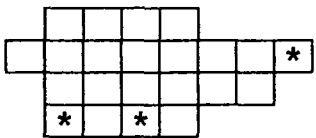

Crepis alpestris
Voralpen-Pippau

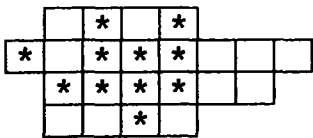

Crepis aurea
Gold-Pippau

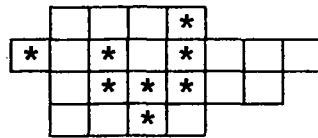

Crepis biennis
Wiesen-Pippau

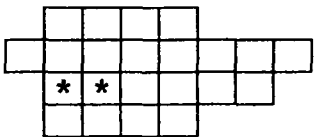

Crepis capillaris
Grün-Pippau

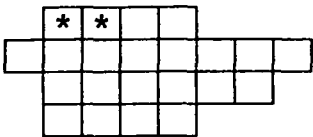

Crepis jacquinii agg.
Artengruppe Felsschutt-Pippau

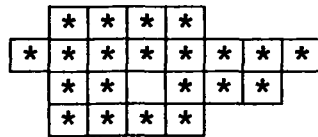

< *Crepis jacquinii* s.str.
Jacquin-Pippau

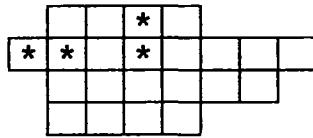

< *Crepis kernerii*
Kerner-Pippau

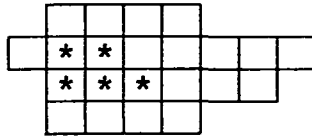

Crepis mollis
Weichhaar-Pippau

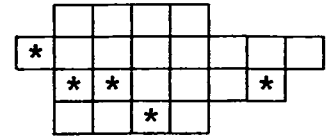

Crepis paludosa
Sumpf-Pippau

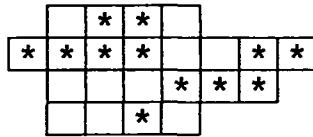

Crepis pyrenaica
Schabenkraut-Pippau

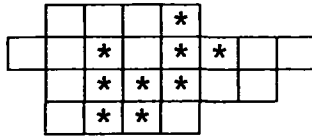

Crepis terglouensis
Triglav-Pippau

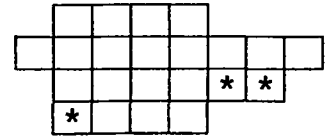

Crocus albiflorus
Weißer Krokus

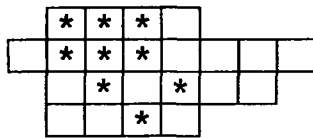

Crucjata laevipes
Gewöhnliches Kreuzlabkraut

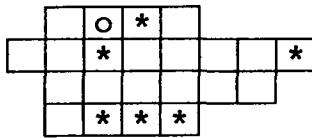

Cuscuta epithymum
subsp. *epithymum*
Quendel-Teufelszwirn

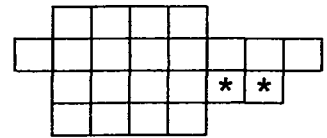

Cuscuta europaea
Nessel-Teufelszwirn

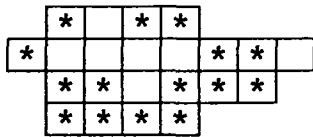

Cyclamen purpurascens
Zyklame

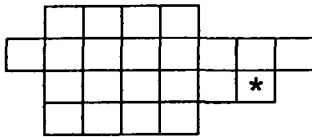

Cymbalaria muralis
Zimbelkraut

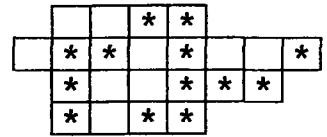

Cynoglossum officinale
Echte Hundszunge

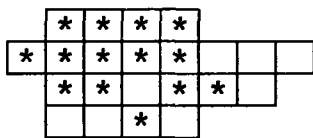

Cynosurus cristatus
Wiesen-Kammgras

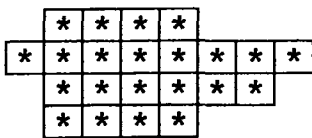

Cyperus fuscus
Braunes Zypergras

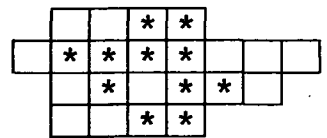

Cypripedium calceolus
Frauschuh

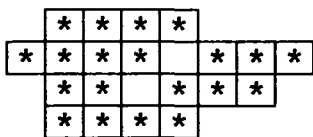

Cystopteris alpina
Alpen-Blasenfarn

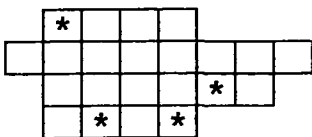

Cystopteris fragilis s.str.
Zerbrechlicher Blasenfarn

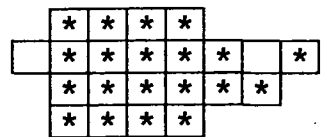

Cystopteris montana
Berg-Blasenfarn

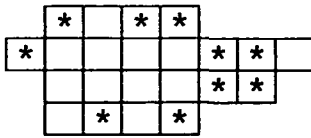

Dactylis glomerata
subsp. *glomerata*
Wiesen-Knäuelgras

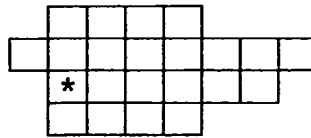

Dactylorhiza incarnata agg.
Agr. Fleischfarbendes Fingerknabenkraut

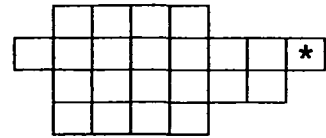

Dactylorhiza maculata
Geflecktes Fingerknabenkraut

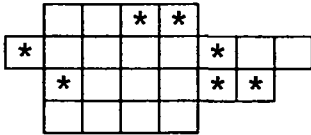

Dactylorhiza majalis s.str.
Breitblatt-Fingerknabenkraut

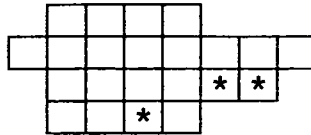

Dactylorhiza sambucina
Holunder-Fingerknabenkraut

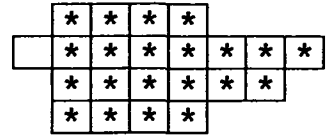

Dactylorhiza traunsteineri
Traunsteiner-Fingerknabenkraut

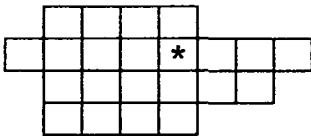

Danthonia decumbens
Dreizahn

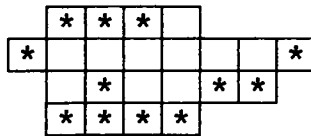

Daphne cneorum
Flaum-Steinröserl

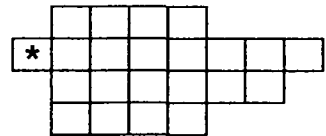

Daphne mezereum
Echter Seidelbast

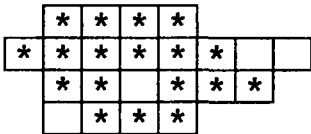

Daphne striata
Kahles Steinröserl

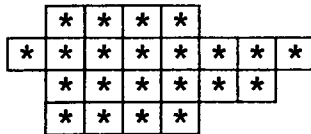

Daucus carota
Möhre

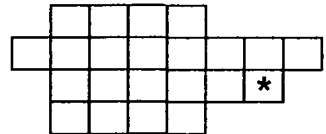

Dentaria bulbifera
Zwiebel-Zahnwurz

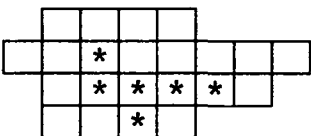

Dentaria enneaphyllos
Neunblatt-Zahnwurz

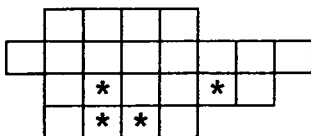

Deschampsia cespitosa s.str.
Gewöhnliche Rasenschmiele

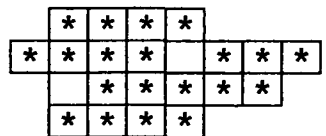

Dianthus carthusianorum s.str.
Eigentliche Karthäuser-Nelke

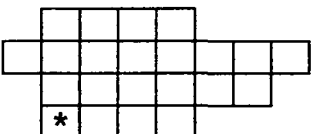

Dianthus monspessulanus
subsp. *waldsteini*
Dolomit-Nelke

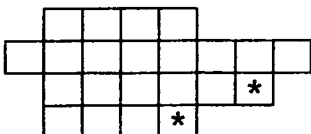

Dianthus plumarius
Feder-Nelke

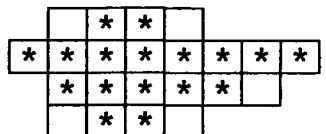

Digitalis grandiflora
Großer Fingerhut

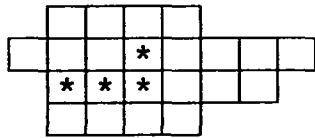

Diplotaxis tenuifolia
Schmalblatt-Doppelptrauke

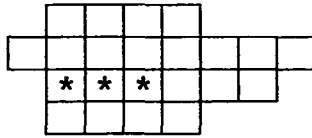

Dipsacus fullonum
Wilde Karde

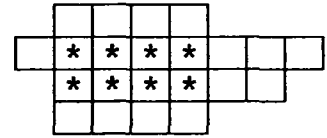

Doronicum austriacum
Österreichische Gemswurz

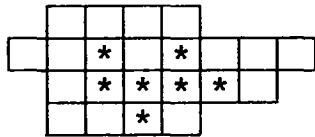

Doronicum clusii agg.
Artengruppe Kahlblatt-Gemswurz

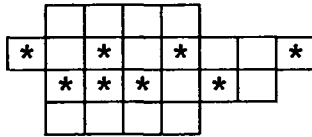

< *Doronicum glaciale*
Gletscher-Gemswurz

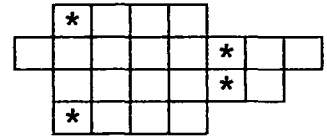

Doronicum grandiflorum
Großkorb-Gemswurz

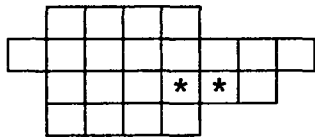

Draba aizoides s.str.
Immergrünes Felsenblümchen

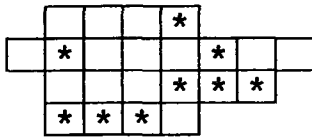

Draba tomentosa
Filz-Felsenblümchen

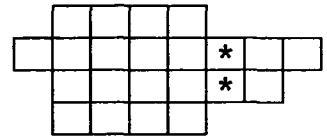

Drosera anglica
Langblatt-Sonnentau

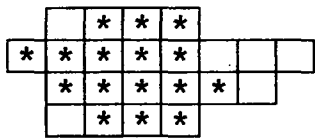

Drosera intermedia
Mittlerer Sonnentau

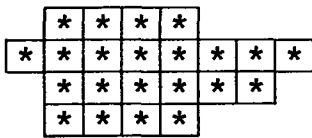

Drosera rotundifolia
Rundblatt-Sonnentau

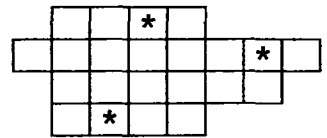

Drosera x obovata
Bastard-Sonnentau

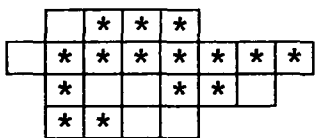

Dryas octopetala
Silberwurz

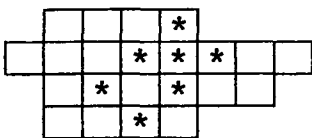

Dryopteris carthusiana agg.
Artengruppe Dornfarn

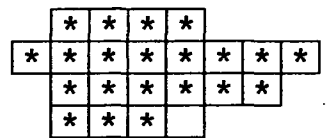

< *Dryopteris carthusiana* s.str.
Dorn-Wurmfarn

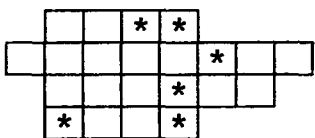

< *Dryopteris dilatata*
Dunkler Dornfarn

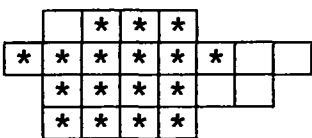

< *Dryopteris expansa*
Gebirgs-Dornfarn

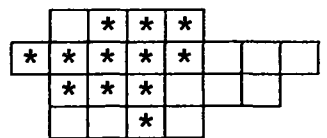

Dryopteris filix-mas agg.
Artengr. Gewöhnlicher Wurmfarn

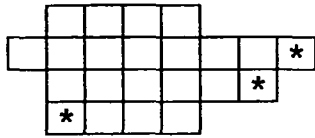

< *Dryopteris affinis*
Falscher Wurmfarn

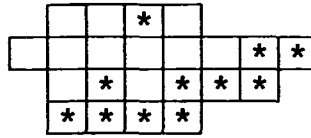

< *Dryopteris filix-mas* s.str.
Echter Wurmfarn

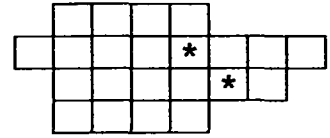

Dryopteris villarii
subsp. *villarii*
Steifer Wurmfarn

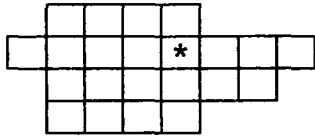

Echinochloa crus-galli
Hühnerhirse

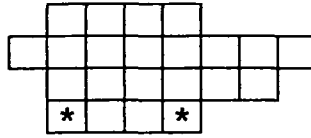

Echium vulgare
Gewöhnlicher Natternkopf

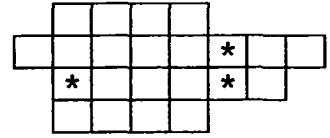

Eleocharis mamillata s.lat.
Eigentliche Zitzen-Sumpfbirse

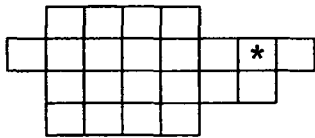

< *Eleocharis austriaca*
Österreichische Sumpfbirse

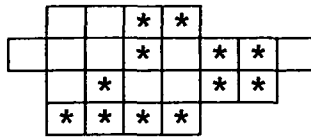

Eleocharis palustris
Große Sumpfbirse

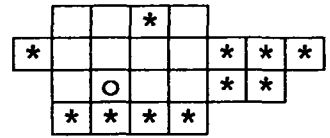

Eleocharis quinqueflora
Armblütige Sumpfbirse

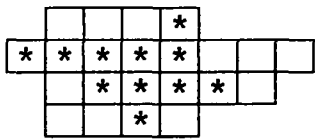

Eleocharis uniglumis
Einspelzen Sumpfbirse

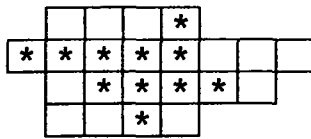

Elymus caninus
Hunds-Quecke

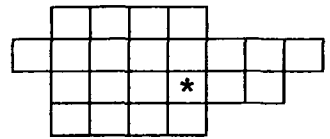

Elymus repens
Acker-Quecke

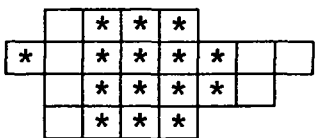

Empetrum nigrum agg.
Artengr. Zweihäusige Krähenbeere

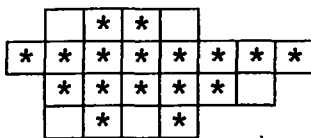

< *Empetrum hermaphroditum*
Zwittrige Krähenbeere

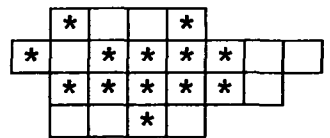

< *Empetrum nigrum* s.str.
Zweihäusige Krähenbeere

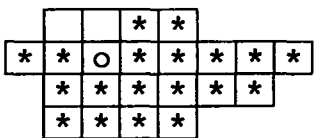

Epilobium alpestre
Quirl-Weidenröschen

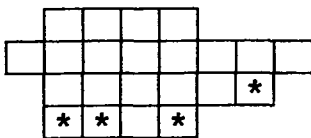

Epilobium alsinifolium
Mieren-Weidenröschen

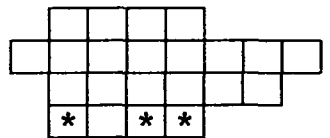

Epilobium anagallidifolium
Gauchheil-Weidenröschen

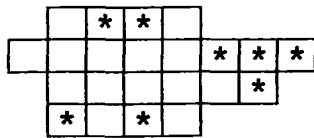

Epilobium angustifolium
Waldschlag-Weidenröschen

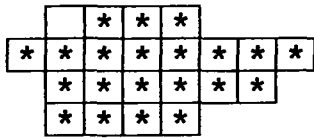

Epilobium ciliatum
Amerikanisches Weidenröschen

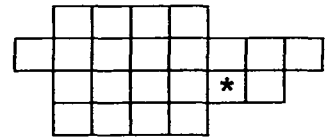

Epilobium collinum
Hügel-Weidenröschen

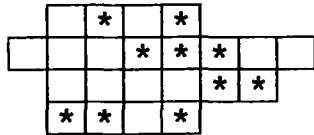

Epilobium hirsutum
Zottiges Weidenröschen

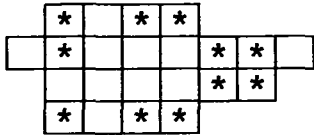

