

## **The authors**

## The authors

Oliver Bender. Priv.-Doz. Dr., geography. Senior scientist at the Institute of Mountain Research: Man & Environment of the Austrian Academy of Sciences (IGF): Special interests: cultural landscape research, regional development, GIS. [oliver.bender@oeaw.ac.at](mailto:oliver.bender@oeaw.ac.at)

Valerie Braun. Dr., biology. Editorial assistant of *eco.mont* and project management at IGF. Special interests: mountain ecology, protected areas, project management. [valerie.braun@oeaw.ac.at](mailto:valerie.braun@oeaw.ac.at)

Astrid Björnsen Gurung. Dr., development and cooperation. Scientist at IGF. Coordinator of the European Progr. of the MRI and IGF cooperation. Special interests: internat. research coordination, interdisciplinarity, scientific network development. [astrid.bjoernsen@uibk.ac.at](mailto:astrid.bjoernsen@uibk.ac.at)

Clemens Geitner. Dr., geography. Senior scientist at IGF, and assistant professor of geography, Univ. of Innsbruck. Special interests: soil science, landscape ecology, geomorphology. [clemens.geitner@uibk.ac.at](mailto:clemens.geitner@uibk.ac.at)

Axel Borsdorf. Prof. Dr., geography. Director of IGF and professor of geography, University of Innsbruck. Co-editor of *eco.mont*. Special interests: mountains, regional studies, Latin America. [axel.borsdorf@oeaw.ac.at](mailto:axel.borsdorf@oeaw.ac.at)

Christian Georges. Dr., geography. Researcher at LASERDATA Innsbruck. Contract researcher in different projects of IGF. Special interest: climate change, laser-scanning. [christian.georges@laserdata.at](mailto:christian.georges@laserdata.at)

Falk Borsdorf. Mag., political science. Project leader (MAB project) at the Institute of Geography, Innsbruck. PhD candidate of the Institute of Sociology, Innsbruck. Special interests: indigenous rights, protected areas, participation. [fborsdorf@yahoo.de](mailto:fborsdorf@yahoo.de)

Georg Grabherr. Prof. Dr., botany. Director of the Dept. of Conservation Biology, Vegetation and Landscape Ecology, Univ. of Vienna. Chair of the GLORIA project. Vice-director of IGF. Special interests: mountain ecology, climate change effects. [georg.grabherr@univie.ac.at](mailto:georg.grabherr@univie.ac.at)

Fides Braun. Mag., geography. Junior researcher at IGF and project manager of the mountain.TRIP project (7FP). Special interests: tourism, project management, international collaboration. [fides.braun@oeaw.ac.at](mailto:fides.braun@oeaw.ac.at)

Kati Heinrich. Dipl.-Ing. MSc, cartography and remote sensing. Provides scientific support at the IGF. Special interests: cartography, GIS, remote sensing, IT, editing and layouting. [kati.heinrich@oeaw.ac.at](mailto:kati.heinrich@oeaw.ac.at)

## The authors

Sigrun Kanitscheider. Dr., geography. Junior scientist at IGF. Special interests: mountain regions (Alps, Andes), traffic infrastructure, regional studies, urban geography. [sigrun.kanitscheider@oeaw.ac.at](mailto:sigrun.kanitscheider@oeaw.ac.at)

Reinhard Lackner. Dr., Research Focus Alpine Space – Man and Environment, University of Innsbruck. Special interests: inter- and transdisciplinary research in the Alps, ecology of fishes in high mountain areas. [reinhard.lackner@uibk.ac.at](mailto:reinhard.lackner@uibk.ac.at)

Lars Keller. Dr., geography. Assistant professor of geography, Univ. of Innsbruck. Formerly junior researcher at IGF. Special interests: quality of life, mountain research, didactics. [lars.keller@uibk.ac.at](mailto:lars.keller@uibk.ac.at)

Carla Marchant. MSc, geography. PhD scholar (Conicyt) and guest researcher at IGF. Special interests: mountain geography, sustainability. [carla.marchant@gmail.com](mailto:carla.marchant@gmail.com)

Klaus Kleewein. Mag., economics. Junior scientist at IGF. Special interest: interdisciplinary risk assessment, statistics. [klaus.kleewein@oeaw.ac.at](mailto:klaus.kleewein@oeaw.ac.at)

