

# Curriculum Vitae

## Personal information

Surname / First names **GIUSEPPE FABRIZIO TURRISI**

E-mail : giuseppfabrizioturrisi@gmail.com

Nationality Italian

Web sources Academia.edu: <https://independent.academia.edu/GiuseppeFabrizioTurrisi>  
 ResearchGate: [https://www.researchgate.net/profile/Giuseppe\\_Turrisi?ev=hdr\\_xprf](https://www.researchgate.net/profile/Giuseppe_Turrisi?ev=hdr_xprf)

## Main cultural fields **Systematic Zoology (mainly Entomology with expertise in Herpetology), Management of Natural History Museums, Nature Conservation**

Overview: my main actual scientific interest is on Evanioidea: Aulacidae. I am specialist of systematics, taxonomy, phylogeny, functional morphology, and fossil of this parasitoid wasp family at worldwide level. I have described several tens of new species from Palaeartic, Afrotropical, Oriental, and Neotropical regions and done the first extensive research on phylogeny of the whole family with review of generic concept. I have done studies on functional morphology of parasitoid Hymenoptera of wood boring insects.

My most relevant ongoing projects include: i) a comprehensive review of the Oriental aulacids containing till now about 60 new species (mainly in *Pristaulacus*); ii) a molecular investigation of the *Pristaulacus compressus* group, to produce an integrative approach based on morphology and molecular data; iii) improving the knowledge of the fossil species; iv) the investigation on the morphology of the hind coxal guide of aulacids, a special structure involved during oviposition, to evaluate its possible role in the evolutionary history of Aulacidae.

I am competent with taxonomy of several other groups of Hymenoptera: "Symphyta", Scoliioidea (especially Mutillidae), Spheciformes (Ampulicidae, Sphecidae and Crabronidae), and Apidae on which I have published many taxonomic, and faunistic contributions, as well as review of genera and extensive research on phylogeny (e.g., Mutillidae).

As secondary research filed, I am expert of Sicilian Amphibians and Reptiles, with reference to distribution, ecology and conservation biology aspects (several comprehensive papers published).

## Current employment

Dates	September 2012-onward
Occupation or position held	Teacher (Secondary School)
Main activities and responsibilities	Teaching Natural Science and Mathematics
Name and address of employer	Ministero dell'Istruzione, dell'Università e della Ricerca, Roma, Italy. Http: <a href="http://www.istruzione.it">www.istruzione.it</a>
Type of business or sector	Full employment – permanent
Dates	November 2023-onward
Occupation or position held	Professor (on contract)
Main activities and responsibilities	Teaching Zoology
Name and address of employer	Ministero dell'Istruzione, dell'Università e della Ricerca, Department of Biological, Geological and Environmental Sciences (BIOMLG), Section Animal Biology "Marcello La Greca"
Type of business or sector	On contract

## Previous work experiences

Dates	2 February 2002-31 August 2012
Occupation or position held	Director of Nature Reserve
Main activities and responsibilities	<ul style="list-style-type: none"> <li>- Management of human activities (agriculture, building)</li> <li>- Scientific researches on flora and fauna of protected areas</li> <li>- Teaching in Systematic Zoology, including thesis assistance for university students</li> <li>- Didactic Scientific collections management</li> <li>- Educational projects for school-children</li> </ul>
Name and address of employer	University of Catania, CUTGANA (Centro Universitario per la Tutela e la Gestione degli Ambienti Naturali e degli Agroecosistemi). <a href="http://www.cutgana.it">Http://www.cutgana.it</a>
Type of business or sector	Full employment (temporary)
Dates	August-December 2005
Occupation or position held	Scientific expert
Main activities and responsibilities	Revision and improvement of the database of animal species for the European network "Natura 2000"
Name and address of employer	Agristudio Srl, 37, Via Giambologna, I-50132, Florence (Italy). <a href="http://www.agristudiosrl.it">Http://www.agristudiosrl.it</a>
Type of business or sector	Independent worker
Dates	December 1999-March 2001
Occupation or position held	Technician
Main activities and responsibilities	Restoration of the zoological collections (both Vertebrate and invertebrate)
Name and address of employer	Museum of Zoology, University of Catania, Department of Animal Biology "Marcello La Greca", 81, Via Androne, I-95124 Catania (Italy). <a href="http://www.old.unict.it/dipartimenti/biologia_animale/">Http://www.old.unict.it/dipartimenti/biologia_animale/</a>
Type of business or sector	Independent worker (European Project: "Catania-Lecce" for Museum improvement)
Dates	September 1999- January 2000
Occupation or position held	Technician
Main activities and responsibilities	Elaborating data on flora and vegetation of the Aeolian Archipelago (Sicily)
Name and address of employer	University of Palermo, Department of Botany, 28, Via Archirafi, I-90123 Palermo (Italy). <a href="http://www.unipa.it/botanica/">Http://www.unipa.it/botanica/</a>
Type of business or sector	Independent worker