Epilobium montanum
Berg-Weidenröschen

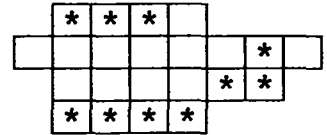

Epilobium obscurum
Dunkles Weidenröschen

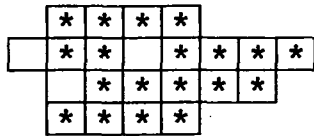

Epilobium palustre
Sumpf-Weidenröschen

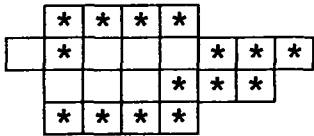

Epilobium parviflorum
Flaum-Weidenröschen

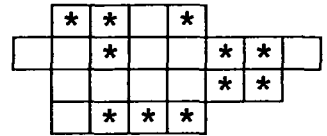

Epilobium roseum
Blasses Weidenröschen

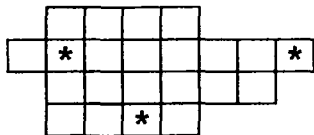

Epipactis atrorubens
Braunrote Stendelwurz

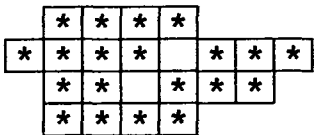

Epipactis helleborine agg.
Artengr. Breitblatt-Stendelwurz

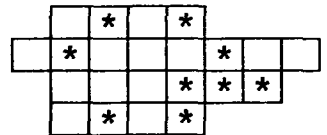

Epipactis palustris
Sumpf-Stendelwurz

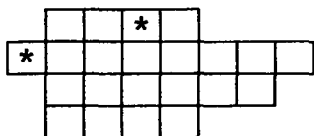

Epipogonum aphyllum
Widerbart

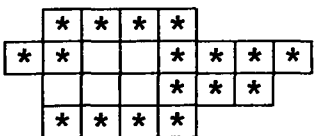

Equisetum arvense
Acker-Schachtelhalm

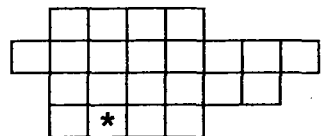

Equisetum fluviatile
Teich-Schachtelhalm

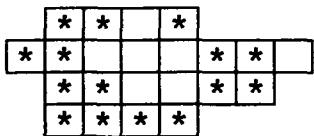

Equisetum hyemale
Winter-Schachtelhalm

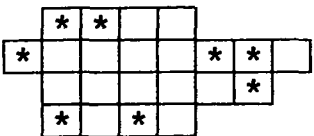

Equisetum palustre
Sumpf-Schachtelhalm

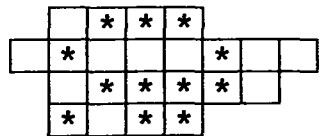

Equisetum pratense
Hain-Schachtelhalm

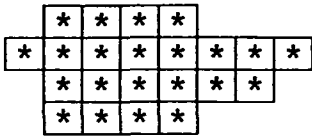

Equisetum sylvaticum
Wald-Schachtelhalm

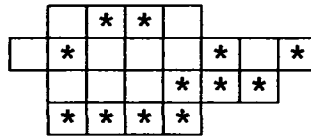

Equisetum telmateia
Riesen-Schachtelhalm

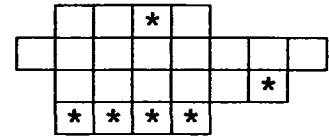

Equisetum variegatum
Bunter Schachtelhalm

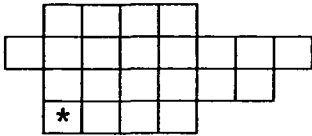

Erica carnea
Schneeheide

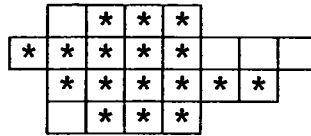

Erigeron acris
Scharfes Berufkraut

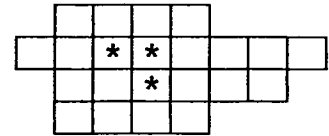

Erigeron annuus
Feinstrahl

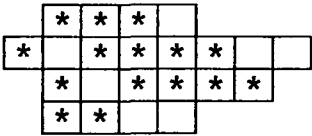

< *Erigeron annuus*
subsp. *septentrionalis*
Nordischer Feinstrahl

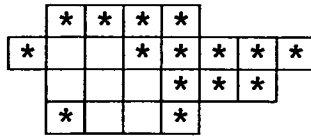

Erigeron glaberratus
Kahles Berufkraut

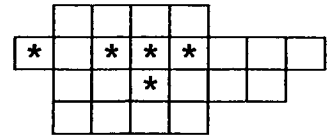

Erigeron uniflorus
Einkopf-Berufkraut

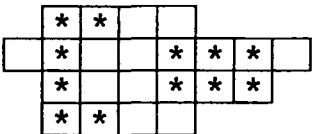

Eriophorum angustifolium
Schmalblatt-Wollgras

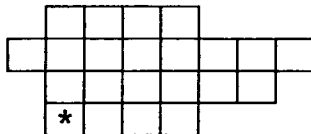

Eriophorum latifolium
Breitblatt-Wollgras

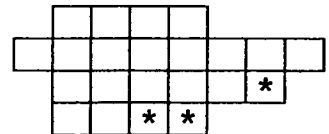

Eriophorum scheuchzeri
Scheuchzer-Wollgras

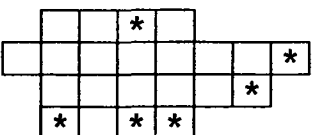

Eriophorum vaginatum
Scheiden-Wollgras

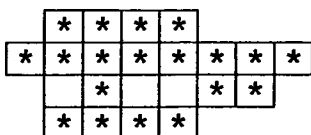

Erodium cicutarium s.str.
Gewöhnlicher Reiherschnabel

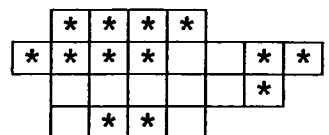

Erucastrum gallicum
Französische Hundsrake

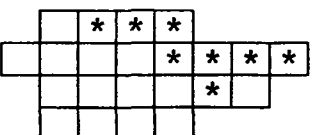

Erysimum cheiranthoides
Ruderal-Goldlack

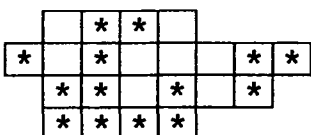

Eupatorium cannabinum
Wasserdost

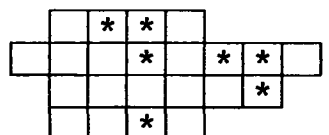

Euphorbia amygdaloides
Mandel-Wolfsmilch

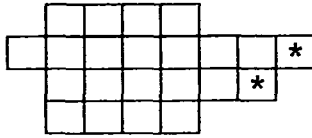

Euphorbia austriaca
Österreichische Wolfsmilch

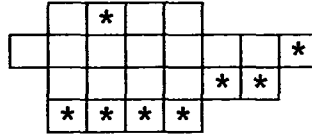

Euphorbia cyparissias
Zypressen-Wolfsmilch

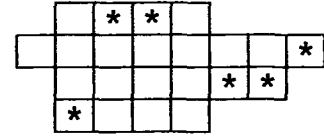

Euphorbia dulcis
Süß-Wolfsmilch

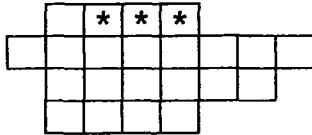

Euphorbia esula s.str.
Esels-Wolfsmilch

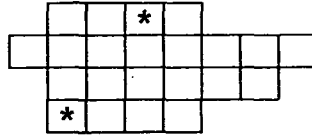

Euphorbia helioscopia
Sonnwend-Wolfsmilch

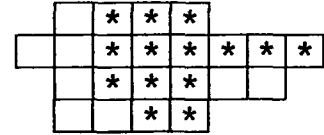

Euphorbia peplus s.str.
Garten-Wolfsmilch

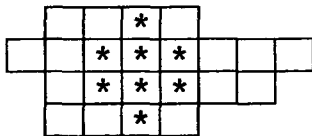

Euphorbia platyphyllos
Breitblatt-Wolfsmilch

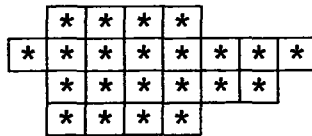

Euphorbia stricta
Steife Wolfsmilch

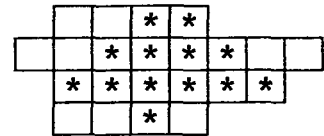

Euphrasia minima agg.
Artengruppe Zwerg-Augentrost

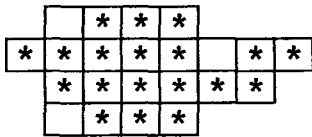

< *Euphrasia minima* s.str.
Zwerg-Augentrost

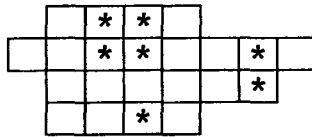

Euphrasia officinalis
subsp. *rostkoviana*
Wiesen-Augentrost

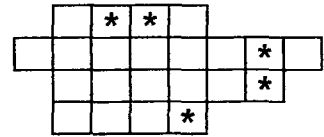

Euphrasia picta
Scheckiger Augentrost

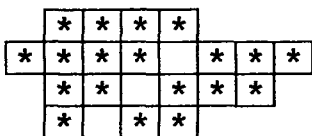

Euphrasia salisburgensis s.str.
Salzburger Augentrost

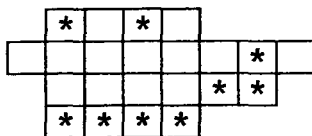

Evonymus europaea
Gewöhnlicher Spindelstrauch

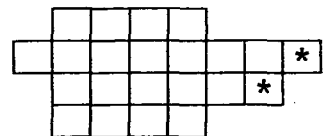

Evonymus latifolia
Voralpen-Spindelstrauch

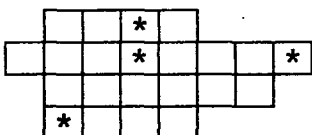

Fagus sylvatica
Rotbuche

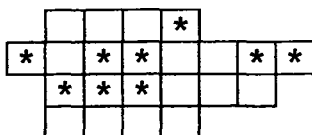

Fallopia convolvulus
Kleiner Windenknöterich

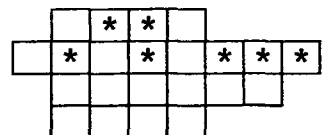

Fallopia dumetorum
Großer Windenknöterich

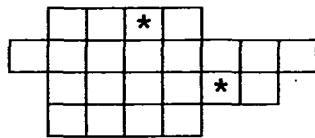

Fallopia japonica
Japanischer Staudenknöterich

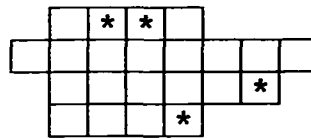

Festuca alpina
Alpen-Schwengel

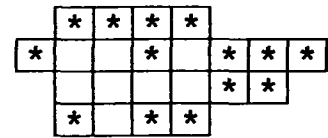

Festuca altissima
Wald-Schwengel

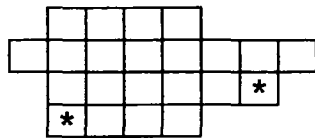

Festuca amethystina
subsp. *amethystina*
Amethyst-Schwingel

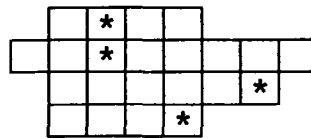

Festuca arundinacea
Rohr-Schwingel

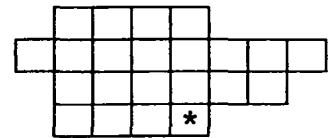

Festuca gigantea
Riesen-Schwingel

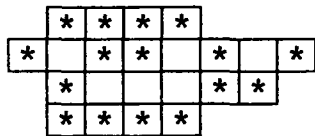

Festuca heterophylla
Verschiedenblättriger Schwingel

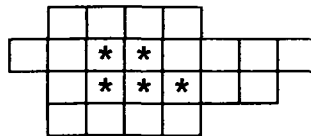

Festuca "ovina agg."
Artengruppe Schaf-Schwingel

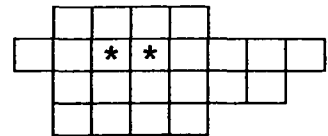

< *Festuca rupicola*
Furchen-Schwingel

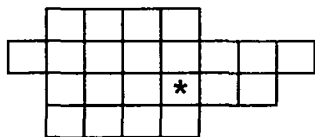

Festuca pratensis
Wiesen-Schwingel

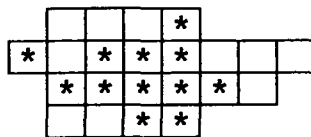

Festuca pulchella
Schön-Schwingel

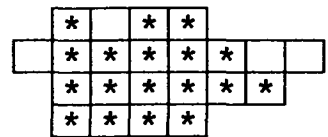

< *Festuca pulchella*
subsp. *jurana*
Faltblättriger Schön-Schwingel

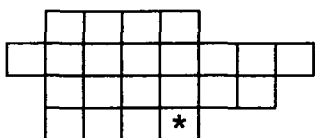

< *Festuca pulchella*
subsp. *pulchella*
Gewöhnlicher Schön-Schwingel

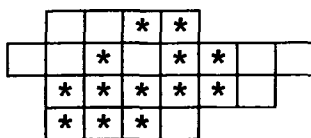

Festuca pumila
Niedriger Schwingel

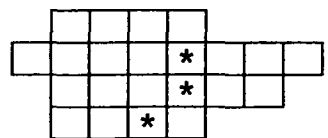

Festuca rubra agg.
Artengruppe Rot-Schwingel

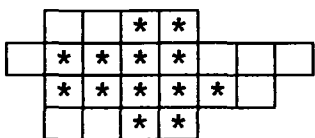

< *Festuca diffusa*
Vielblütiger Schwingel

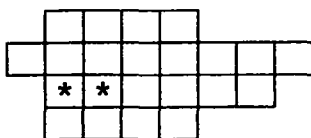

< *Festuca nigrescens*
Horst-Rot-Schwingel

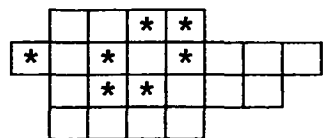

< *Festuca rubra s.str.*
Gewöhnlicher Rot-Schwingel

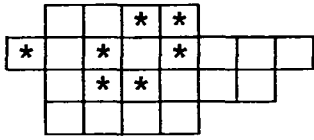

Festuca rupicaprina
Gemsen-Schwingel

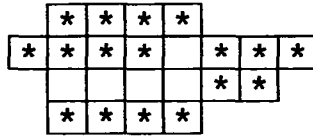

Festuca stenantha
Schmalrispiger Felsen-Schwingel

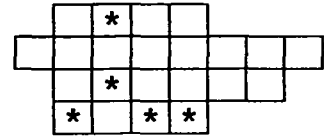

Festuca violacea agg.
Artengruppe Violett-Schwingel

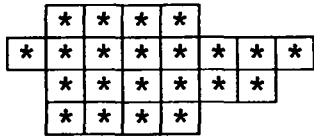

< *Festuca norica*
Norischer Schwingel

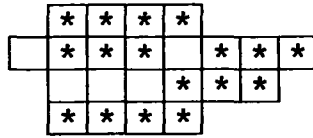

Filipendula ulmaria
Echtes Mädesüß

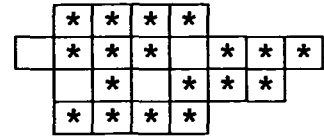

Fragaria moschata
Zimt-Erdbeere

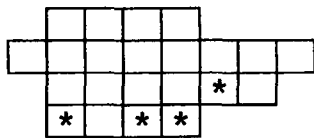

Fragaria vesca
Wald-Erdbeere

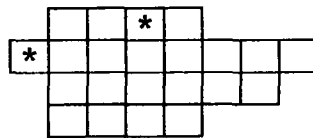

Frangula alnus
Faulbaum

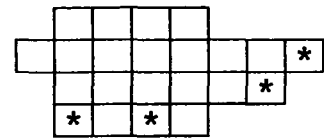

Fraxinus excelsior
Gewöhnliche Esche

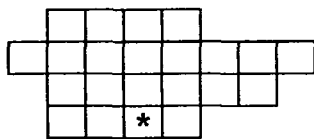

Fumaria officinalis
Echter Erdrach

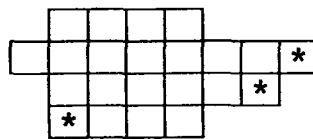

Gagea lutea
Wald-Gelbstern

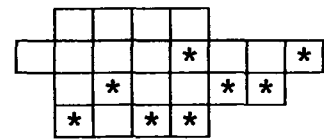

Galeopsis ladanum agg.
Artengruppe Breitblatt-Hohlzahn

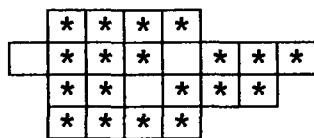

Galeopsis ladanum s.str.
Breitblatt-Hohlzahn

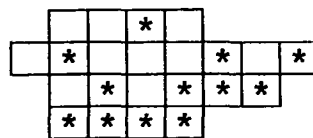

< *Galeopsis angustifolia*
Schmalblatt-Hohlzahn

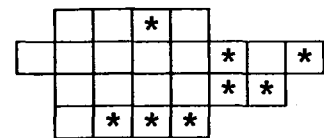

Galeopsis pubescens
Flaum-Hohlzahn

