Erratum: A new *Allium* L. species from Middle Asia

F. O. KHASSANOV, H. SHOMURADOV & K. TOJIBAEV

Regrettably, the description of *Allium rinae* F. O. KHASS., SHOMURADOV & TOJIBAEV in Linzer biol. Beitr. **39**/2: 799, (2007) contained two institutions (TASH and LI), where the holotype specimen is conserved. Therefore this name is invalid (Art. 37.7. of the International Code of Botanical Nomenclature, VIENNA CODE, 2006).

The correct citation is:

Holotype: Uzbekistan, montes Bukantau, prope pagum Uchkuduk, fl., 16.05.2007, leg. Khassanov, Shomuradov & Tojibaev, n.14 (TASH).

One more correction is: Fig. 3 represents inflorescence of *A. filidens* REGEL and Fig. 4 inflorescence of *A. rinae* sp. nov.
