*Limnephilus rhombicus* (L.)  
*Beraeodes minutus* (L.)

March 1991

Dear Colleagues,

The publication of the Proceedings is delayed because of circumstances beyond our control. The reasons of that are: changes of system in Poland, organizational changes at the publisher itself together with its removal and a new management. At first, I searched for another publisher but eventually, when the situation stabilized, Adam Mickiewicz University Press took a task of issuing the Proceedings.

Now, we are working on galley proof of printed manuscripts. In order not to delay the publication of the Proceedings any more I have decided that we do this proof ourselves and only in a few special cases we would send the papers to authors. I do my best to prepare the Proceedings as carefully as possible.

We are very sorry because of that delay. It will not happen any more in future as the publisher assured. It promised that the publication of the Proceedings of the VII Symposium in Umea would not take so much time (if this publisher was commissioned to realize this task of course).

Sincerely yours,

Prof. Dr hab. Cezary Tomaszewski