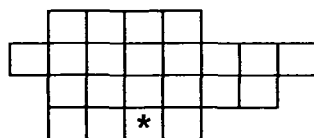

Galeopsis speciosa
Bunt-Hohlzahn

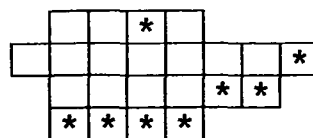

Galeopsis tetrahit agg.
Artengruppe Dorn-Hohlzahn

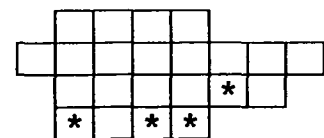

< *Galeopsis bifida*
Zweizipfeliges Hohlzahn

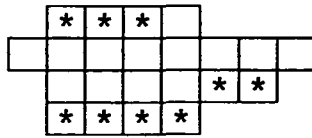

< *Galeopsis tetrahit* s.str.
Dorn-Hohlzahn

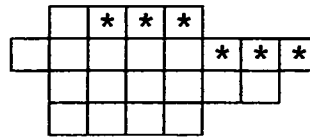

Galinsoga ciliata
Behaartes Knopfkraut

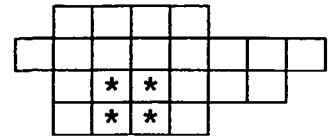

Galinsoga parviflora
Kleinblütiges Knopfkraut

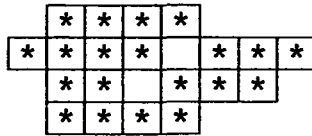

Galium aparine s.str.
Kletten-Labkraut

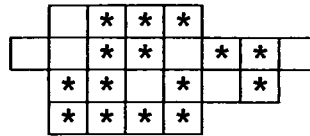

Galium boreale
Nordisches Labkraut

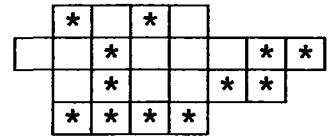

Galium megalospermum
Schweizer Labkraut

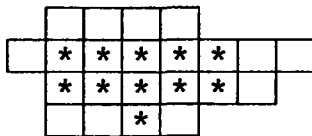

Galium mollugo agg.
Artengruppe Wiesen-Labkraut

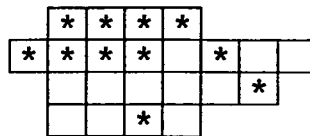

< *Galium album* s.str.
Großes Wiesen-Labkraut

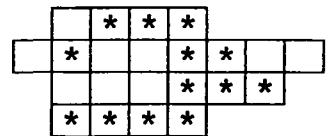

< *Galium mollugo* s.str.
Kleines Wiesen-Labkraut

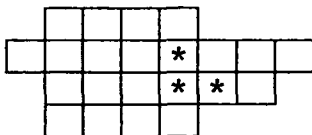

Galium noricum
Norisches Labkraut

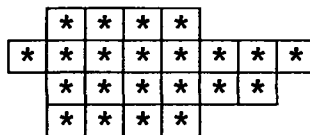

Galium odoratum
Waldmeister

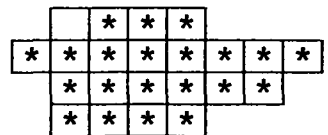

Galium palustre agg.
Artengruppe Sumpf-Labkraut

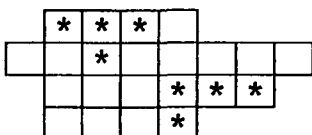

< *Galium palustre* s.str.
Sumpf-Labkraut

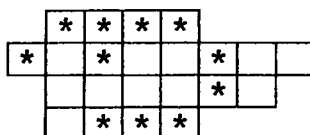

Galium pusillum agg.
Artengruppe Kleines Labkraut

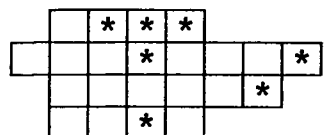

< *Galium anisophyllum*
Ungleichblättriges Labkraut

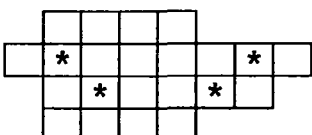

< *Galium pumilum*
Heide-Labkraut

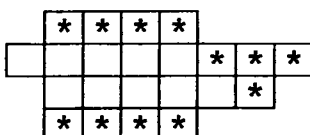

Galium rotundifolium
Rundblatt-Labkraut

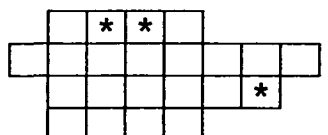

Galium sylvaticum
Wald-Labkraut

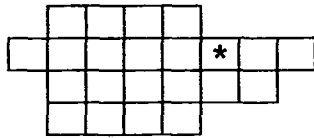

Galium truniacum
Traunsee-Labkraut

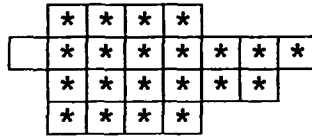

Galium uliginosum
Moor-Labkraut

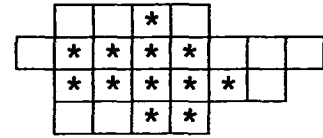

Galium verum s.str.
Gelb-Labkraut

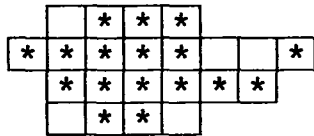

Gentista tinctoria
Färber-Ginster

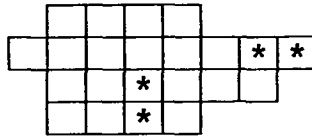

Gentiana asclepiadea
Schwalbenwurz-Enzian

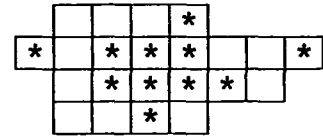

Gentiana bavarica s.str.
Bayerischer Enzian

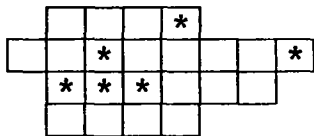

Gentiana clusii
Kalk-Glocken-Enzian

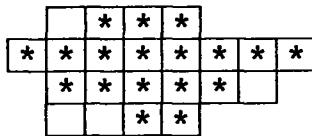

Gentiana cruciata
Kreuz-Enzian

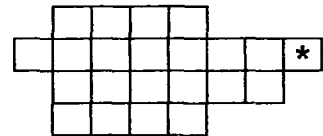

Gentiana nivalis
Schnee-Enzian

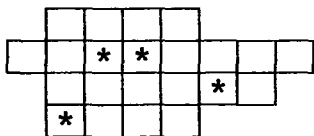

Gentiana orbicularis
Rundblatt-Enzian

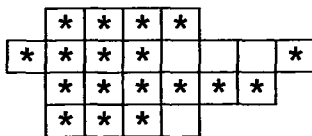

Gentiana pannonica
Ostalpen-Enzian

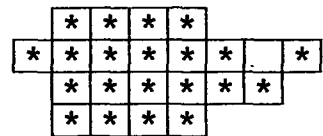

Gentiana pneumonanthe
Lungen-Enzian

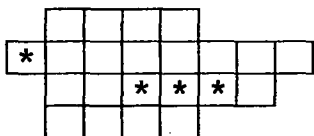

Gentiana punctata
Tüpfel-Enzian

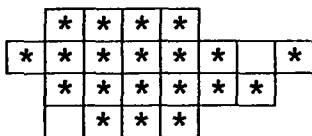

Gentiana verna s.str.
Frühlings-Enzian

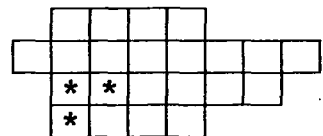

Gentianella germanica agg.
Artengr. Deutscher Kranzenzian

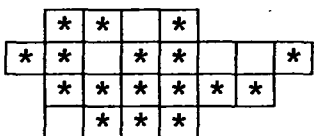

< *Gentianella anisodonta*
Kelch-Kranzenzian

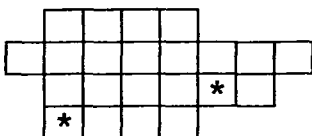

< *Gentianella aspera*
Rauher Kranzenzian

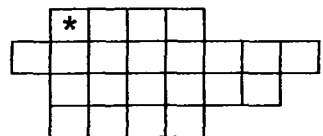

< *Gentianella germanica* s.str.
Deutscher Kranzenzian

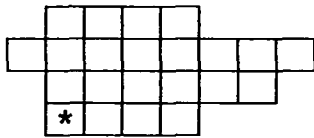

Gentianopsis ciliata
Fransenzian

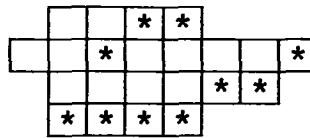

Geranium columbinum
Tauben-Storchschnabel

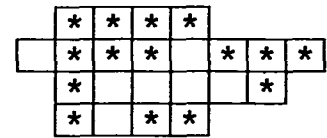

Geranium dissectum
Schlitzblatt-Storchschnabel

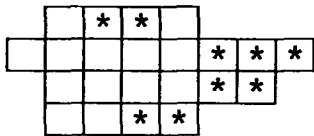

Geranium molle s.str.
Weich-Storchschnabel

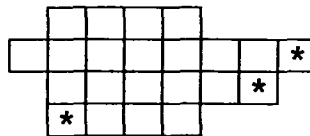

Geranium palustre
Sumpf-Storchschnabel

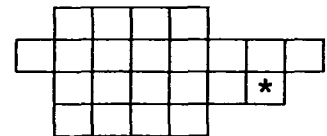

Geranium phaeum
Brauner Storchschnabel

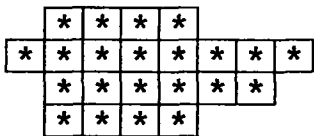

Geranium pratense
Wiesen-Storchschnabel

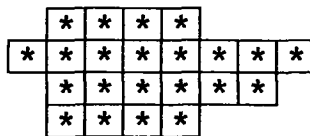

Geranium pusillum
Kleiner Storchschnabel

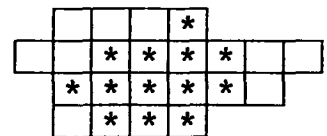

Geranium pyrenaicum
Pyrenäen-Storchschnabel

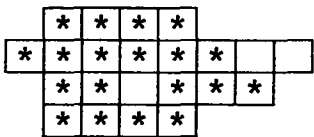

Geranium robertianum s.str.
Stink-Storchschnabel

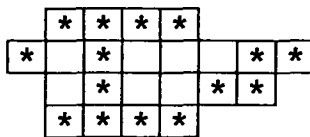

Geranium sylvaticum
Wald-Storchschnabel

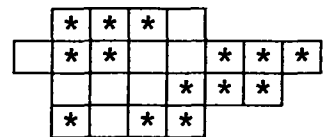

Geum montanum
Berg-Nelkenwurz

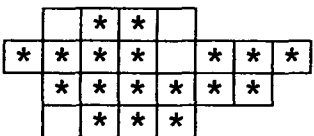

Geum rivale
Bach-Nelkenwurz

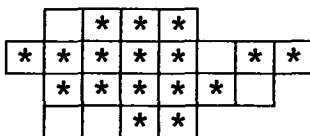

Geum urbanum
Echte Nelkenwurz

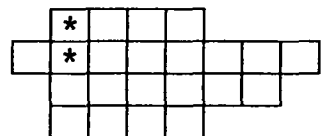

Glechoma hederacea s.str.
Echte Gundelrebe

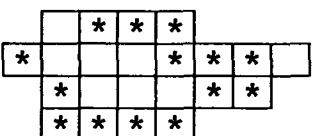

Globularia cordifolia s.str.
Herzblatt-Kugelblume

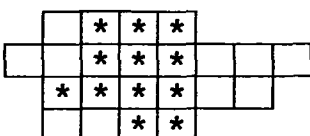

Globularia nudicaulis
Nacktstengel-Kugelblume

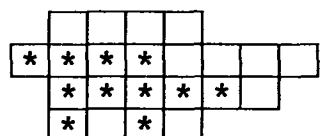

Glyceria fluitans s.str.
Flut-Schwaden

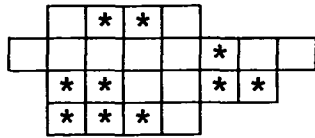

Glyceria notata
Falt-Schwaden

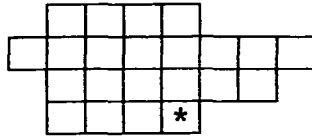

Gnaphalium hoppeanum
Alpen-Ruhrkraut

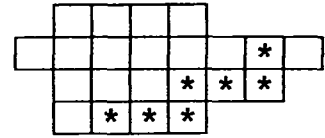

Gnaphalium supinum
Zwerg-Ruhrkraut

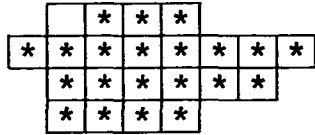

Gnaphalium sylvaticum
Wald-Ruhrkraut

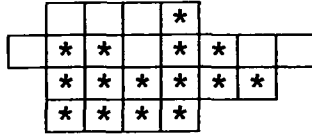

Gnaphalium uliginosum
Sumpf-Ruhrkraut

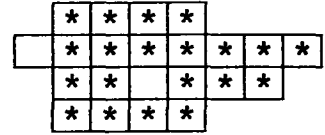

Goodyera repens
Netzblatt

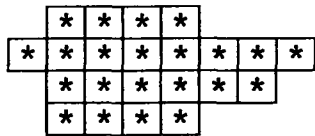

Gymnadenia conopsea
Mücken-Händelwurz

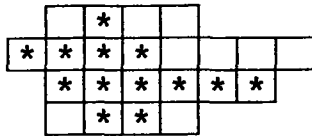

Gymnadenia odoratissima
Duft-Händelwurz

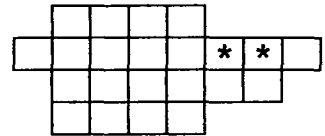

Gymnocarpium dryopteris
Eigentlicher Eichenfarn

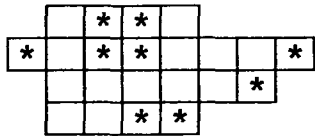

Gymnocarpium robertianum
Ruprechts-Eichenfarn

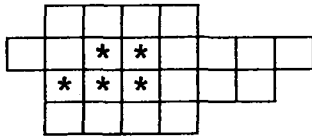

Gypsophila repens
Kriechendes Gipskraut

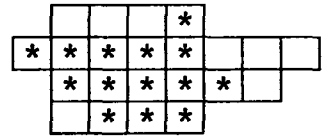

Hammarbya paludosa
Weichstendel

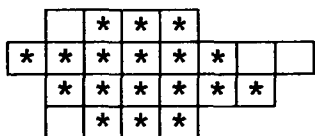

Hedera helix
Efeu

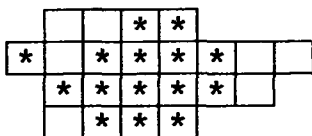

Hedysarum hedysaroides
subsp. *hedysaroides*
Süßklee

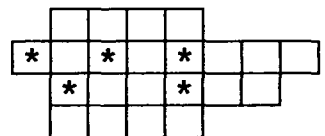

Helianthemum alpestre s.str.
Alpen-Sonnenröschen

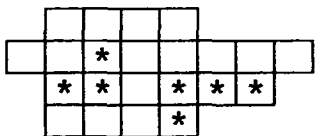

Helianthemum nummularium agg.
Artengr. Gewöhnliches Sonnenröschen

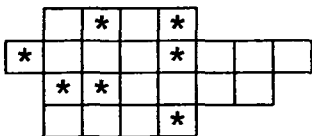

< *Helianthemum grandiflorum* s.lat.
Großblüten-Sonnenröschen

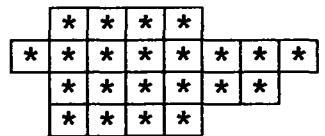

< *Helianthemum glabrum*
Kahles Sonnenröschen

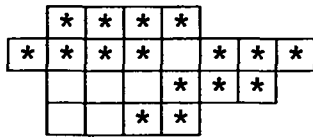

< *Helianthemum ovatum*
Trübgrünes Sonnenröschen

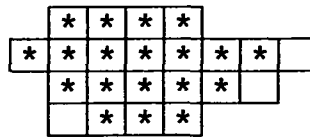

Helictotrichon parlatorei
Parlatore-Staudenhafer

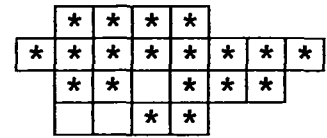

Helleborus niger
Schneerose

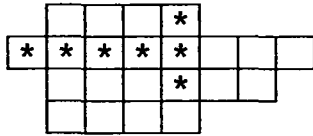

Hepatica nobilis
Leberblümchen

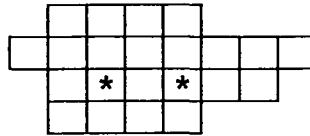

Heracleum austriacum
subsp. *austriacum*
Weiße Österreichische Bärenklau

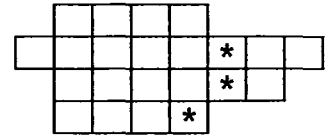

Heracleum sphondylium
Gewöhnliche Bärenklau

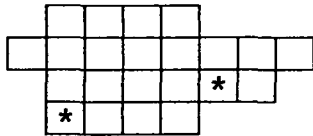

< *Heracleum sphondylium*
subsp. *elegans*
Berg-Bärenklau

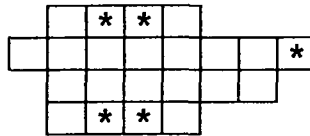

< *Heracleum sphondylium*
subsp. *sphondylium*
Weißblühende Gewöhnliche Bärenklau