Matthias Monreal. MSc, remote sensing. Junior scientist at IGF. Special interests: permafrost, modelling, laser-scanning, GIS. [matthias.monreal@oeaw.ac.at](mailto:matthias.monreal@oeaw.ac.at)

Christian Klettner. Technical assistant in the GLORIA working group of IGF, Vienna. Special interests: databases, GIS. [christian.klettner@univie.ac.at](mailto:christian.klettner@univie.ac.at)

Harald Pauli. Dr., botany. Senior scientist at IGF, researcher in the GLORIA project. Special interests: mountain ecology, climate change effects. [harald.pauli@univie.ac.at](mailto:harald.pauli@univie.ac.at)

Günter Köck. Dr., biology. Secretary General for the International Research Programmes of the Austrian Academy of Sciences, arctic researcher. Co-editor of *eco.mont*. Special interests: ecology, fish biology, mountains, arctic regions. [gunter.koeck@oeaw.ac.at](mailto:gunter.koeck@oeaw.ac.at)

Manfred Perlik. PhD, geography. Senior researcher and lecturer, Swiss Fed. Inst. of Technology (ETHZ) and Univ. of Berne, economic geography. Research fields: socio-economic development of mountain regions, urbanization and metropolization processes, urban – rural linkages and regional development. [perlik@nsl.ethz.ch](mailto:perlik@nsl.ethz.ch)

## The authors

Clemens Pfurtscheller. MMag., geography and economics. PhD scholar and junior scientist at IGF. Special interests: risk assessment, energy research. [clemens.pfurtscheller@oeaw.ac.at](mailto:clemens.pfurtscheller@oeaw.ac.at)

Johann Stötter. Prof. Dr., geography. Head, Inst. of Geography, Univ. of Innsbruck, (temporary) scientific director of the alpS-Centre for Climate Change Adaptation Technologies, vice-director of IGF. Special interests: geomorphology, risks, climate change, integrative geography. [hans.stoetter@uibk.ac.at](mailto:hans.stoetter@uibk.ac.at)

Roland Psenner. Prof. Dr., limnology. Dean of the Faculty of Biology and chair of the Research Focus Alpine Space: Man and Environment, Univ. of Innsbruck. Special interests: high mountain limnology, ecology. [roland.psenner@uibk.ac.at](mailto:roland.psenner@uibk.ac.at)

Ulrike Tappeiner. Prof. Dr., landscape ecology. Head, Inst. of Ecology, Univ. of Innsbruck, Head, Inst. of Alpine Environment, European Academy Bozen/Bolzano (EURAC). Special interests: ecosystem research and landscape ecology of mountain environment. [ulrike.tappeiner@uibk.ac.at](mailto:ulrike.tappeiner@uibk.ac.at)

Rafael Sánchez. Dr., geography. Universidad Católica Silva Henríquez, Chile. In 2010, PhD scholar and guest researcher at IGF. Special interests: urban geography, historical geography. [rafael.sancheza@gmail.com](mailto:rafael.sancheza@gmail.com)

Erich Tasser. Priv.-Doz. Dr., ecology. Senior researcher at the Inst. of Alpine Environment, European Academy Bozen/Bolzano (EURAC). Special interests: alpine ecology, mountain agriculture, landscape modelling. [erich.tasser@eurac.edu](mailto:erich.tasser@eurac.edu)

Mathilde Schmitt. Dr., sociology. Dipl. Ing. agricultural science. Senior scientist at IGF. Special interests: gender studies, rural sociology, agriculture, food & sustainability. [mathilde.schmitt@oeaw.ac.at](mailto:mathilde.schmitt@oeaw.ac.at)

Eric Vuelliet. Dr., geology. Executive Director of the alpS Centre for Climate Change Adaptation Technologies Innsbruck. Special interests: risk research, climate change adaptation. [vuelliet@alps-gmbh.com](mailto:vuelliet@alps-gmbh.com)

Brigitte Scott. Dr. English language and literature. Editorial assistant of *eco.mont*; general assistant, translator and organizer at IGF. Special interests: copy writing, terminology management. [brigitte.scott@oeaw.ac.at](mailto:brigitte.scott@oeaw.ac.at)

Christoph Wiegand. Dipl.-Geogr., geography. Junior scientist and PhD scholar at IGF. Special interests: geomorphology, soil science. [christoph.wiegand@oeaw.ac.at](mailto:christoph.wiegand@oeaw.ac.at)