## Education and training

Dates	16.2.2005
Title of qualification awarded	PhD (Evolutionary Biology)
Principal subjects/occupational skills covered	<p>Thesis title: "<i>Revision of the Palaearctic species of the genus <i>Pristaulacus</i> Kieffer, 1900 (<i>Hymenoptera</i>, <i>Aulacidae</i>) with phylogenetic considerations and notes on biology</i>".</p> <p>Subject: monograph of the Palaearctic species of <i>Pristaulacus</i> (a poorly-known genus of parasitoid wasps), with redescription of all valid species based on types material; revision of distribution; original iconography.</p> <p>Contents:</p> <p>1) taxonomic review; 2) generic assessment of the family Aulacidae using cladistic method; 3) phylogenetic relationship of Palaearctic species of <i>Pristaulacus</i> using both evolutionary and cladistic methods; 4) functional morphological adaptations of imago to endoxylic parasitoid life style.</p> <p>Note: the content of the PhD thesis was published in two main papers one dealing with systematic and taxonomy (Turrisi, 2007. Zootaxa), the other one dealing with phylogeny (Turrisi et al., 2009. Invertebrate Systematics).</p>
Name and type of organization providing education and training	University of Catania, Catania (Italy)

Level in national or international classification	ISCED6
Dates	15.7.1998
Title of qualification awarded	Bachelor of Biology
Principal subjects/occupational skills covered	Thesis title: " <i>The Mutillidae (Insecta, Hymenoptera) of Sicily and neighbouring Islands</i> ". Subject: monograph of the Mutillidae from Sicily and neighbouring Islands, with taxonomic, chorological, faunistic and biogeographical original data.
Name and type of organization providing education and training	University of Catania, Catania (Italy)
Level in national or international classification	ISCED5d

### Personal skills and competences

Mother tongue(s) **Italian**

Other language(s)

Self-assessment

European level (\*)

**English**

**Deutsch**

	Understanding		Speaking		Writing
	Listening	Reading	Spoken interaction	Spoken production	
<b>English</b>	B1 Independent user	B1 Independent user	B1 Independent user	B1 Independent user	B1 Independent user
<b>Deutsch</b>	A1 Basic user (elementary)	A1 Basic user (elementary)	A1 Basic user (elementary)	A1 Basic user (elementary)	A1 Basic user (elementary)

(\*) Common European Framework of Reference for Languages

### Digital skills and competences

I am experienced in using both Windows and Mac operating systems. Competent with most Microsoft Office programmes; competent with Adobe Photoshop and CorelDraw; competent with software for phylogeny: PAUP\* 4.0b10, MacClade 4.05 for Mac, TNT (Tree Using New Technology) for Windows, Mesquite for Windows

### Driving license

Driving license category B

### Honours and awards

I made several scientific stages (Dec 2002; Oct 2003; May 2004; July 2005; October 2006; September-October 2009; June 2010) in Munich (Germany) at Zoologische Staatssammlung to study the Hymenoptera collection, and to produce scientific projects on taxonomy and systematics of parasitoid Hymenoptera (especially Aulacidae and Ichneumonidae).