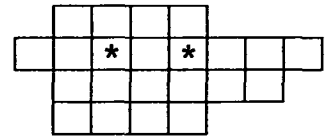

Herminium monorchis
Einknolle

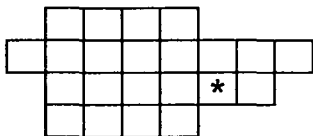

Herniaria glabra
Kahles Bruchkraut

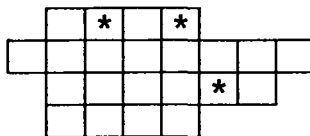

Hesperis matronalis
Garten-Nachtviole

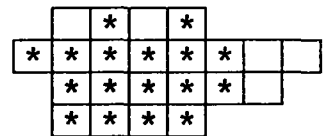

Hieracium alpinum
Alpen-Habichtskraut

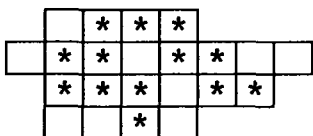

Hieracium amplexicaule
Herzblatt-Habichtskraut

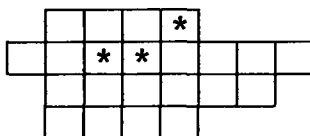

Hieracium aurantiacum
Orange-Habichtskraut

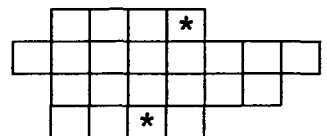

Hieracium bifidum
Gabel-Habichtskraut

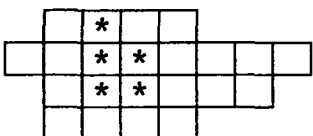

Hieracium bupleuroides
Hasenohr-Habichtskraut

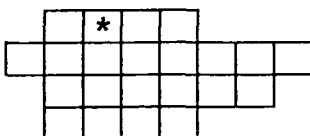

Hieracium dentatum

Hieracium glabratum

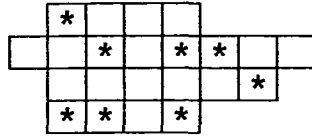

Hieracium glaucinum

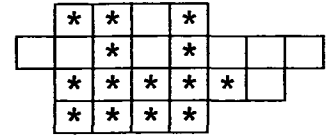

Hieracium glaucum
Blaugrünes Habichtskraut

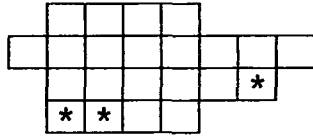

Hieracium humile
Niedriges Habichtskraut

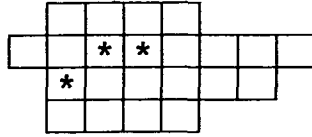

Hieracium lachenalii
Gewöhnliches Habichtskraut

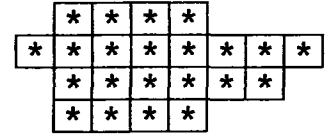

Hieracium lactucella
Öhrchen-Habichtskraut

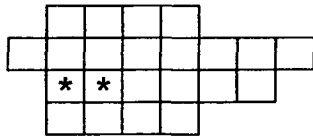

Hieracium laevigatum
Glatt-Habichtskraut

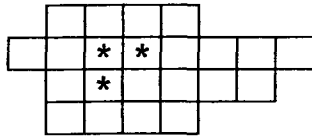

Hieracium macilentum

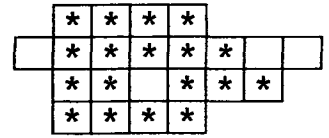

Hieracium murorum
Wald-Habichtskraut

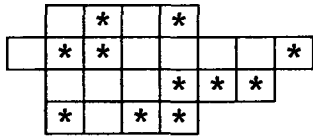

Hieracium oxyodon

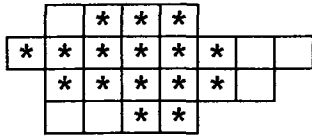

Hieracium pallescens

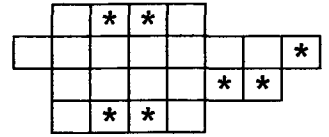

Hieracium pilosella
Kleines Habichtskraut

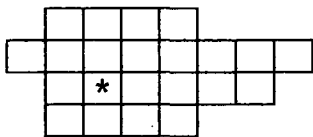

Hieracium piloselloides
Florentiner Habichtskraut

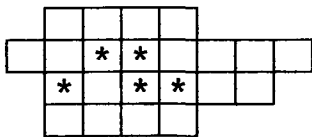

Hieracium pilosum
Weißseidiges Habichtskraut

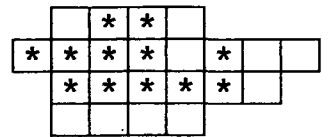

Hieracium sabaudum
Savoyen-Habichtskraut

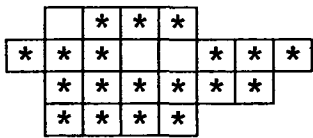

Hieracium scorzonerifolium

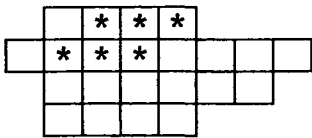

Hieracium valdepilosum

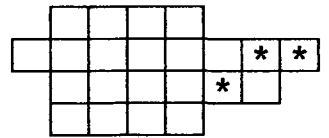

Hieracium villosum
Zottiges Habichtskraut

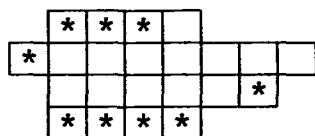

Hippocrepis comosa
Hufeisenklee

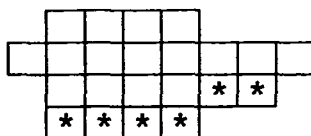

Hippocrepis emerus
Strauchkronwicke

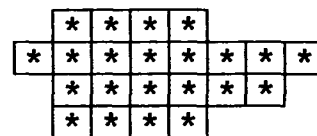

Hippuris vulgaris
Tannenwedel

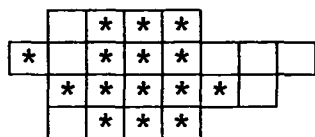

Holcus lanatus
Wolliges Honiggras

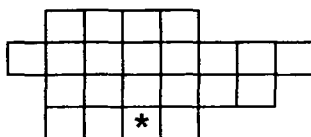

Holcus mollis
Weiches Honiggras

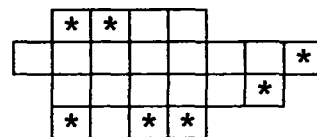

Homogyne alpina
Alpen-Brandlattich

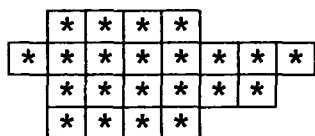

Homogyne discolor
Filz-Brandlattich

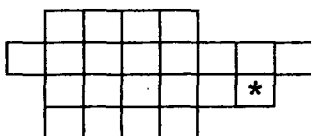

Hordelymus europaeus
Waldgerste

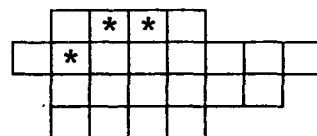

Humulus lupulus
Hopfen

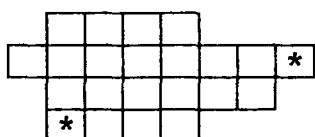

Huperzia selago
Teufelsklaue

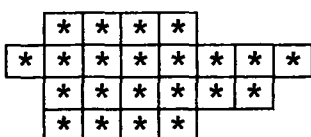

Hyoscyamus niger
Bilsenkraut

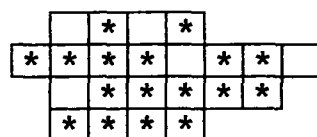

Hypericum hirsutum
Flaum-Johanniskraut

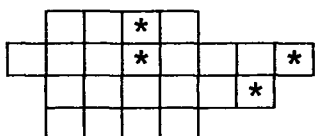

Hypericum humifusum
Liegendes Johanniskraut

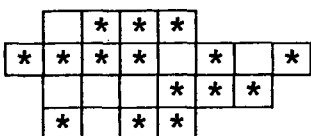

Hypericum maculatum agg.
Artengruppe Flecken-Johanniskraut

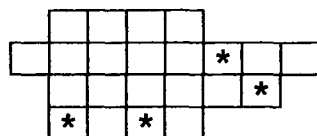

< *Hypericum maculatum* s.str.
Flecken-Johanniskraut

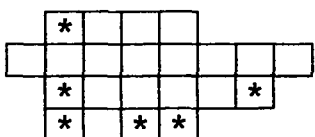

Hypericum montanum
Berg-Johanniskraut

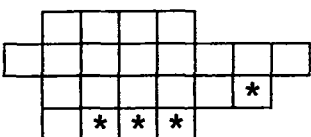

Hypericum perforatum
Echtes Johanniskraut

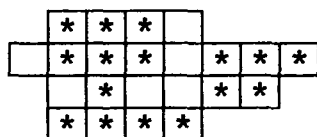

Hypericum tetrapterum
Flügel-Johanniskraut

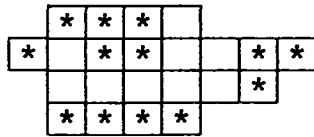

Hypochaeris radicata
Gewöhnliches Ferkelkraut

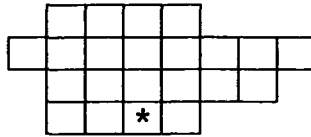

Impatiens glandulifera
Drüsen-Springkraut

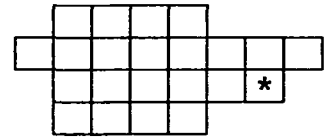

Impatiens noli-tangere
Großes Springkraut

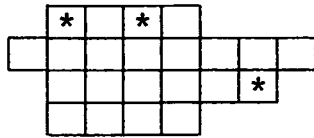

Impatiens parviflora
Kleines Springkraut

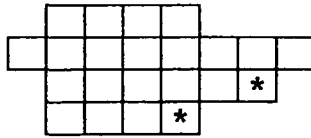

Inula britannica
Wiesen-Alant

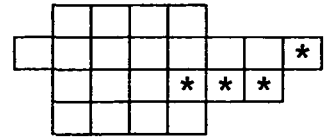

Inula conyza
Dürrwurz

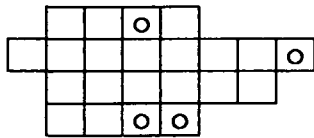

Iris pseudacorus
Wasser-Schwertlilie

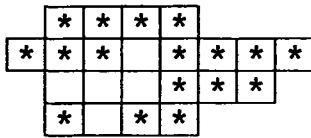

Iris sibirica
Sibirische Schwertlilie

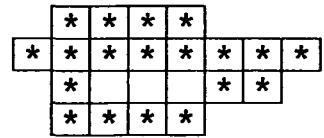

Jovibarba hirta
subsp. *hirta*
Kurzhaar-Donarsbart

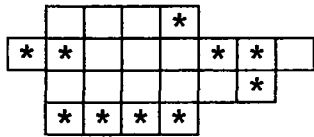

Juglans regia
Schwarz-Walnuß

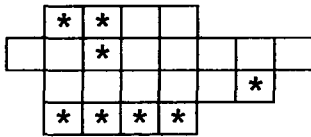

Juncus alpinoarticulatus
Gebirgs-Simse

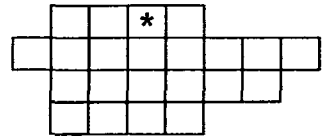

Juncus articulatus
Glieder-Simse

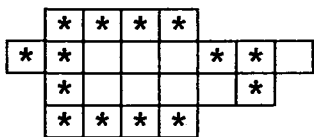

Juncus bufonius agg.
Kröten-Simse

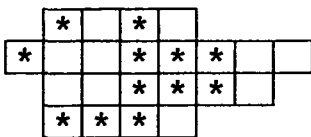

Juncus compressus s.str.
Platthalm-Simse

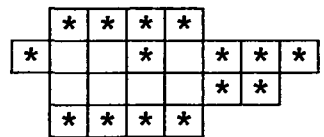

Juncus conglomeratus
Knäuel-Simse

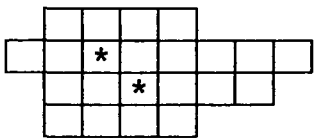

Juncus effusus
Flatter-Simse

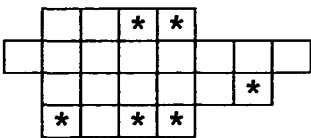

Juncus filiformis
Faden-Simse

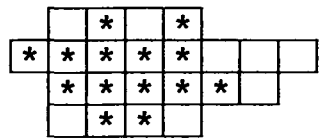

Juncus inflexus
Grau-Simse

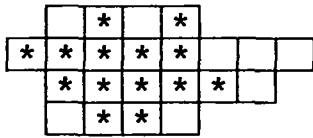

Juncus jacquinii
Gemsen-Simse

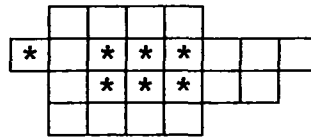

Juncus tenuis
Zart-Simse

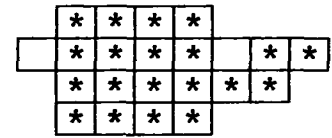

Juncus trifidus agg.
Artengruppe Dreiblatt-Simse

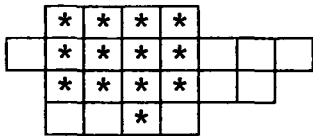

< *Juncus monanthos*
Einblüten-Simse

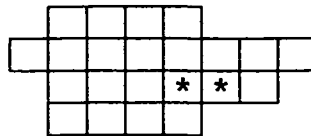

Juncus triglumis
Dreiblüten-Simse

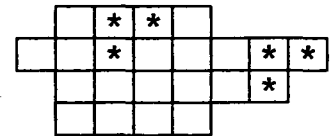

Juniperus communis
Echter Wacholder

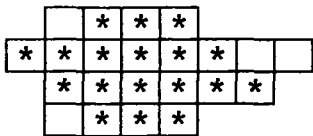

< *Juniperus communis*
subsp. *alpina*
Zwerg-Wacholder

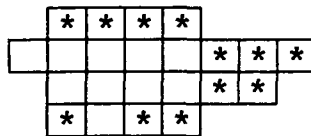

< *Juniperus communis*
subsp. *communis*
Gewöhnlicher Echter Wacholder

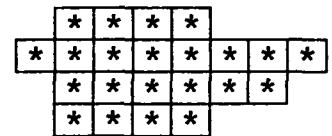

Juniperus sabina
Sebenstrauch

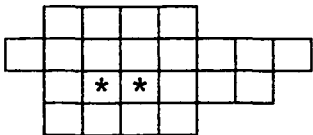

Kerneria saxatilis
Kugelschötchen

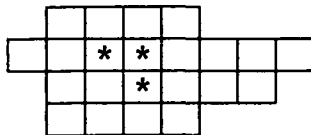

Knautia arvensis s.str.
Wiesen-Witwenblume

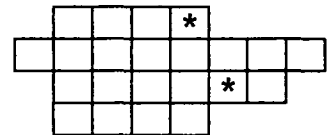

Knautia maxima
Wald-Witwenblume

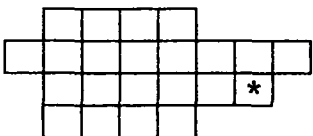

Kobresia myosuroides
Nacktried

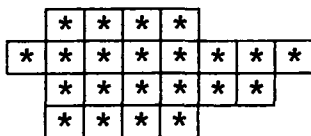

Kobresia simpliciuscula
Schuppenried

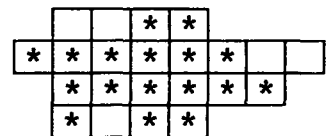

Koeleria pyramidata agg.
Wiesen-Kammschmiele

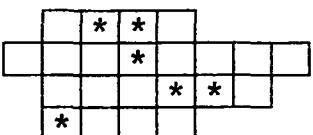

Lactuca serriola
Zaun-Lattich

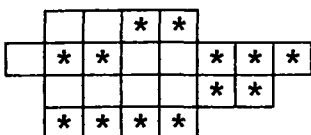

