

## PERLA SUBSCRIPTION POLICY

Dues for membership in the International Society of Plecopterologists are \$15 U.S. per year. Members will automatically receive PERLA. Libraries or other institutions may receive PERLA by making a \$10 annual donation, or through an exchange of publications agreement approved by the Managing Editor and Editorial Board. Five dollars (\$5) of the dues will become part of the Scholarship Fund of the Society, to be used for helping active and deserving workers or students participate in future symposia.

Persons or institutions who have no support or are financially unable to pay dues may continue to receive PERLA by writing a brief note to the Managing Editor requesting a waiver of dues and to be retained on the mailing list.

It is therefore important that you respond to this receipt of PERLA 25 (2007) in one of the following ways, in order to be kept on the mailing list for PERLA 26 (2008): (1) pay your annual dues, (2) make a \$10 donation (institutions), or (3) request a waiver. A form and self-addressed envelope are included with this issue, (PERLA 23) for your convenience in responding. **NO CREDIT CARD CHARGES CAN BE ACCEPTED.**

You may send your dues or donation in the form of a personal check, bank note, cashier's check, or postal money order designated in U.S. funds to the Managing Editor. Because of high bank costs for exchange in some countries, you may send cash, in which case the Managing Editor will respond with a personal acknowledgment if it is received.

Dues and donations are used to help pay the costs of publishing and mailing PERLA, for Lifetime Achievement Award plaques presented by the Society at International Symposia and for the Scholarship Fund. The Managing Editor will make a financial report to the International Committee at each International Symposium Business Meeting or at any other time when requested.

Members or institutions whose dues remain unpaid for two consecutive years, or have not been granted exchange, waiver or emeritus status, will be dropped from the PERLA mailing list.

## EIGHTH NORTH AMERICAN PLECOPTERA SYMPOSIUM

18-21 MAY 2006

Conference Co-Organizers, Dr. R. Edward DeWalt and Dr. Donald W. Webb

Hosted by the Illinois Natural History Survey and the University of Illinois  
Dixon Springs Agricultural Experimental Station,  
Rt. 1, Box 256, Simpson, Illinois 62985. 618-695-2441

### Recent North American Plecoptera Symposium: A Success

The 8<sup>th</sup> North American Plecoptera Symposium was held in Dixon Springs, Illinois, 18-21 May 2006. Attendance was 19 people and 14 presentations were given. Presentations topics included a look to the challenges for Plecoptera scientists in the future, large and small-scale biogeographical patterns, life history and production, species descriptions, electronic publishing, revisionary work, and potential effects of climate change.

Comradeship was shared through lively discussion of these topics, through the culinary efforts of Mark Wetzel and Don Webb, and by collecting forays into the beautiful Shawnee National Forest. While cool, rainy weather ensured that the group would indeed leave enough stoneflies in Illinois to start the next generation, several stonefly species were collected including the rare *Leuctra alta* James and an early emerging, dark species of *Perlesta*, somewhere near *Perlesta xube* Stark & Rhodes.

During the business meeting we had a fruitful discussion of the future of our science. We all noted the aging of our members and agreed that a reinvigoration of Plecopterology was necessary. Accomplishment of this will require an increase of our profile, implementation of major collaborative efforts as a society, modernization of our scientific approach, and in the training of graduate students. The group decided as part of the effort to raise our profile that a stable Internet presence was necessary. The group has taken on the name "Plecoptera Society of North America" and a fledgling website with nomenclatural tools now exists at <http://plsa.inhs.uiuc.edu/plecoptera>.

The 9<sup>th</sup> North American Plecoptera Symposium will be hosted by Dr. William D. Shepard at the Sagehen Creek Research Station of the University of California in 2009.

A list of titles of presentations at the Symposium follows:

1. YES, IT'S A NEW MILLENNIUM, BUT WHAT DOES THE FUTURE HOLD FOR PLECOPTEROLOGY IN NORTH AMERICA?. R. E. DeWalt. Illinois Natural History Survey, Center for Biodiversity. 1816 S Oak St., Champaign, IL 61820. [edewalt@inhs.uiuc.edu](mailto:edewalt@inhs.uiuc.edu)