Scientific stage in Copenhagen (Zoological Museum) under SYNTHESYS grant (European Project) focussing on the anatomical study on the subgenual organ of the parasitoid wasp family Stephanidae, August 2007 (results published in 2008 on Journal of Natural History, London).

Scientific stage in London (Natural History Museum) under SYNTHESYS grant (European Project) focussing on revision of the Collection of Aulacidae, April 2010 (results published in several papers, see list of publication).

Scientific stage in Copenhagen (Zoological Museum) under SYNTHESYS grant (European Project) focussing on the anatomical study of hind coxal guide of the parasitoid wasp family Aulacidae for phylogenetic and functional morphology investigation.

I was invited as contributor to the volume: Blank, S. M., Schmidt, S. & Taeger, A. (eds) 2006: Recent Sawfly Research: Synthesis and Prospects. 704 pp., 16 pl. – Goecke & Evers, Keltern supported by Deutsches Entomologisches Institut ZALF e.V. and Zoologische Staatssammlung München.

I was invited as contributor to the Special issues dedicated to Festschrift of two authoritative living entomologists: Arkady S. Lelej (published in the year 2016 on Euroasian Entomological Journal, 15, supplement: 1-202), and David R. Smith (published in the year 2017 on Proceedings of the Entomological Society of Washington, 119, special issue: 679-939).

I was invited as contributor by the “Comitato Scientifico per la Fauna d'Italia” for the monograph n. 45 dedicated to the Reptiles of Italy (published in 2010).

### International scientific cooperation

My scientific activity includes many International cooperation with high-repute scientists. In detail:

- Dr John T. Jennings (University of Adelaide, Australia)
- Dr David R. Smith (Smithsonian Institution, Washington, USA)
- Dr Lars Vilhelmsen (Zoological Museum, Copenhagen, Denmark)
- Prof. Klaus Schoenitzer (Zoologische Staatssammlung, Munich, Germany)
- Dr Erich Diller (Zoologische Staatssammlung, Munich, Germany)
- Dr Andrew Liston (Senckenberg German Entomological Institute, Germany)
- Dr Lars Krogmann (Natural History Museum, Stuttgart, Germany)
- Dr Matthias Riedel (Germany)
- Dr Sieghard Ellenberger (Germany)
- Dr Kazuhiko Konishi (Ehime University, Japan)
- Dr Kyohei Watanabe (Kanagawa Prefectural Museum of Natural History)
- Dr Keita Kuroda (Ehime University, Japan)
- Prof. Zai-fu Xu (†) (University of Guangdong, China)
- Dr Nelson Perioto (Instituto Biológico, Ribeirão Preto, SP, Brazil)
- Dr Alexandre P. Aguiar (University of Espírito Santo, Brazil)
- Prof. Massimo Olmi (University of Viterbo, Italy)
- Dr Fausto Pesarini (Natural History Museum, Ferrara, Italy)
- Dr Salvatore Bella (Council of Research in Agriculture, Italy)
- Prof. Guido Pagliano (University Turin, Italy)
- Dr Maurizio Matteini Palmerini (Italy)
- Dr Pietro Lo Cascio (Italy)

### Teaching experience and other academic activities

Systematic Zoology (Arthropoda), University of Catania, 2001-2014, Associate professor, Volunteer (including lessons and examinations).

Laboratory of Zoology, University of Catania, 2003-2009, Associate professor, Volunteer (including lessons and examinations).

Zoological methodologies, University of Catania, 2008-2010, Associate professor, Volunteer (including lessons and examinations).

I was supervisor between 2001 and 2014 of 14 students at University of Catania for thesis elaboration and discussion to get Bachelor of level I and II in the University courses: “Scienze Ecologiche”, “Scienze Naturali”, “Scienze Biologiche” and “Scienze Ambientali”.