Lamiastrum galeobdolon agg.
Artengruppe Goldnessel

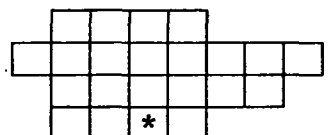

< *Lamiastrum flavidum*
Hellgelbe Goldnessel

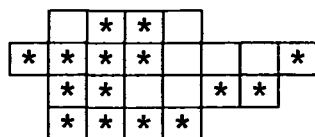

< *Lamiastrum montanum*
Berg-Goldnessel

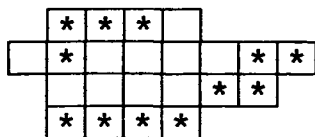

Lamium album
Weiß-Taubnessel

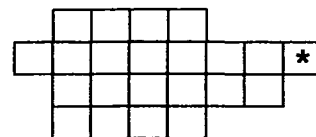

Lamium amplexicaule
Acker-Taubnessel

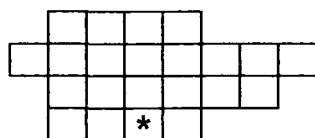

Lamium maculatum
Flecken-Taubnessel

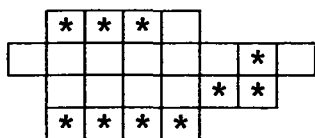

Lamium purpureum
Kleine Taubnessel

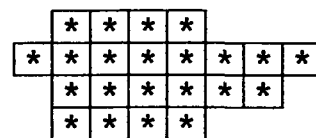

Lappula deflexa
Zurückgebogener Igelsame

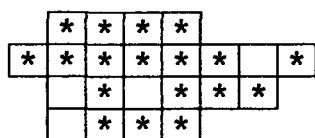

Lappula squarrosa
Gewöhnlicher Igelsame

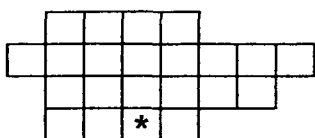

Lapsana communis
Reinkohl

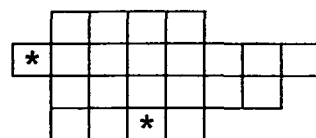

Larix decidua
Europäische Lärche

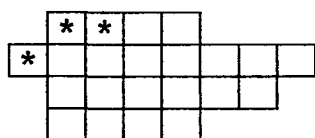

Laserpitium latifolium
Breitblatt-Laserkraut

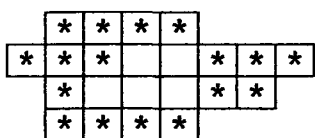

Laserpitium siler
Berg-Laserkraut

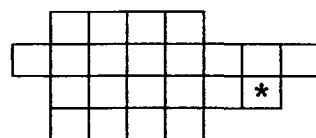

Lathraea squamaria
Schuppenwurz

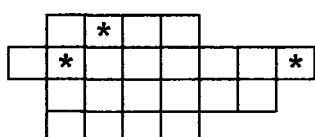

Lathyrus laevigatus
Gelb-Platterbse

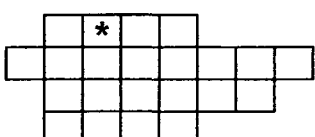

Lathyrus pratensis
Wiesen-Platterbse

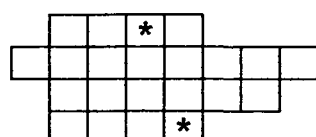

Lathyrus sylvestris
Wild-Platterbse

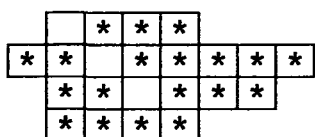

Lathyrus vernus
Frühlings-Platterbse

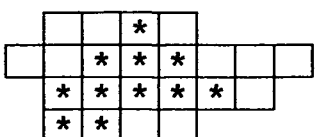

Leersia oryzoides
Reisquecke

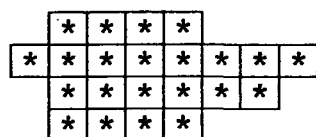

Lemna minor
Kleine Wasserlinse

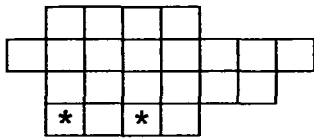

Leontodon autumnalis
Herbst-Leuenzahn

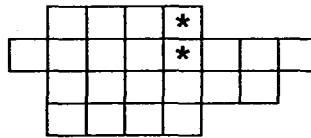

Leontodon helveticus
Schweizer Leuenzahn

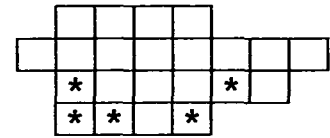

Leontodon hispidus
Wiesen-Leuenzahn

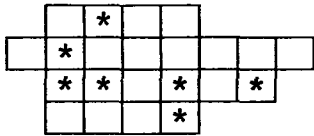

< *Leontodon hispidus*
subsp. *glabratus*
Kahler Gewöhnlicher Leuzenzahn

Alpen-Hainsimse

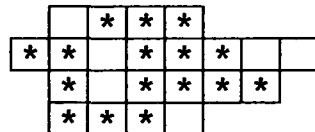

< *Luzula multiflora* s.str.
Vielblütige Hainsimse

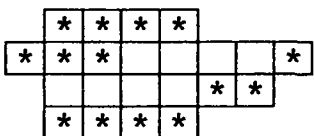

< *Luzula sudetica*
Sudeten-Hainsimse

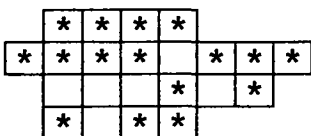

Luzula glabrata
Kahl-Hainsimse

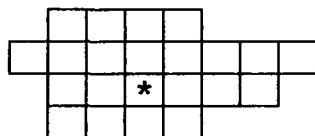

Luzula luzulina
Gelbliche Hainsimse

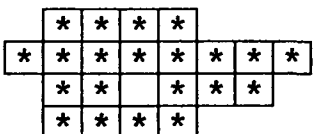

Luzula luzuloides
Weißliche Hainsimse

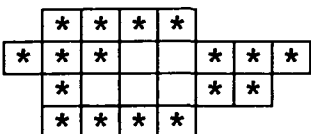

Luzula pilosa
Wimper-Hainsimse

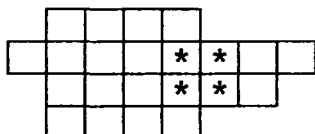

Luzula spicata
Ähren-Hainsimse

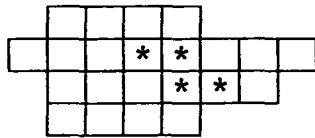

Luzula sylvatica
Groß-Hainsimse

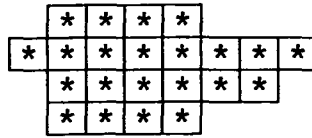

Lychnis flos-cuculi
Kuckuckslichtnelke

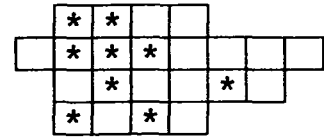

Lycopodiella inundata
Moorbärlapp

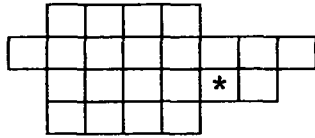

Lycopodium alpinum
Alpen-Bärlapp

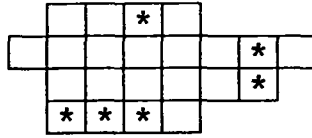

Lycopodium annotinum
Schlangen-Bärlapp

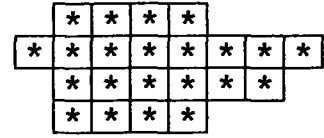

Lycopodium clavatum
Keulen-Bärlapp

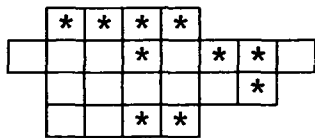

Lycopodium isleri
Voralpen-Bärlapp

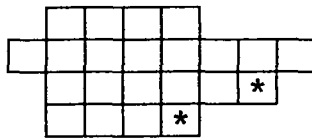

Lycopodium europaeus
Gewöhnlicher Wolfsfuß

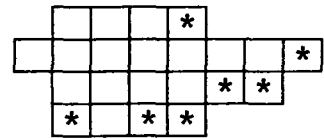

Lysimachia nemorum
Wald-Gilbweiderich

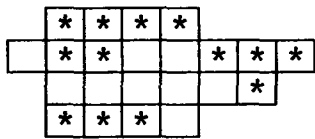

Lysimachia nummularia
Pfennigkraut

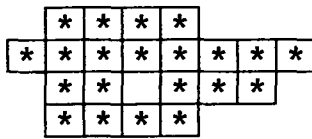

Lysimachia punctata
Trauben-Gilbweiderich

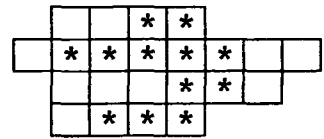

Lysimachia vulgaris
Rispen-Gilbweiderich

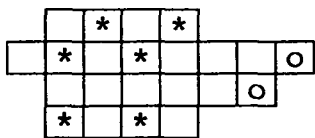

Lythrum salicaria
Gewöhnlicher Blutweiderich

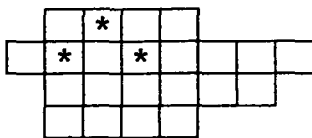

Maianthemum bifolium
Schattenblümchen

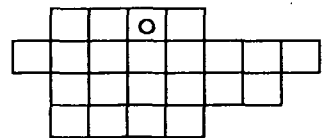

Malaxis monophyllos
Einblatt

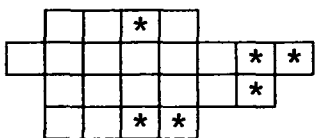

Malus sylvestris agg.
Artengruppe Holz-Apfel

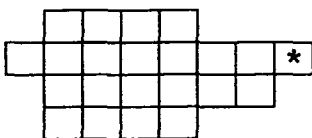

< *Malus sylvestris* s.str.
Holz-Apfel

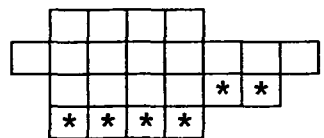

Malva moschata
Moschus-Malve

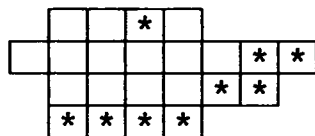

Malva neglecta
Weg-Malve

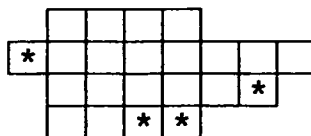

Malva sylvestris
Wild-Malve

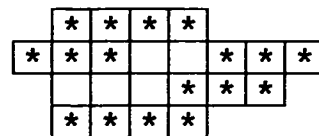

Matricaria chamomilla
Echte Kamille

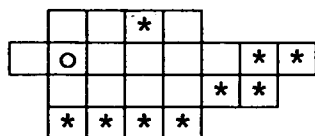

Matricaria matricarioides
Strahlenlose Kamille

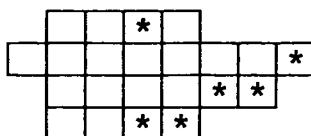

Matteuccia struthiopteris
Straußenfarn

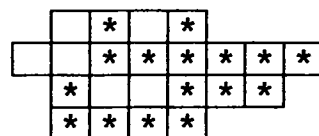

Medicago lupulina
Hopfenklee

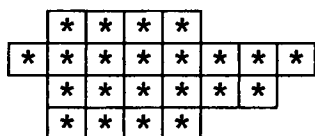

Medicago sativa agg.
Artengr. Gewöhnliche Luzerne

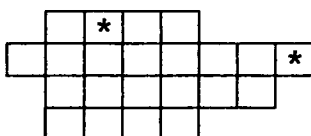

< *Medicago falcata*
Sichel-Schneckenklee

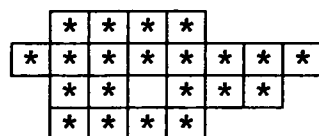

Melampyrum pratense
Gewöhnlicher Wachtelweizen

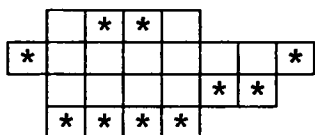

Melampyrum sylvaticum s.str.
Berg-Wachtelweizen

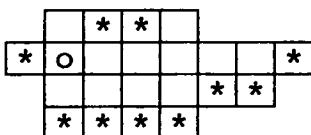

Melica ciliata agg.
Wimper-Perlgras

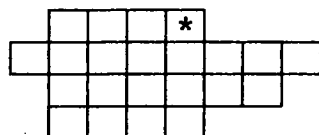

Melica nutans s.str.
Nickendes Perlgras

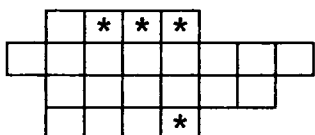

Melilotus albus
Weißer Steinklee

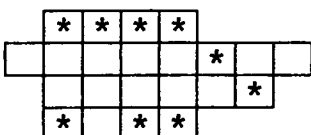

Melilotus officinalis
Echter Steinklee

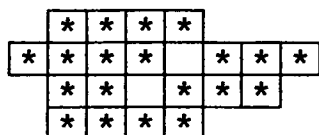

Melittis melissophyllum
Immenblatt

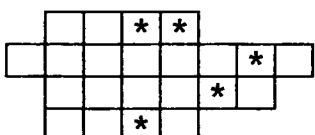

Mentha aquatica
Wasser-Minze

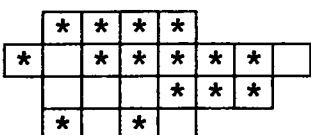

Mentha arvensis
Acker-Minze

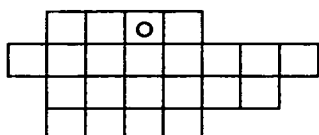

Mentha longifolia
Roß-Minze

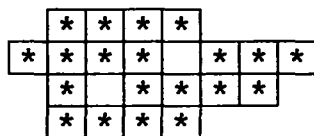

Mentha x verticillata
Quirl-Minze

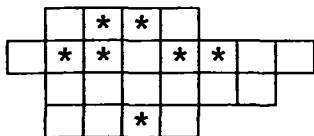

Menyanthes trifoliata
Fieberklee

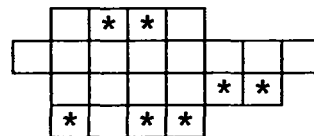

Mercurialis annua
Einjahrs-Bingelkraut

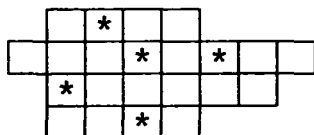

Mercurialis perennis s.str.
Wald-Bingelkraut

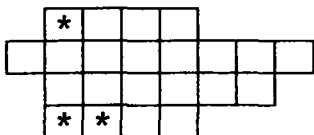

Meum athamanticum
Bärwurz

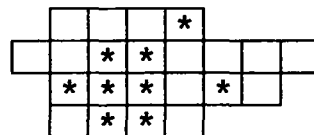

Microrrhinum minus
Gewöhnlicher Klaffmund

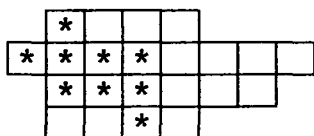

Milium effusum
Waldirse

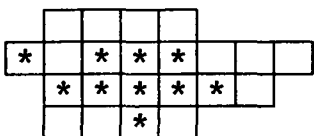

Mimulus guttatus
Gelbe Gauklerblume

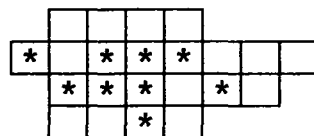

Minuartia austriaca
Österreichische Miere

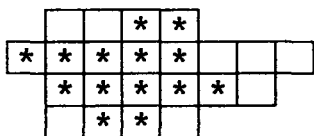

Minuartia cherlerioides
Mannschild-Miere

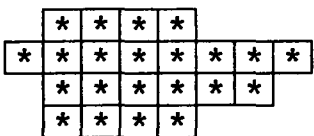

Minuartia gerardii
Gerard-Miere

Zwerg-Miere