2. HIERARCHICAL PATTERN OF NORTH AMERICAN PLECOPTERAN SPECIES DISTRIBUTIONS USING STATES AND PROVINCES AS AREAS OF ENDEMISM. Charles H. Nelson, Department of Biological and Environmental Sciences, The University of Tennessee at Chattanooga, 615 McCallie Avenue, Chattanooga, TN 37403. [charles-nelson@utc.edu](mailto:charles-nelson@utc.edu)

3. DIVERSITY, LIFE HISTORY, AND PRODUCTION OF PLECOPTERA IN FOUR OUACHITA MOUNTAIN HEADWATER STREAMS. Robert K. Heth, Department of Biology, Missouri Southern State University, 3950 East Newman Road, Joplin, Missouri 64801. [heth-r@mssu.edu](mailto:heth-r@mssu.edu)

4. THE TALLADEGA-CHEAHA STONEFLY (PLECOPTERA) FAUNA OF ALABAMA. Scott A. Grubbs<sup>1</sup> and Andrew L. Sheldon<sup>2</sup>, <sup>1</sup>Department of Biology and Center for Biodiversity Studies, Western Kentucky University, Bowling Green, Kentucky, 42101 USA, E-mail: [scott.grubbs@wku.edu](mailto:scott.grubbs@wku.edu); <sup>2</sup>University of Montana, 16 Bryant St., Crawfordville, FL 32327 USA, E-mail: [andysheldon@comcast.net](mailto:andysheldon@comcast.net).

5. NEW SPECIES AND RECORDS OF *NEOPERLA* (PLECOPTERA: PERLIDAE) FROM VIETNAM. Bill P. Stark, Department of Biology, Mississippi College, Box 4045, Clinton, MS 39058, and Ignac Sivec, Slovenian Museum of Natural History, Presernova 20, P.O. Box 290, SLO-1001 Ljubljana, Slovenia. Email: [stark@mc.edu](mailto:stark@mc.edu), [ignac.sivec@guest.arnes.si](mailto:ignac.sivec@guest.arnes.si)

6. ON THE INTERESTING DISTRIBUTION OF SOME *ALLOCAPNIA* AND CHLOROPERLID STONEFLIES IN PENNSYLVANIA. Jane Earle, 20 Red Fox Lane, Mechanicsburg, PA 17050. [janeearle7@msn.com](mailto:janeearle7@msn.com).

7. ILLIESIA-FREE INTERNET ACCESS TO SCIENTIFIC JOURNAL. Ignac Sivec, Slovenian Museum of Natural History, Presernova 20, 1000 Ljubljana, Slovenia, [ignac.sivec@guest.arnes.si](mailto:ignac.sivec@guest.arnes.si); Bill P. Stark, Mississippi College, Box 4045, Department of Biology, Clinton, MS 39058, [stark@mc.edu](mailto:stark@mc.edu)

8. NYMPH DESCRIPTIONS OF RARE WESTERN STONEFLIES. Kenneth W. Stewart, Department of Biological Sciences, P. O. Box 305220, University of North Texas, Denton, TX 76203. [stewart@unt.edu](mailto:stewart@unt.edu)

9. A HOLOMORPHOLOGICAL COMPARISON OF *KOGOSTUS NONA* (NEEDHAM & CLAASSEN) AND *K. MODESTA* (BANKS). B. C. Kondratieff, Colorado State University, Department of Bioagricultural Sciences and Pest Management, Fort Collins, CO 80523.

[Boris.Kondratieff@Colostate.edu](mailto:Boris.Kondratieff@Colostate.edu); R. W. Baumann, Brigham Young University, Monte L. Bean Life Science Museum, Provo, UT. 84602. [Richard.Baumann@byu.edu](mailto:Richard.Baumann@byu.edu)

10. THE STATUS OF IOWA PLECOPTERA FROM THE PALEOZOIC PLATEAU. Dennis P. Heimdal and Mike W. Birmingham, University of Iowa Hygienic Laboratory, 102 Oakdale Campus, Iowa City, IA 52242. [dheimdal@uhl.uiowa.edu](mailto:dheimdal@uhl.uiowa.edu), [mbirming@uhl.uiowa.edu](mailto:mbirming@uhl.uiowa.edu)

11. NEW SPECIES OF EASTERN NEARCTIC *ALLOCAPNIA* (CAPNIIDAE) AND *SOYEDINA* (NEMOURIDAE). Scott A. Grubbs, Department of Biology and Center for Biodiversity Studies, Western Kentucky University, Bowling Green, Kentucky, 42101 USA. [scott.grubbs@wku.edu](mailto:scott.grubbs@wku.edu)

12. STONEFLIES ON MOUNTAINSIDES: CONTROLS AND LIMITS IN A CHANGING WORLD. Andrew L. Sheldon, University of Montana, 16 Bryant St., Crawfordville, FL 32327. [andysheldon@comcast.net](mailto:andysheldon@comcast.net).

