Naturgeschichte der Insecten Deutschlands, begonnen von W. F. Erichson. Erste Abtheilung, Coleoptera. Band V., zweite Hälfte, Lieferung 3, bearbeitet von Dr. Georg Seidlitz.

Die Fortsetzung und hoffentlich baldige Beendigung des umfangreichen Werkes ist nunmehr gänzlich in die Hände des Dr. v. Seidlitz in München gelegt worden. In der vorliegenden neuen, soeben ausgegebenen Lieferung werden auf den Seiten 681—968 die Oedemeridae bearbeitet. Die nächste Lieferung dürfte die Heteromeren zum Abschluss bringen.
