Druck: Sternwarte Kremsmünster, A-4550 Kremsmünster

Einleitung

Dieser kleine Verbreitungsatlas der Gefäßpflanzen des südwestlichen Innviertels fasst in erster Linie die Ergebnisse der Kartierungsarbeit während des 10. südböhmisch - oberösterreichischen Botanikertreffens 1999 in Gundertshausen zusammen. Die Aufgabe des Autors bestand daher lediglich im Sammeln und Ordnen der von den Teilnehmern gelieferten Kartierungsdaten. Für die Kartendarstellung wurde eine kleine Delphi-Anwendung programmiert.

Kartierungsmethode

Die Verbreitungsangaben der Pflanzensippen entsprechen der Punktrasterkartierung auf Quadrantenbasis im Sinne der Österreichischen Florenkartierung (vgl. NIKLFELD). Dabei wurden die oberösterreichischen Anteile der in der Karte angegebenen Quadranten bearbeitet.

Eine Signatur in einem Quadranten gibt das Vorkommen einer Sippe - unabhängig von ihrer Häufigkeit - an.

Vorliegende Kartierungsdaten

Schon vor der Exkursion wurde für jeden Teilnehmer ein entsprechender Verbreitungsatlas mit den meisten bereits bekannten Kartierungsergebnissen zusammengestellt (KRAML). Die dort enthaltenen Daten wurden in diesem Atlas übernommen.

Exkursionsergebnisse

In den vorliegenden Verbreitungskärtchen werden nun sowohl bereits bekannte Angaben wie auch die bei der Exkursion erarbeiteten angeführt. Alte und neue Daten sind durch unterschiedliche Signaturen gekennzeichnet. Bestätigungen von Funden sind nicht ersichtlich.

Taxonomie

Die Taxonomie richtet sich so weit wie möglich nach ADLER ET AL. Taxa, die dort nicht enthalten sind, werden unter Anführungszeichen gestellt. In einigen Fällen werden bei ADLER ET AL. nicht angeführte Klein- und Zwischenarten angeführt. Für Hieracium folgt die Nomenklatur HEGI.

Quellen der neu eingearbeiteten Kartierungsdaten

Sammel-Atlas der tschechischen Kollegen

Sammel-Atlas von N. Lindbichler mit Angaben von F. Grims

Atlas von G. Kleesadl
Geländelisten von den Quadranten

7842/4 vom 11. Juli 1999 von P. A. Kraml et al.

7844/3 von tschechischen Kollegen ohne nähere Angaben

7942/2 vom 11. Juli 1999 von P. A. Kraml et al., Ettenau, St. Radegund, Schwaigwiesen an der Salzach

7943/2 vom 12. Juli 1999 von P. A. Kraml et al., Ibmer Moor; Buch östl. Gr. Moorheideweg bis zum Waldrand südl. von Dorfibm

Teilnehmer

Chán Vaclav, Helm Karl, Hohla Michael, Hrouda Lubomir, Hroudarová Vèra Kleesadl Gerhard, Kraml P. Amand, Krisai Robert, Kubát Karel, Lindbichler Norbert, Lindbichler Anna, Lindbichler Michaela, Malicky Michael, Mandák Bohumil, Schludermann Helmut, Schludermann Hildegard, Schröck Christian, Speta Elise, Speta Franz, Štech Milan, Švarc Jaromír, Stöhr Oliver, Strobl Walter, Teppner Herwig, Zíla Vojtěch.

Rubus idaeus

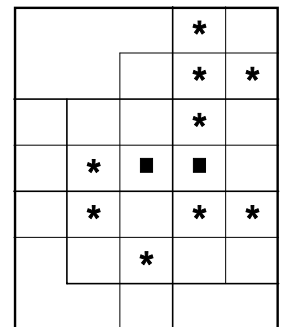

Rudbeckia hirta

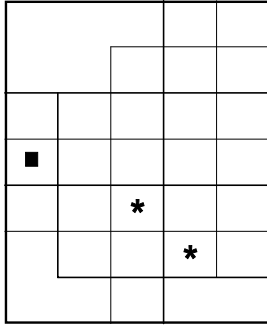

Rudbeckia laciniata

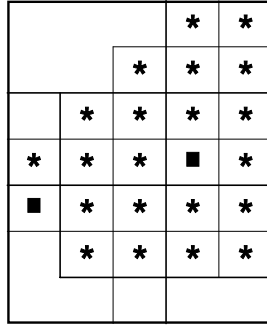

Rumex acetosa

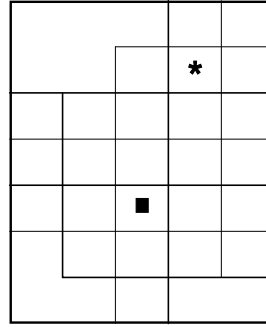

Rumex acetosella s.lat.