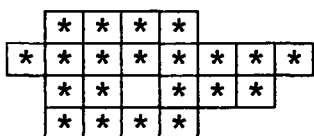

Moehringia ciliata
Wimper-Nabelmiere

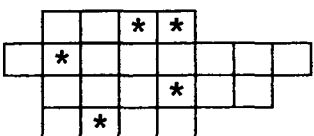

Moehringia muscosa
Moos-Nabelmiere

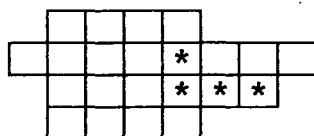

Moehringia trinervia
Dreinerven-Nabelmiere

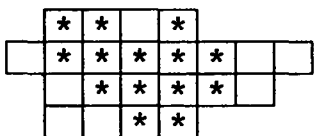

Molinia caerulea agg.
Artengruppe Blaues Pfeifengras

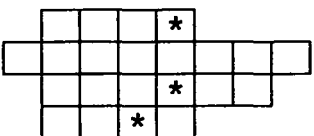

< *Molinia arundinacea*
Rohr Pfeifengras

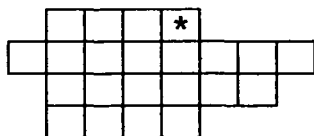

< *Molinia caerulea* s.str.
Blaues Pfeifengras

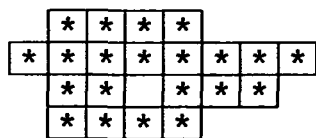

Moneses uniflora
Moosauge

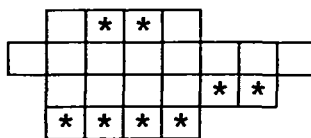

Monotropa hypopitys agg.
Artengr. Behaarter Fichtenspargel

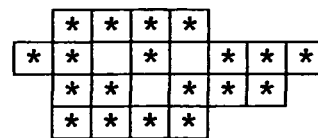

< *Monotropa hypopitys* s.str.
Behaarter Fichtenspargel

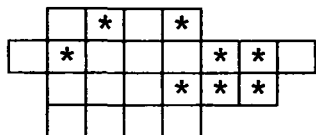

Mycelis muralis
Mauerlattich

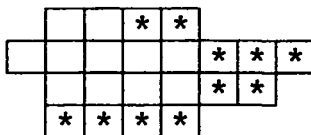

Myosotis arvensis
subsp. *arvensis*
Acker-Vergißmeinnicht

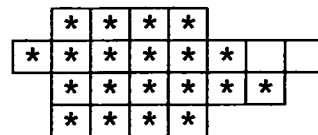

Myosotis palustris agg.
Artengr. Sumpf-Vergißmeinnicht

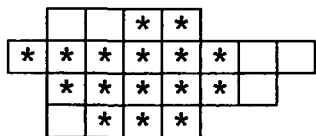

< *Myosotis nemorosa*
Gebirgs-Vergißmeinnicht

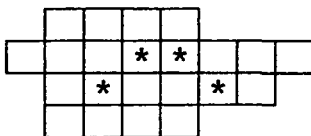

< *Myosotis scorpioides*
Sumpf-Vergißmeinnicht

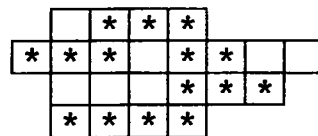

Myosotis sylvatica agg.
Artengr. Wald-Vergißmeinnicht

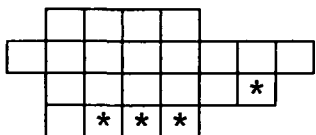

< *Myosotis alpestris*
Alpen-Vergißmeinnicht

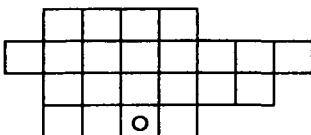

< *Myosotis decumbens*
Niederliegendes Vergißmeinnicht

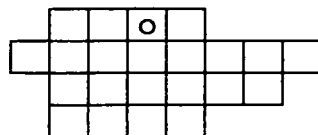

< *Myosotis sylvatica* s.str.
Wald-Vergißmeinnicht

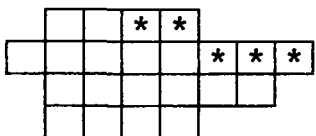

Myosoton aquaticum
Wassermiere

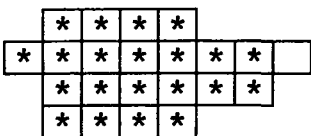

Myrrhis odorata
Süßholde

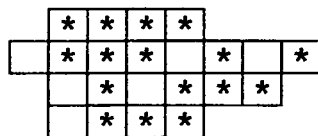

Narcissus pseudonarcissus
Gelbe Narzisse

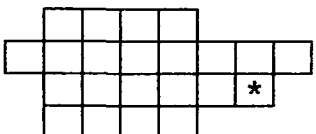

Narcissus radiiflorus
Stern-Narzisse

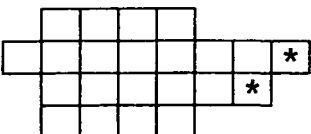

Nardus stricta
Bürstling

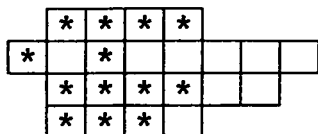

Neottia nidus-avis
Nestwurz

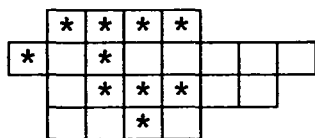

Nepeta cataria
Echte Katzenminze

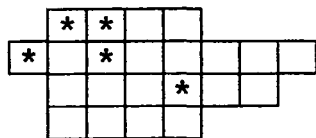

Neslia paniculata
subsp. *paniculata*
Finkensame

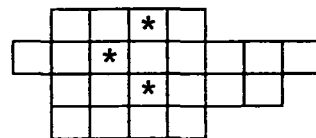

Nigritella nigra agg.
Artengruppe Schwarzes Kohlröschen

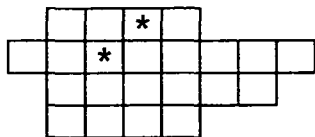

< *Nigritella nigra* s.lat.
Schwarzes Kohlröschen

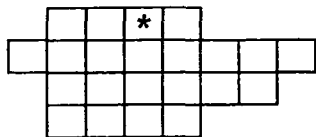

< *Nigritella rhellicani*
Gewöhnliches Kohlröschen

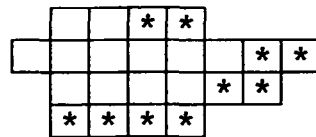

< *Nigritella rubra* s.lat.
Rotes Kohlröschen

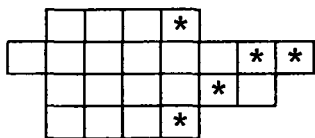

< *Nigritella rubra* s.str.
Rotes Kohlröschen

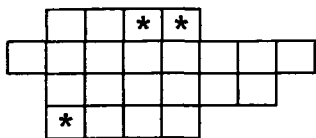

< *Nigritella stiriaca*
Steirisches Kohlröschen

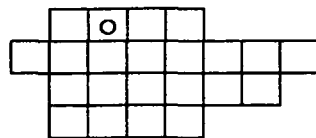

Odontites ruber agg.
Artengruppe Rot-Zahntrost

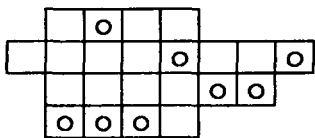

< *Odontites vulgaris*
Herbst-Zahntrost

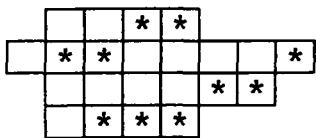

Oenothera biennis agg.
Artengr. Gewöhnliche Nachtkerze

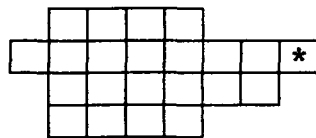

Omphalodes verna
Großblütiges Nabelnüsschen

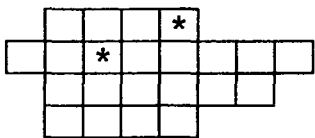

Onobrychis viciifolia
Gewöhnliche Esparsette

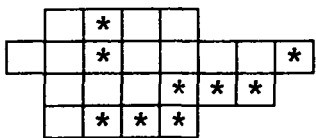

Ononis spinosa
Dorn-Hauhechel

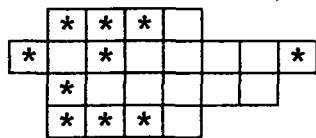

< *Ononis spinosa*
subsp.austriaca
Österreichische Dorn-Hauhechel

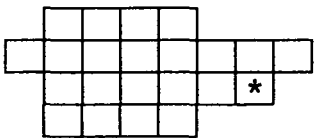

Ophioglossum vulgatum s.str.
Natternzunge

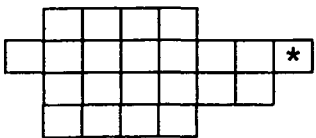

Ophrys insectifera
Fliegen-Ragwurz

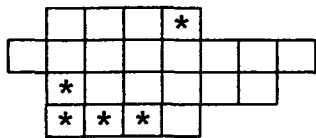

Orchis mascula
subsp.signifera
Stattliches Knabenkraut

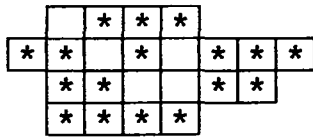

Orchis militaris
Helm-Knabenkraut

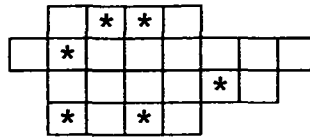

Orchis pallens
Bleiches Knabenkraut

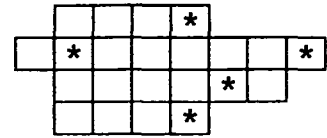

Orchis ustulata
Brand-Knabenkraut

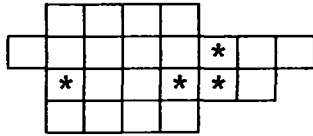

Origanum vulgare
subsp. *vulgare*
Dost

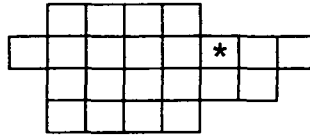

Orobanche alba
Quendel-Sommerwurz

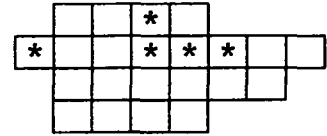

Orobanche flava
Pestwurz-Sommerwurz

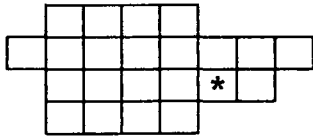

Orobanche gracilis
Blutrote Sommerwurz

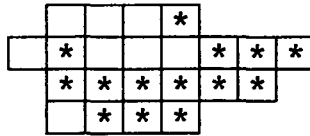

Orobanche minor
Klee-Sommerwurz

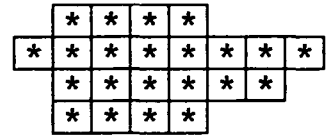

Orobanche reticulata
Netz-Sommerwurz

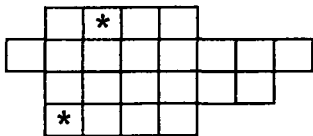

Orobanche teucrii
Gamander-Sommerwurz

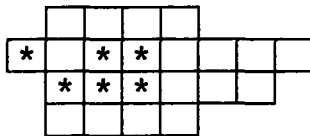

Orthilia secunda
Birngrün

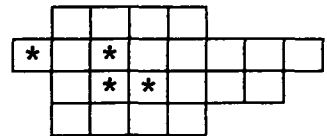

Oxalis acetosella
Wald-Sauerklee

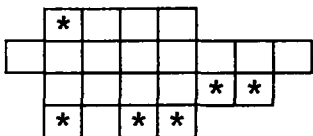

Oxalis stricta
Aufrechter Sauerklee

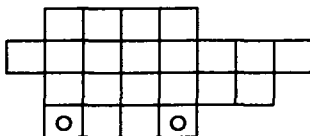

Oxytropis montana s.str.
Berg-Spitzkiel

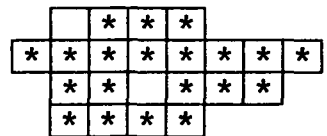

Papaver alpinum
subsp. *sendtneri*
Salzburger Alpen-Mohn

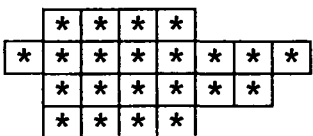

Papaver rhoeas
Klatsch-Mohn

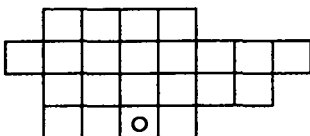

Papaver somniferum
Schlaf-Mohn

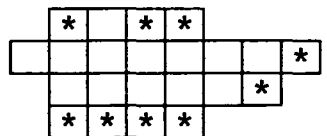

Paris quadrifolia
Einbeere

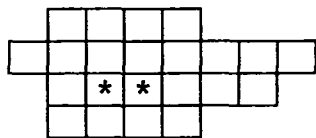

Parnassia palustris
Herzblatt

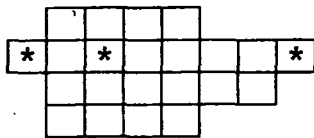

Parthenocissus quinquefolia agg.
Artengr. Gewöhnliche Jungfernrebe

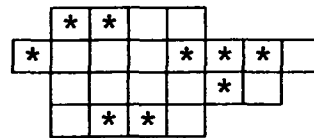

Pastinaca sativa
subsp. *sativa*
Pastinak

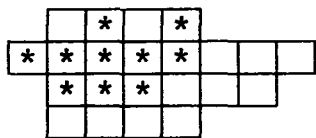

Pedicularis asplenifolia
Farnblatt-Läusekraut

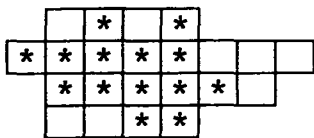

Pedicularis foliosa
Blätter-Läusekraut

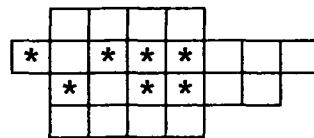

Pedicularis palustris
Sumpf-Läusekraut

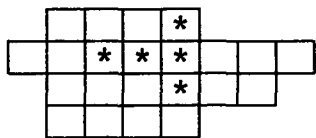

Pedicularis recutita
Stutz-Läusekraut

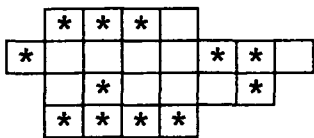

Pedicularis rostratocapitata
subsp. *rostratocapitata*
Kopf-Läusekraut

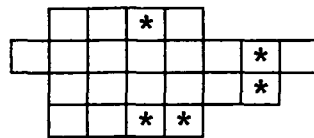

Pedicularis rostratospicata
subsp. *rostratospicata*
Ahren-Läusekraut

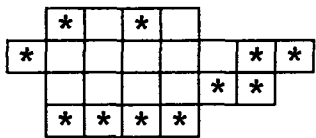

Pedicularis verticillata
Quirl-Läusekraut

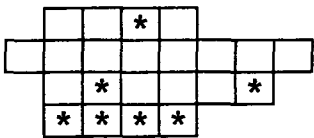

Persicaria bistorta
Schlangen-Knöterich

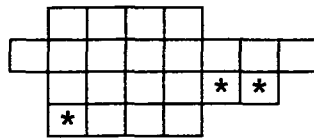

Persicaria hydropiper

Polygonatum verticillatum
Quirl-Weißwurz

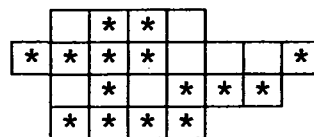

Polygonum aviculare agg.
Agr. Eigentlicher Vogelknöterich

