NEWSLETTER OF THE INTERNATIONAL ASSOCIATION OF NEUROPTEROLOGY

No. 34

Spring 2022

Greetings once again to everyone. As you probably know, our International Symposium, planned for 2020 in Brasil, has been scheduled in 2022, May 22-27, due to some troubles caused by Covid 19, as first *virtual neuropterologist symposium*. As always, thanks to the few neuropterologists who kindly sent contributions, notes, and bibliographic references. Please send all communications concerning Lacewing News to agostino.letardi@enea.it (Agostino Letardi, photo on the left). Questions about the International Association of Neuropterology may be addressed to our current president, Dr. Xingyue Liu (photo on the right) (xingyue_liu@yahoo.com).

From right to left, the IAN president Xingyue Liu and the LN editor Agostino Letardi (photo Rinaldo Nicoli Aldini, in Laufen [DE] 2018)

From Agostino Letardi

Dear readers, I'm sorry but this time no contribution has arrived for the newsletter, except for bibliographic references which are the only thing you will find in this issue. Could this be the signal that it is time to change the newsletter editor? New applications will certainly be well received and possibly evaluated during the next international conference. See (virtually) and hear (if web connection will be good enough) you soon!
