The authorship of the short note 'The Common Wall Lizard *Podarcis muralis* (LAURENTI, 1768), new to the province of Salzburg (Austria). Origin of a paraneozoon' was erroneously restricted to A. MALETZKY and S. SCHWEIGER. As was indicated under 'AUTHORS' of this contribution on page 90, the correct and complete notation of the authors should include MALETZKY, A. & HATTINGER, A. & MOOSBRUGGER, K. & SCHWEIGER, S. The editor is truly sorry for this mishap.