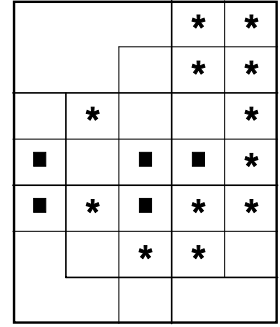

Rumex conglomeratus

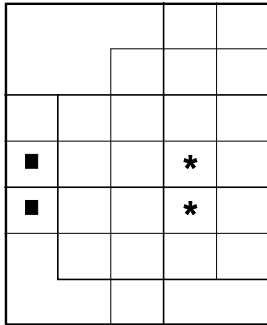

Rumex crispus

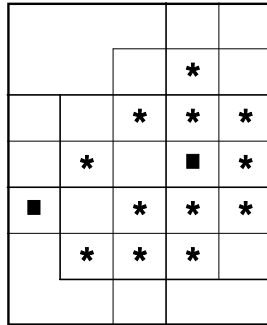

Rumex hydrolapathum

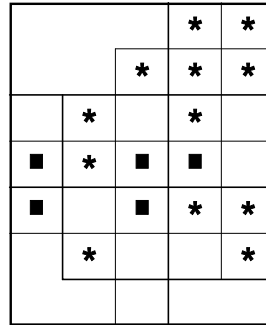

Rumex obtusifolius

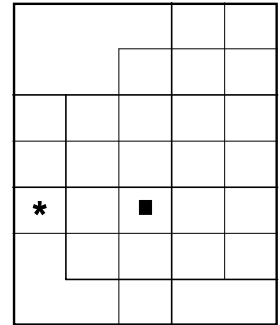

Rumex sanguineus

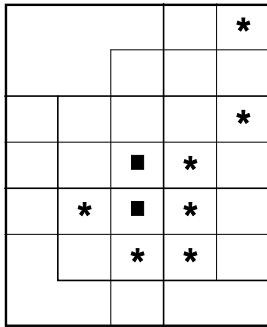

Sagina procumbens

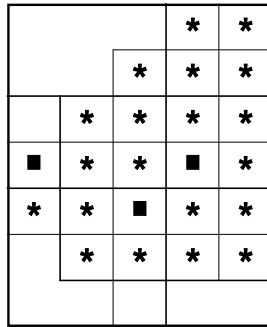

Salix alba

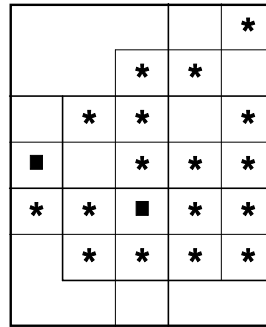

Salix appendiculata s.str.

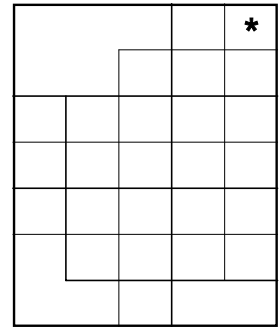

Salix aurita

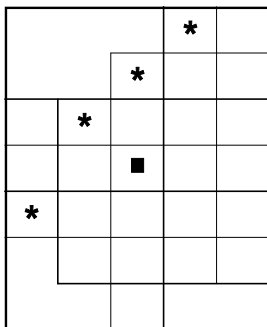

Salix caprea

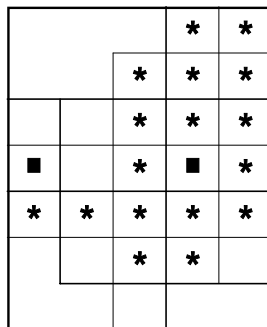

Salix cinerea s.str.

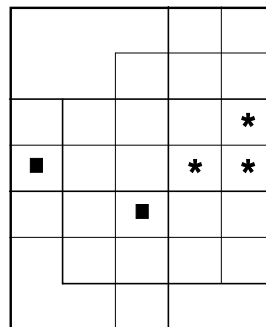

Salix daphnoides

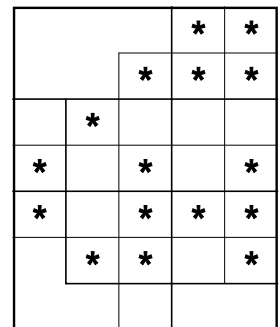

Salix eleagnos

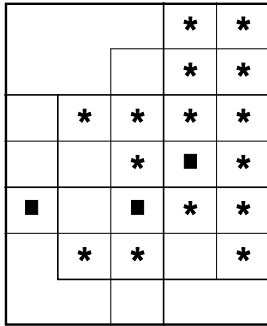

Salix fragilis agg.

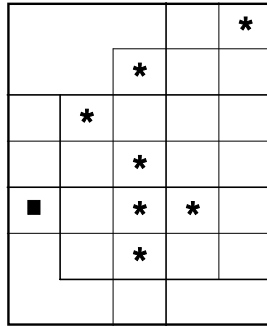

< *Salix fragilis s.str.*

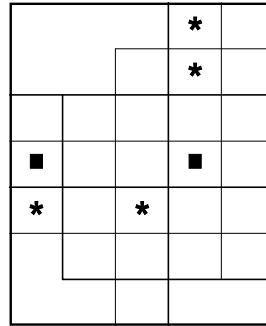

Salix nigricans agg.