13. EXTIRPATION AND RANGE LOSS OF STONEFLIES IN THE MIDWEST TILL AND DRIFT PLAINS. R. E. DeWalt & D. W. Webb. Illinois Natural History Survey, Center for Biodiversity, 1816 S Oak St., Champaign, IL 61820, [edewalt@inhs.uiuc.edu](mailto:edewalt@inhs.uiuc.edu), [dwebb@inhs.uiuc.edu](mailto:dwebb@inhs.uiuc.edu) and Scott A. Grubbs, Department of Biology and Center for Biodiversity Studies, Western Kentucky University, Bowling Green, Kentucky, 42101 USA. [scott.grubbs@wku.edu](mailto:scott.grubbs@wku.edu).

14. THE *ALLOPERLA SEVERA* COMPLEX OF WESTERN NORTH AMERICA. Richard W. Baumann, Department of Integrative Biology and Monte L. Bean Life Science Museum, Brigham Young University, Provo, UT 84604. [richard.baumann@byu.edu](mailto:richard.baumann@byu.edu) and Boris C. Kondratieff, Department of Bioagricultural Sciences and Pest Management, Colorado State University, Fort Collins, CO 80523. [boris.kondratieff@colostate.edu](mailto:boris.kondratieff@colostate.edu).

## ANNOUNCEMENTS

XII International Conference on Ephemeroptera  
XVI International Symposium on Plecoptera  
June 8 – 14, 2008 Stuttgart, Germany

The next International Joint Meeting will take place at the State Museum of Natural History in Stuttgart, Germany, from 8-14 June 2008.

**Please note that the conference website has changed:**

<http://www.jointmeeting08.naturkundemuseum-bw.de/>

This preliminary site will have a major update around the end of February. If you want to get notified when the site is updated, please subscribe to the conference newsletter. Just send an e-mail to

[jointmeeting08.smns@naturkundemuseum-bw.de](mailto:jointmeeting08.smns@naturkundemuseum-bw.de) and you will receive a note as soon as the major update will go online.

The Joint Meeting will have an informal welcome party at the evening of June 8<sup>th</sup>. The conference will start on June 9<sup>th</sup>. There will be four days packed with talks and poster sessions – the best poster will be awarded at the conference dinner on Thursday night! On Wednesday 12<sup>th</sup> there will be a field trip to creeks and rivers of the Swabian Alps, linked to a visit to a medieval monastery and University town. The post conference tour on Saturday 14<sup>th</sup> will lead to the Black Forest.

Take the opportunity and meet your colleagues at the Joint Meeting 2008!

Dr. Arnold H. Staniczek, *Curator*, Department of Entomology, Staatliches Museum für Naturkunde, Stuttgart, Germany

**TRAVEL GRANTS WILL BE AVAILABLE, CHECK THE WEBSITE.**

## Current Research on Plecoptera

**Ian McLellan**

I am currently working on a number of projects. Steve Pawson (Canterbury University) has a grant to construct a website on New Zealand Plecoptera and of course, as the authority, I am very much involved in the scheme. So far he has data based on my collection and those in NZAC, OMNZ, CMNZ and AMNZ, recording in all 50,000+ specimens and about 6,000 localities. He has gathered copies of all literature including unpublished theses; many images and we are constructing a key to all NZ species. In between I work on new species of New Zealand notonemourids, gripopterygids, a eustheniid and South American gripopterygids. An on going job is identification of stoneflies for various institutions through out New Zealand.

Two Otago University students have started on theses that will involve New Zealand stoneflies. Andrew Sparrow (M.sc) is working on the interaction between aquatic and terrestrial organisms on a floodplain on the Kauri River inland from Oamaru.

Graham McCulloch (Ph.D) is constructing a DNA based phylogeny of New Zealand stoneflies.

**Dr. Richard W. Baumann**

Here are my stonefly goals for the next several years. Some studies are short term and others will take longer. I know that these are ambitious goals and that I cannot accomplish them without the help of many colleagues. This includes not only those individuals listed, but everyone that is willing
