

and Species of Cicadidae, from Celebes, under the name *Perissoneura maculosa*.

In the Entomologische Nachrichten, XVI, p. 190 (1890), Dr. Karsch published an article „Ueber die Singcicadengattung *Perissoneura*, Distant“, in which two new species are described, viz: *P. paradoxa* and *P. acutipennis*.

But the Genus *Perissoneura*, Mac-Lach. (and a species *P. paradoxa*, Mac-Lach.) already existed.

In the Journal of the Linnean Society of London, Zoology, Vol. XI, p. 119 (1871), a new Genus and Species of Trichoptera, from Japan, were described as *Perissoneura paradoxa*.

Therefore the name of the Homopterous Genus *Perissoneura*, Distant, requires changing.
