

Notice.

Research on an index patterned after C. D. SHERBORN's INDEX ANIMALIUM is underway at the National Museum of Natural History, Washington, D. C. 20560, U. S. A. The coverage is Mollusca only, and plans are to include original references for names of species and subsequent references to publications including illustrations. The period of chronological coverage begins in 1850, where SHERBORN ended, and continues through 1870 to provide an overlap with the ZOOLOGICAL RECORD. Persons having knowledge of or access to obscure pertinent references are invited to correspond with the compiler, FLORENCE A. RUHOFF, Department of Invertebrate Zoology, Mollusks.
