During the examination of the proofs for the paper, published in this journal in 2013

GAEDIKE, R. 2013: New or poorly known Epermeniidae of the Afrotropis (Lepidoptera, Epermenioidea). – Contributions to Entomology **63**(1): 149–168 – doi: 10.21248/contrib.entomol.63.1.149-168.

it was overlooked, that the arrangement of the figures 7–14 on page 161 was wrong: in the second row figure 11 follows erroneously to figure 9, in the third row the figures 12 and 10 were arranged erroneously too.

The corrected plate is shown below.

Figs 7-14: 7 - *Epermenia (Calotripis) dallastai*; 8 - *Epermenia (Calotripis) costomaculata*; 9, 10 - *Epermenia (Calotripis) turicola*; 11 - *Epermenia (Calotripis) hamata*; 12 - *Epermenia (Calotripis) aarviki*; 13 - *Epermenia (Calotripis) ruwenzorica*; 14 - *Epermenia (Calotripis) tenuipennella*.