I was supervisor of a PhD student (Dr. Pierluigi La Greca) and responsible of the scientific research, Master Thesis defended under the International PhD “Scienze Entomologiche e difesa degli agroecosistemi”, XXIII ciclo”, 2007-2010 (University of Catania, Faculty of Agraria and Faculty of Sciences). Title of thesis: “Diversità ed ecologia degli Imenotteri Apoidei in ambienti frammentati pedemontani dell'Etna a differente pressione antropica” (see the web source to read abstract and download the thesis: <http://archivia.unict.it/handle/10761/300?mode=full>).

### Teaching interest

Systematic Zoology, Entomology, Museology.

Member of the Editorial Board and Scientific Committee of the International peer reviewed journal: "Biodiversity Journal" (<http://www.biodiversityjournal.com/>).

Regular scientific referee of the following scientific journals:

"Insects" (<https://www.mdpi.com/journal/insects>), peer-reviewed, open access, indexed  
"Zootaxa" (<https://www.mapress.com/zt/>), peer-reviewed, indexed  
"Zookeys" (<http://www.pensoft.net/journals/zookeys>), peer-reviewed, indexed, open-access  
"Journal of Hymenoptera Research" (<https://jhr.pensoft.net>), peer-reviewed, open access, indexed  
"Invertebrate Systematics" (<https://www.publish.csiro.au/is>), peer-reviewed, indexed  
"CheckList" (<https://checklist.pensoft.net>), peer-reviewed, open access, indexed  
"European Journal of Taxonomy" (<https://europeanjournaloftaxonomy.eu/index.php/ejt>), peer-reviewed, indexed  
"Genes" (<https://www.mdpi.com/journal/genes>), peer-reviewed, indexed, open-access  
"Journal of Insect Conservation" (<https://www.springer.com/journal/10841>), peer-reviewed, indexed  
"Proceedings of the Entomological Society of Washington" ([http://entsocwash.org/default.asp?Action=Show\\_Proceedings](http://entsocwash.org/default.asp?Action=Show_Proceedings)), peer-reviewed, indexed

"Biodiversity Journal" (<http://www.biodiversityjournal.com/>), peer-reviewed, open-access  
"Boletín de la Asociación Española de Entomología" (<http://www.entomologica.es/index.php?d=publicaciones>), peer-reviewed  
"L'Entomologiste" (<https://l'entomologiste.fr>), peer-reviewed  
"Bollettino del Museo Regionale di Scienze Naturali di Torino" (<http://www.regione.piemonte.it/museoscienze/museoscienze/edit/publicazioni.htm>), peer-reviewed  
"Il Naturalista siciliano" (<http://www.ssn.it/naturalista.htm>), peer-reviewed  
"Bollettino della Società Entomologica Italiana" (<https://sei.pagepress.org/index.php/bollettino>)  
"Bollettino dell'Accademia Gioenia di Scienze Naturali" (<http://www3.unict.it/gioenia/>), peer-reviewed

I am author of over 100 scientific publications in several field of Zoology (see list of publications), but mainly focused on Systematic, Taxonomy, Phylogeny and Functional morphology of parasitoid wasps, especially Aulacidae, and taxonomy and faunistics of Mutillidae, Spheciformes and Apidae.

Entomological papers published in the following many International Scientific Journals:

- Journal of Hymenoptera Research
- Insect Systematics & Evolution
- Arthropod Structure & Development
- Invertebrate Systematics
- Cretaceous Research
- Proceedings of the Entomological Society of Washington
- Zoosystematics and Evolution
- Bulletin of the Entomological Society of Malta
- Entomologist's Monthly Magazine
- Journal of Natural History
- Zootaxa
- Zookeys
- Entomological Science
- Entomological Research
- Eurasian Entomological Journal
- Entomologia Hellenica
- Mitteilungen der Deutschen Gesellschaft für allgemeine und angewandte Entomologie