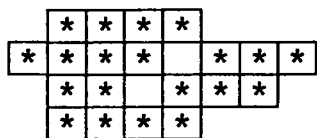

< *Polygonum arenastrum*
Gleichblättriger Vogelknöterich

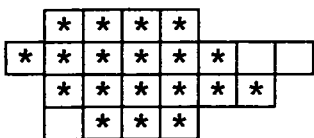

< *Polygonum aviculare* s.str.
Verschiedenblättriger Vogelknöterich

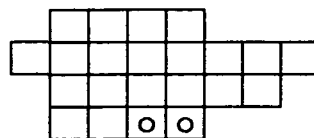

Polypodium vulgare s.str.
Gewöhnlicher Tüpfelfarn

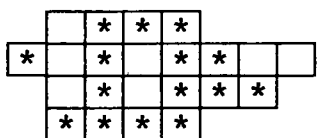

Polystichum aculeatum s.str.
Gewöhnlicher Schildfarn

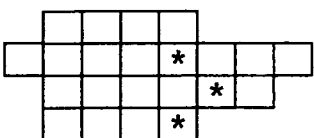

Polystichum lonchitis
Lanzen-Schildfarn

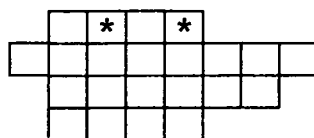

Populus nigra
Schwarz-Pappel

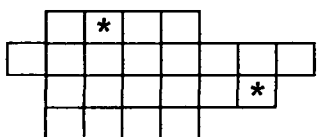

Populus tremula
Zitter-Pappel

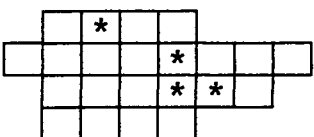

Potamogeton alpinus
Alpen-Laichkraut

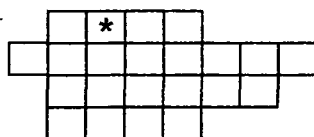

Potamogeton gramineus
Gras-Laichkraut

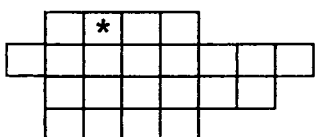

Potamogeton lucens
Glanz-Laichkraut

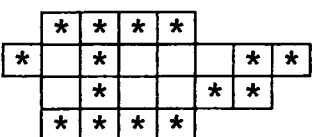

Potamogeton natans
Schwimmendes Laichkraut

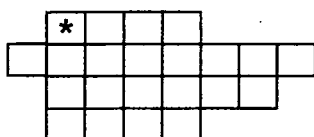

Potamogeton pectinatus
subsp. *pectinatus*
Kamm-Laichkraut

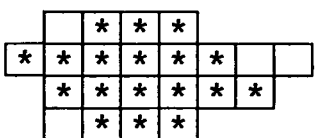

Potamogeton perfoliatus
Durchwachsenes Laichkraut

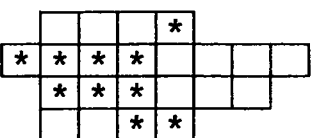

Potentilla anserina
Gänse-Fingerkraut

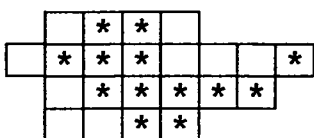

Potentilla argentea agg.
Artengruppe Silber-Fingerkraut

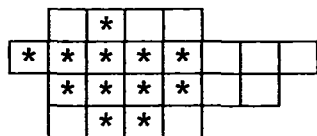

Potentilla aurea
Gold-Fingerkraut

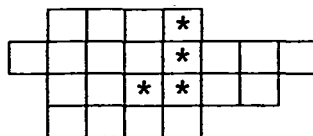

Potentilla brauneana
Zwerg-Fingerkraut

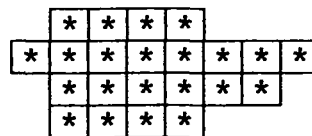

Potentilla caulescens
Kalkfelsen-Fingerkraut

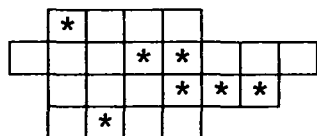

Potentilla clusiana
Clusius-Fingerkraut

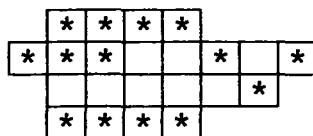

Potentilla crantzii
Crantz-Fingerkraut

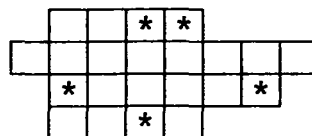

Potentilla erecta
Blutwurz

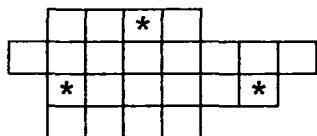

Potentilla palustris
Blutauge

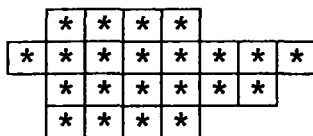

Potentilla reptans
Kriech-Fingerkraut

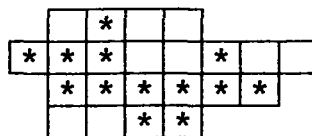

Potentilla verna agg.
Artengruppe Frühlings-Fingerkraut

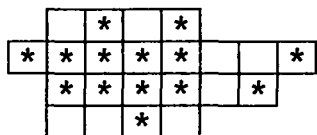

< *Potentilla pusilla*
Flaum-Fingerkraut

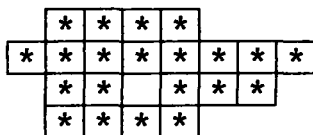

Prenanthes purpurea
Hasenlattich

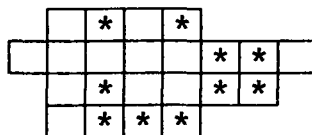

Primula auricula
Aurikel

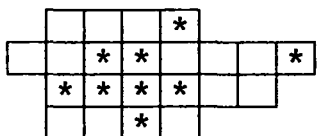

Primula clusiana
Clusius-Primel

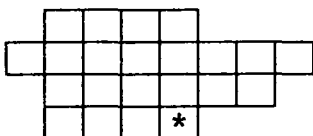

Primula elatior s.str.
Hohe Schlüsselblume

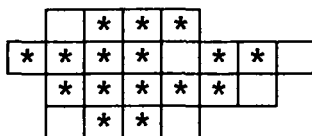

Primula farinosa
Mehl-Primel

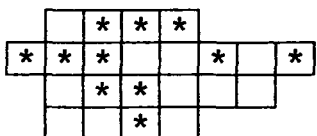

Primula minima
Zwerg-Primel

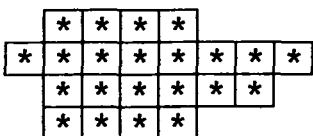

Primula veris
Arznei-Schlüsselblume

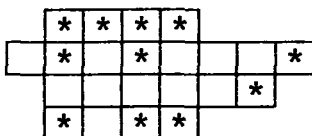

Pritzelago alpina
subsp. *alpina*
Kalk-Gemskresse

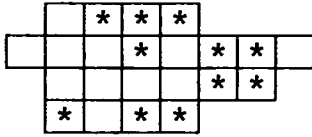

Prunella grandiflora
Großblütige Brunelle

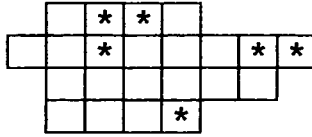

Prunella vulgaris
Gewöhnliche Brunelle

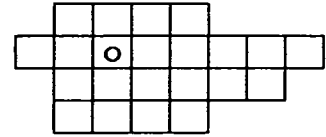

Prunus avium
Kirsche

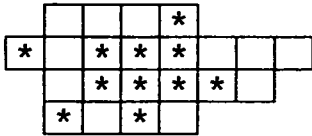

Prunus padus
Gewöhnliche Traubenkirsche

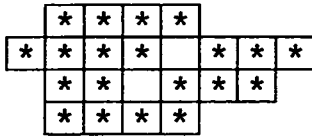

Prunus spinosa
subsp. *spinosa*
Schlehdorn

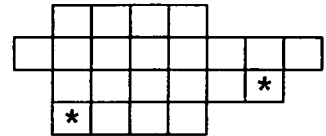

Pseudofumaria lutea
Gelber Lerchensporn

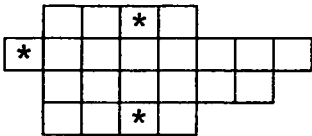

Pseudorchis albida
Höswurz

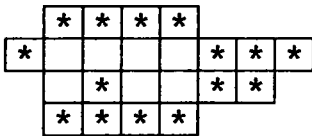

Pteridium aquilinum
Adlerfarn

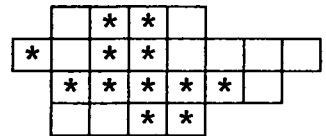

Puccinellia distans
Gewöhnlicher Salzschwaden

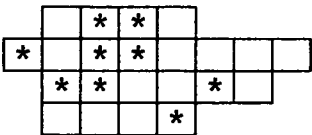

Pulicaria dysenterica
Großes Flohkraut

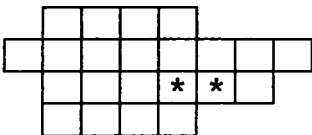

Pulmonaria officinalis s.str.
Artengruppe Echtes Lungenkraut

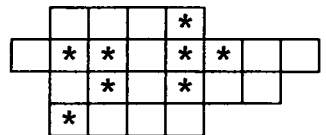

Pulsatilla alpina s.lat.
Alpen-Küchenschelle

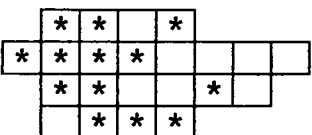

< *Pulsatilla alpina*
subsp. *alpina*
Große Alpen-Küchenschelle

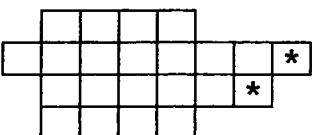

Pyrola media
Mittel-Wintergrün

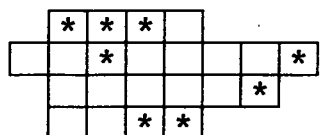

Pyrola minor

subsp. *album*
Eigentlicher Weiß-Germer

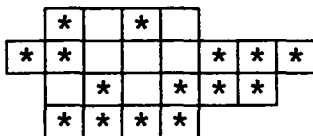

Verbascum alpinum
Woll-Königskerze

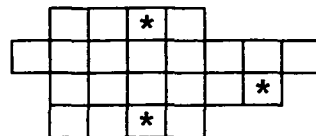

Verbascum densiflorum
Großblütige Königskerze

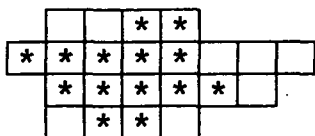

Verbascum nigrum
Dunkle Königskerze

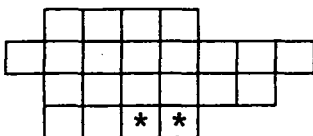

Verbascum thapsus s.str.
Kleinblütige Königskerze

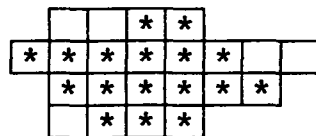

Verbena officinalis
Eisenkraut

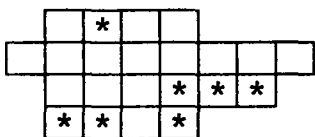

Veronica alpina
subsp. *pumila*
Alpen-Ehrenpreis

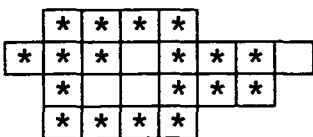

Veronica anagallis-aquatica agg.
Artengruppe Wasserehrenpreis

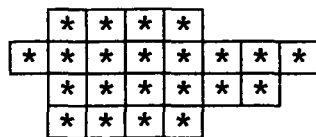

Veronica aphylla
Nackstiel-Ehrenpreis

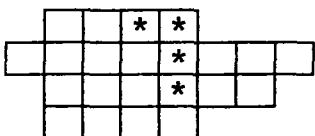

Veronica arvensis
Feld-Ehrenpreis

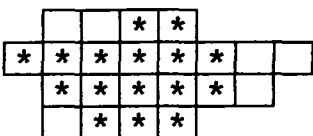

Veronica beccabunga
Bachbunze

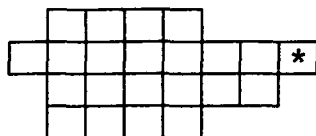

Veronica chamaedrys s.str.
Gamander-Ehrenpreis

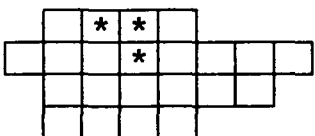

< *Veronica chamaedrys*
subsp. *micans*
Glanz-Gamander-Ehrenpreis

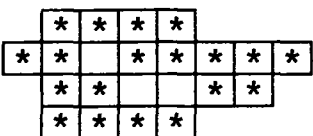

Veronica fruticans
Felsen-Ehrenpreis

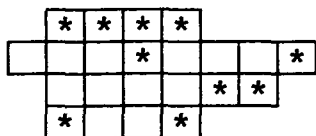

Veronica hederifolia s.str.
Efeu-Ehrenpreis

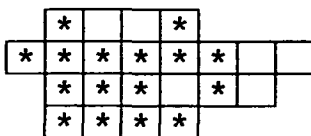

Veronica montana
Berg-Ehrenpreis

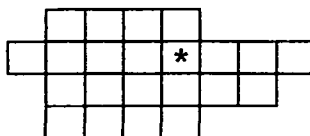

Veronica officinalis
Echter Ehrenpreis

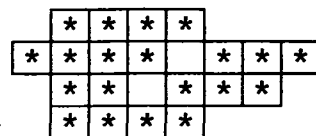

Veronica persica
Persischer Ehrenpreis

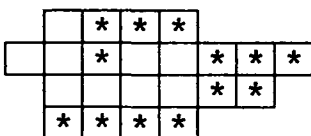

Veronica serpyllifolia
Quendel-Ehrenpreis

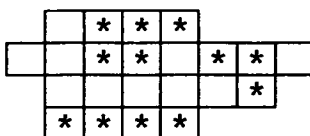

< *Veronica serpyllifolia*
subsp. *humifusa*
Gebirgs-Quendel-Ehrenpreis

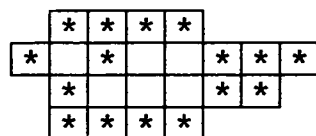

Veronica urticifolia
Nessel-Ehrenpreis

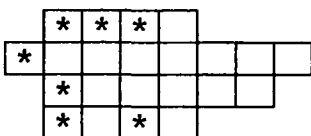

Viburnum lantana
Wolliger Schneeball

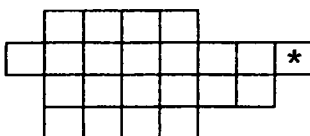

Viburnum opulus
Gewöhnlicher Schneeball

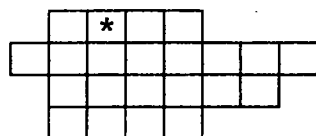

Vicia cracca agg.
Artengruppe Vogel-Wicke

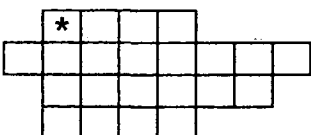

< *Vicia cracca* s.str.
Vogel-Wicke

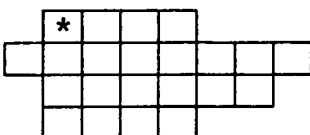

< *Vicia incana*
Grau-Wicke

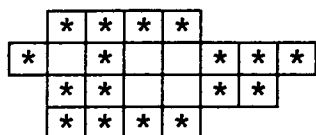

Vicia dumetorum
Hecken-Wicke

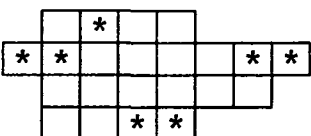

