Ankündigung:
Gemeinsame Fachtagung über Eintags-, Stein- und Köcherfliegen
Deutschlands und angrenzender Regionen
vom 08. bis 10. März 2019

Bad Bevensen, April 2018

Sehr geehrte Damen und Herren,

für das Frühjahr 2019 ist wieder eine EPT-Tagung im Gustav Stresemann Institut geplant. Sie wird von Freitag, den 08.03. bis Sonntag, den 10.03.2019 stattfinden (am darauffolgenden Montag beginnt der 56. DGL-Bestimmungskurs).

Wie in den Vorjahren sind Plenarsitzungen und eine Poster-Ausstellung vorgesehen, an denen Sie sich gern mit Vorträgen, Filmen und Postern zur Faunistik, Ökologie, Biologie und Taxonomie beteiligen können (beschränkt auf Arten der deutschen Fauna sowie angrenzender Regionen; Gastbeiträge zu überregionalen Themen und anderen aquatischen Insekten-Gruppen wie Coleoptera sind ausdrücklich willkommen). Ihre Präsentation ist sehr erwünscht, denn Beiträge in genügender Zahl sind Voraussetzung für den Erfolg dieser Tagung.

Zur Kursorganisation möchten wir im Vorwege das Interesse an dieser Tagung ermitteln. Wir bitten Sie daher um eine kurze Rückmeldung - möglichst per Mail (s.u.) -, wenn Sie Interesse an einer Teilnahme haben sollten, und falls dies der Fall ist, ob Sie als Zuhörer/-in oder mit einer Präsentation zu uns kommen würden.

Ihre Rückantwort dient lediglich der Tagungsvorbereitung und ist nicht als Anmeldung zu verstehen. Die endgültige Ausschreibung mit Details zur Fachtagung erfolgt im letzten Quartal dieses Jahres; ab dem Zeitpunkt ist es dann auch möglich, sich für die Tagung anzumelden.