- Mitteilungen der Münchner Entomologische Gesellschaft
- Entomofauna
- Linzer Biologische Beiträge
- Boletín de la Asociación Española de Entomología
- Biogeographia
- Biodiversity Journal
- Journal of Asia-Pacific Entomology
- Wuyi Science Journal
- Natura Somogyiensis
- Redia
- Atti della Accademia Peloritana dei Pericolanti (Classe di Scienze Fisiche, Matematiche e Naturali), Messina
- Annali del Museo civico di Storia naturale di Ferrara
- Lavori della Società Veneziana di Scienze Naturali
- Bollettino della Società entomologica italiana
- Memorie della Società entomologica italiana
- Bollettino dell'Accademia Gioenia di Scienze Naturali, Catania
- Il Naturalista siciliano, Palermo

I participated to many National and International Scientific Congresses with oral contributions and/or posters (see list of publications).

21<sup>th</sup> November 2023

Giuseppe Fabrizio Turrisi (Dr PhD)

## Scientific publications

Turrisi Giuseppe Fabrizio (Dr PhD Evolutionary Biology)

### Entomology (mainly Hymenoptera)

- 1) Turrisi G.F. (2023) Monograph of the parasitoid wasp family Aulacidae from Oriental region, emphasizing Laos (Hymenoptera: Evanioidea). Zootaxa (ongoing).
- 2) Turrisi G.F., Pesarini F. (2023) New or little known Symphyta from Sicily (Hymenoptera Siricidae, Cimbicidae). Redia (accepted).
- 3) Turrisi G.F., Nobile V. (2023) New *Pristaulacus* Kieffer, 1900 (Hymenoptera, Evanioidea, Aulacidae) from India and Malaysia with a key to species and revised checklist. European Journal of Taxonomy (accepted).
- 4) Turrisi G.F. (2023) On the presence of *Orussus abietinus* (Scopoli, 1763) (Hymenoptera, Orussidae) in Sicily. Quaderni del Museo Civico di Storia Naturale di Ferrara, 11: 101-102.
- 5) Turrisi G.F. (2023) Superfamiglia Evanioidea (pp. 348-353). In: "Sistematica ed evoluzione degli esapodi", Minelli A., Bologna M.A. (Eds). Liguori Editore: 648 pp.
- 6) Bella S., Catania R., La Greca P., Nobile V., Turrisi G.F., D'Urso V. (2023) Ecological connectivity of bee communities in fragmented areas of Volcano Etna (Sicily, Italy) at different degrees of anthropic disturbance (Hymenoptera, Apoidea, Anthophila). Journal of Entomological and Acarological Research, 55: 1-11 (+ Supplementary Material).
- 7) Turrisi G.F., Matteini Palmerini M., Demetriou J., Matteini Palmerini M., Forbicioni L. (2022) Description of new teratological cases including chromatic aberrations in Mutillidae (Hymenoptera, Vespoidea). Redia, 105: 145-162.
- 8) Turrisi G.F., Bella S., Catania R., La Greca P., Nobile V., D'Urso V. (2022) Bee diversity in fragmented areas of Volcano Etna (Sicily, Italy) at different degrees of anthropic disturbance (Hymenoptera: Apoidea, Anthophila). Journal of Entomological and Acarological Research, 53: 1-13 (+ Supplementary Material).
- 9) Demetriou J., Kalaentzis K., Kazilas C., Georgiadis C., Turrisi G.F., Koutsoukos E. (2022) The alien Black-and-yellow Mud Dauber *Sceliphron caementarium* (Drury, 1773) (Hymenoptera, Sphecidae), continues its spread: new citizen-science records from Eastern Europe and the Balkans. Check-List, 18: 535-543.
- 10) Perioto N.W., Lara R.I.R., Turrisi G.F. (2020) First record of Aulacidae (Hymenoptera, Evanioidea) from Uruguay with description of a new species of *Aulacus* Jurine. Boletín de la Sociedad Zoológica del Uruguay, 29 (2): 41-51.