Vicia oroboides
Walderbsen-Wicke

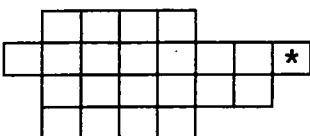

Vicia sativa agg.
Artengruppe Saat-Wicke

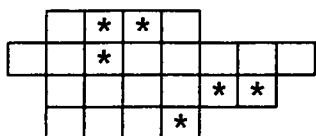

Vicia sepium
Zaun-Wicke

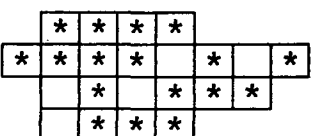

Vicia sylvatica
Wald-Wicke

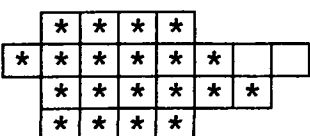

Vicia villosa
Sand-Wicke

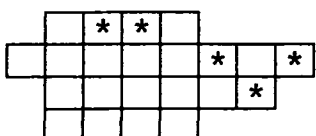

Vinca minor
Kleines Immergrün

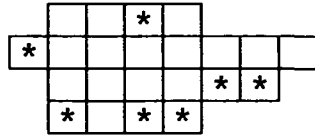

Vincetoxicum hircynicum
subsp. *hircynicum*
Schwalbenwurz

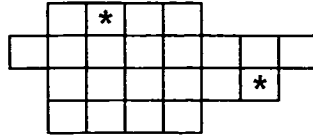

Viola biflora
Zweiblüten-Veilchen

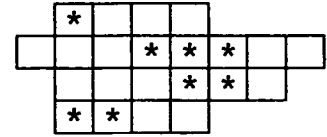

Viola collina
Hügel-Veilchen

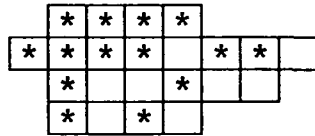

Viola hirta
Wiesen-Veilchen

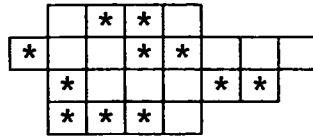

Viola odorata
Duft-Veilchen

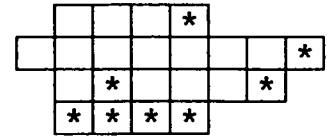

Viola palustris
Sumpf-Veilchen

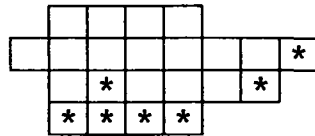

Viola reichenbachiana
Wald-Veilchen

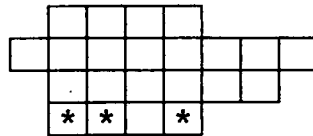

Viola riviniana
Hain-Veilchen

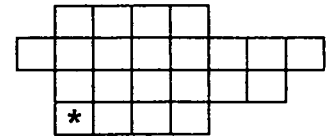

Viola tricolor agg.
Artengr. Wild-Stiefmütterchen

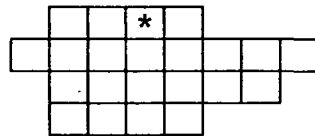

< *Viola arvensis*
Acker-Stiefmütterchen

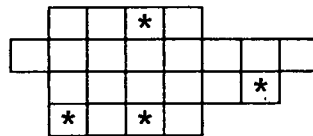

< *Viola tricolor* s.str.
Wild-Stiefmütterchen

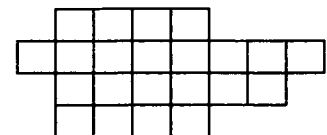

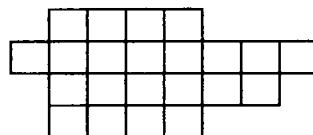

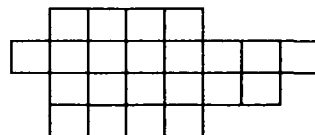

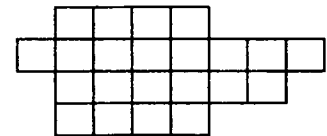

< *Viola tricolor*
subsp. *saxatilis*
Felsen-Stiefmütterchen

Viscum abietis
Tannen-Mistel

Viscum album s.str.
Laubholz-Mistel

TAFEL I: WÄLDER

Abb. 1: Montaner Buchen-(Fichten)-Tannenwald am Nordeinhang des Koppenzinken (*Cardamino trifoliae-Fagetum*). Foto: Lenglachner, 20. 10. 1989

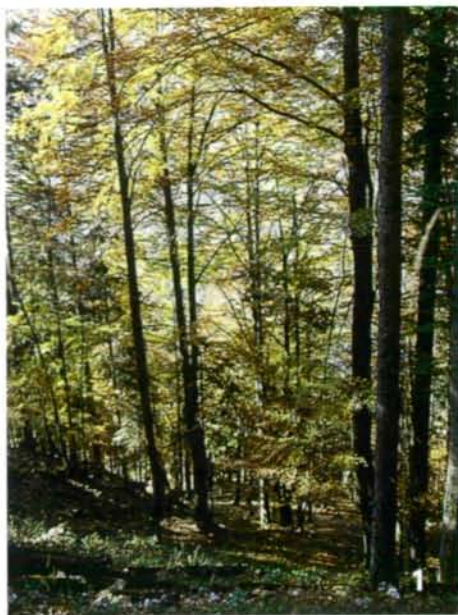

Abb. 2: Hochmontaner Fichtenwald am nordostexponierten Einhang des Kemmetgebirges zum Mitterndorfer Becken nahe Achlesbrunn. Hochstauden-reicher Bestandstyp (*Homogyno-Piceetum athyrietosum distentifolii*) mit schlankwüchsigen Wuchsformen der Fichte. Foto: Lenglachner, 27. 8. 1991

Abb. 3: Lärchen-reiche Ausbildungen des Lärchen-Zirbenwaldes, lokal auch Lärchwiesen kennzeichnen die lichten Plateauwälder im näheren Umkreis der Hochalmen. Kemmetgebirge südwestlich des Mooseck. Foto: Lenglachner, 26. 10. 1989

Abb. 4: Typisches Bestandsbild der Lärchen-Zirbenwälder (*Vaccinio-Pinetum cembrae rhododendretosum hirsuti*) der hochmontan-tiefsubalpinen Plateaulagen. Kemmetgebirge Umgebung der Plankenalm. Foto: Lenglachner, 28. 10. 1989

Abb. 5: Latschen-Krummholz (*Erico-Rhododendretum hirsuti*) am Zinken. Blick über die v. a. von Lärchen-Zirbenwäldern eingenommenen niedrigeren Plateaulagen des östlichen Dachsteinstockes zum Hirzberg. Foto: Lenglachner, 28. 10. 1988

Abb. 6: Blick vom Hirzberg über die ausgedehnte, sanft gegen den Hoch-Dachstein ansteigende Hochfläche „Am Stein“ mit Vegetationskomplexen aus Rasenfragmenten, Latschen-Krummholz und Kahkarstflächen. Foto: Lenglachner, 24. 10. 1989

TAFEL II: ALMWEIDEN

Abb. 1: Die Vorkommen almwirtschaftlich wertvoller Weiderasen des Dachsteingebietes sind überwiegend an Karsthohlförmungen gebunden. Wegen des ausgeprägten Kleinreliefs und der starken Substratvariabilität sind kleinräumige Mosaiken verschiedener Vegetationseinheiten für diese Almweiden typisch. Z'sammtreibboden im Kemmetgebirge. Foto: Lenglachner, 26. 8. 1991

Abb. 2: Arten- und blumenreicher beweideter Kalk-Magerrasen mit reichlich *Rhinanthus glacialis* bei der Großen Wiesmahd. Foto: Lenglachner, 14. 8. 1989

Abb. 3: Detail eines beweideten blumenreichen Kalk-Magerrasens mit *Campanula scheuchzeri* und *Acinos alpina* nahe der Plankenalm. Foto: Lenglachner, 19. 8. 1989

Abb. 4: Kleinflächig finden sich im Dachsteingebiet über versauerten Böden Bürstlingrasen, im Bild mit *Nardus stricta*, *Calluna vulgaris*, *Helleborus niger* (*Geo montani-Nardetum*). Kemmetgebirge, südlich der Wiesalm. Foto: Lenglachner, 10. 9. 1992

Abb. 5: Extensiv, von Wild und Schafen beweidete Hochgrasflur mit reichlich *Calamagrostis varia*, als besondere Ausbildung einer Blaugras-Horstseggenhalde am Rauhen Koppen. Foto: Lenglachner, 24. 8. 1991

Abb. 6: Die Hütten der Plankenalm mit einer kurzrasigen Trittgemeinschaft (*Alchemillo-Poetum supinae*) und einer Alpenampferflur (*Rumicetum alpini*) um die Grundfesten einer verfallenen Hütte. Foto: Lenglachner, 19. 8. 1989

TAFEL III: RASEN UND GRASFLUREN

Abb. 1: Polsterseggen-Rasenterrassetten (*Caricetum firmae*), eine Erscheinung die auf frostbedingtes Bodenfließen zurückgeht, an der Nordflanke des Großen Miesberges; Blick gegen den Hohen Dachstein. Foto: Lenglachner, 27. 10. 1989

Abb. 2: *Tofieldia pusilla* in einem Polsterseggenrasen mit reichlich *Dryas octopetala*. Foto: Grims, 1991

Abb. 3: *Saussurea pygmaea* in einem lückigen Polsterseggenrasen auf der Speikwiese. Foto: Grims, 1990

Abb. 4: *Primula clusiana*. Foto: Grims, 1992

Abb. 5: *Salix serpyllifolia* und *S. retusa*. Foto: Grims

Abb. 6: Arten der Kalk-Magerrasen, etwa *Carex firma* (vorne rechts) und der Schneeheide-Alpenrosengebüsche wie *Senecio abrotanifolius* oder *Erica herbacea* (Bildmitte) sind typisch für Vegetationsfragmente hochmontan-tiefsubalpiner Kahkarstflächen, hier einer Felsstufe mit Wand- und Kluftkarren am Kumpfling. Foto: Lenglachner, 15. 8. 1989

TAFEL IV: MORÄNEN

Abb. 1: Hallstätter Gletscher, im Vordergrund Moränen. Foto: Luise Schratt-Ehrendorfer, 1991

Abb. 2: *Gentiana orbicularis*. Foto: Luise Schratt-Ehrendorfer, 1991

Abb. 3: *Papaver alpinum* subsp. *sendtneri*. Foto: Luise Schratt-Ehrendorfer, 1991

Abb. 4: *Galium noricum*. Foto: Luise Schratt-Ehrendorfer, 1991

Abb. 5: *Valeriana supina*, blühend. Foto: Luise Schratt-Ehrendorfer, 1991

Abb. 6: *Valeriana supina*, fruchtend. Foto: Luise Schratt-Ehrendorfer, 1991

TAFEL V: FELS UND FELSSCHUTT

Abb. 1: *Campanula pulla*. Foto: Luise Schratt-Ehrendorfer, 1991

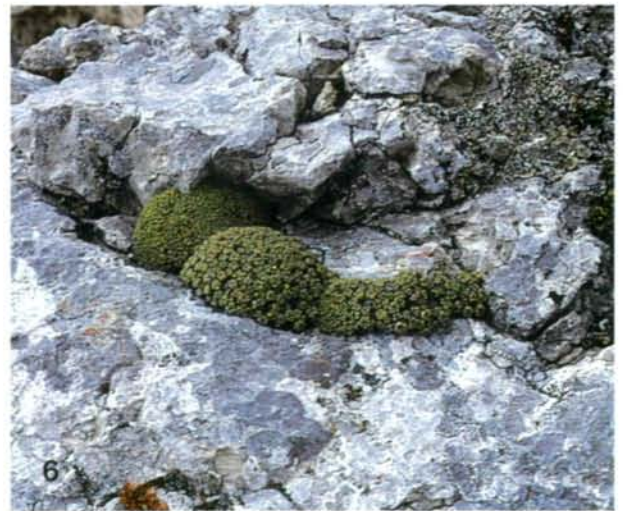

Abb. 2: *Kobresia simpliciuscula*. Foto: Luise Schratt-Ehrendorfer, 1991

Abb. 3: *Doronicum grandiflorum*. Foto: Luise Schratt-Ehrendorfer, 1991

Abb. 4: *Leontodon montanum*. Foto: Luise Schratt-Ehrendorfer, 1991

Abb. 5: *Silene acaulis*. Foto: F. Grims, 1974

Abb. 6: *Androsace helvetica*, Taubenkogel. Foto: F. Grims, 1975
