Index der wissenschaftlichen Namen der Lepidoptera in
Beiträge zur Kenntnis der wilden Seidenspinner
(Contributions to knowledge the wild silkmoths)
für die Jahrgänge 1-9 (2003-2011)

In this systematic index all scientific names of Lepidoptera dealt with in the German, English, French and Indonesian text of *Beiträge zur Kenntnis der wilden Seidenspinner* (Contributions to knowledge the wild silkmoths) to Volumes 1-9 are listed in alphabetical order. Incorrect subsequent spellings of names, vernacular names, tribe, family and subfamily names are excluded but group- or subgroup-names, unavailable names, synonyms and manuscript names are included. Generic or subgeneric names are applied to all species and subspecies names. Volumes and issue numbers are placed in rounded brackets separated by a slash “(x/x):” before the page numbers. Cover Illustrations are listed by “CI”. Page numbers in **boldface** refer to the main text chapters, page numbers in *italics* refer to illustrations, if any.

In diesem systematischen Index werden alle wissenschaftlichen Namen von Lepidoptera in den deutschen, englischen, französischen und indonesischen Texten der *Beiträge zur Kenntnis der wilden Seidenspinner* (Contributions to knowledge the wild silkmoths) Band 1-9 in alphabetischer Reihenfolge genannt. Falsche Schreibweisen, Volksmundnamen, Tribus-, Familien- und Unterfamiliennamen sind hier ausgeschlossen, aber Gruppen- oder Untergruppennamen, Namen die nicht verfügbar sind, Synonyme und Manuskriptnamen sind eingeschlossen. Die zugehörigen Gattungs- oder Untergattungsnamen sind den Artnamen in runden Klammern beigefügt. Volumen und Heftnummern sind in runden Klammern durch einen Schrägstrich getrennt dargestellt “(x/x):” und den jeweiligen Seitennummern des Heftes vorangestellt. Seitennummer im **Bolddruck** verweisen auf Namen in Haupttextteilen, dagegen verweisen Seitennummern in *Italicdruck* auf eventuelle Abbildungen.