- 11) Turrisi G.F. (2020) Further spread of the alien invasive sphecid wasp *Isodontia mexicana* (Saussure, 1867) (Hymenoptera, Sphecidae) in Italy. Redia, 103: 55-64.
- 12) Turrisi G.F., Altadonna G., Lo Cascio P., Nobile V., Selis M. (2020) Contribution to the knowledge of Hymenoptera from the Aeolian Archipelago (Thyrrhenian Sea, Sicily), emphasizing Aculeata. Biodiversity Journal, 11: 717-750.
- 13) Kuroda K., Konishi K., Turrisi G.F., Yamasako J. (2020) A revisional study of the genus *Aulacus* Jurine (Hymenoptera: Aulacidae) of Japan. Zootaxa, 4830 (1): 161-185.
- 14) Smith D.R., Turrisi G.F. (2020) New species of *Pristaulacus* Kieffer (Hymenoptera: Aulacidae) from Southern India. Proceedings of the Entomological Society of Washington, 122 (2): 462-470.
- 15) Turrisi G.F., Smith D.R. (2020) Three new species of Aulacidae (Hymenoptera: Evanioidea) with additional records from Thailand and Laos. Proceedings of the Entomological Society of Washington, 122 (1): 197-210.
- 16) Turrisi G.F., Rattu R. (2019) First record of the parasitoid wasp family Aulacidae (Hymenoptera) from Malta. Bulletin of the Entomological Society of Malta, 10: 17-19.
- 17) Turrisi G.F., Ellenberger S. (2019) New aulacid wasps from the mid-Cretaceous of Myanmar (Hymenoptera: Evanioidea). Cretaceous Research, 99: 334-346.
- 18) Samin N., Bagriacik N., Turrisi G.F., Masner L., Gencer L., Imani S., Lee J.-W., Pujade Villar J. (2018) A faunistic study of Chrysididae, Diapriidae, Dryinidae, Figitidae and Proctotrupidae (Hymenoptera) from Iran. Wuyi Science Journal, 34: 33-42.
- 19) Ghafouri Moghaddam M., Turrisi G.F. (2018) New data on Aulacidae (Hymenoptera, Evanioidea) from Iran, with illustrated key to species. Zoosystematics and Evolution, 94 (1): 95-108.
- 20) Turrisi G.F. (2017) Additions to the Afrotropical Aulacidae (Hymenoptera, Evanioidea). Linzer Biologische Beiträge, 49 (2): 1117-1124.
- 21) Carbonell-Font R., Turrisi G.F. (2017) First record of *Pristaulacus lindae* Turrisi 2000 from Iberian Peninsula (Hymenoptera, Aulacidae). Boletín de la Asociación Española de Entomología, 41 (3-4): 285-291.
- 22) Turrisi G.F. (2017) The parasitoid wasp family Aulacidae with a revised World checklist (Hymenoptera, Evanioidea). Proceedings of the Entomological Society of Washington, 119 (special issue): 931-939.
- 23) Turrisi G.F., Altadonna G. (2017) A report on two alien invasive species of the genus *Sceliphron* Klug, 1801 from Sicily, with a faunistic update on the native species (Hymenoptera: Sphecidae). Biodiversity Journal, 8 (2): 753-762.
- 24) Baviera C., Bellavista M., Altadonna G., Turrisi G.F., Bella S., Muscarella C., Sparacio I. (2017) The Cerambycidae (Coleoptera: Chrysomeloidea) of Sicily: recent records and updated checklist. Atti della Accademia Peloritana dei Pericolanti (Classe di Scienze Fisiche, Matematiche e Naturali), 95 (1): 1-79.
- 25) Dal Pos D., Turrisi G.F. (2017) Rediscovery and redescription of the holotype of *Stephanus (Distephanus)* [sic!] *athesinus* Biegeleben, 1929, with comments on its identity and new distributional data for *Megischus anomalipes* (Förster, 1855) (Hymenoptera, Stephanidae).