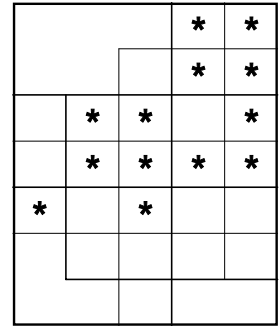

Sanguisorba officinalis

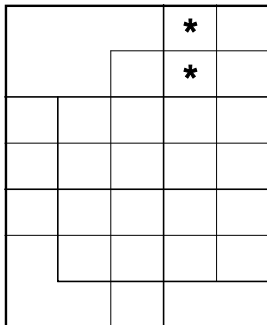

Sanicula europaea

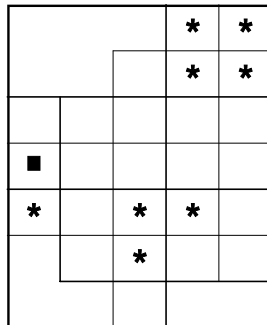

Saponaria officinalis

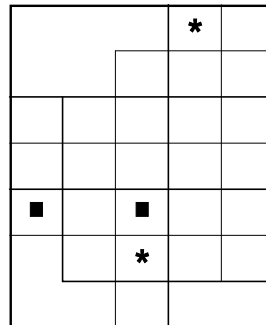

Saxifraga granulata

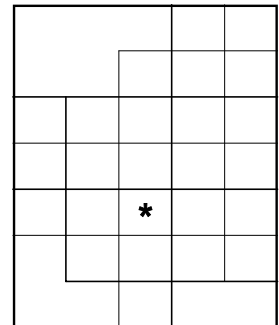

Saxifraga tridactylites

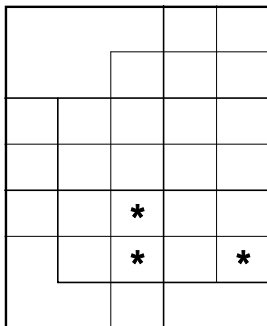

Scabiosa columbaria agg.

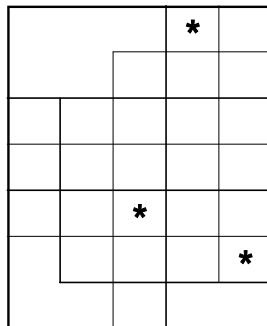

< *Scabiosa columbaria* s.str.

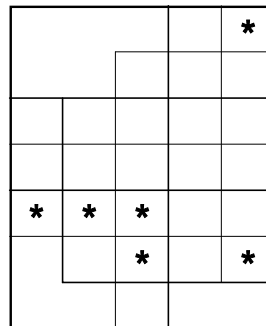

Scandix pecten-veneris

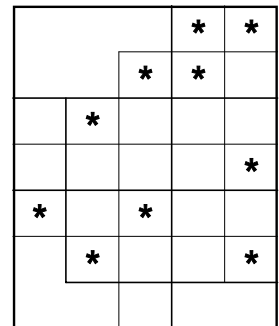

Scheuchzeria palustris

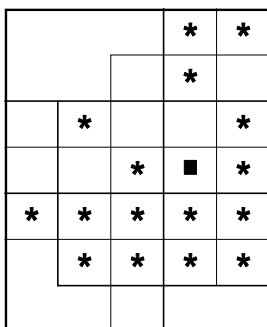

Schoenoplectus lacustris s.str.

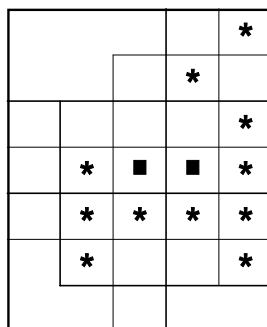

Schoenus ferrugineus

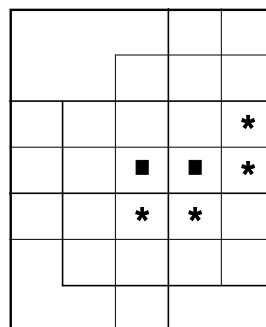

Scilla bifolia agg.

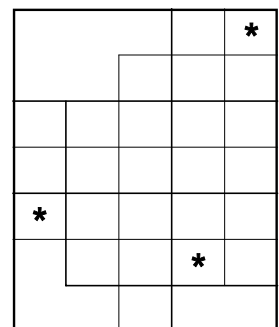

Scirpus sylvaticus

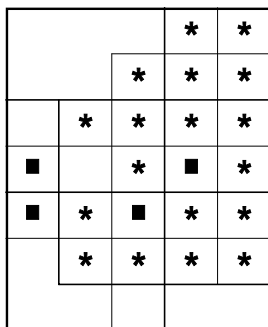

Scleranthus annuus agg.

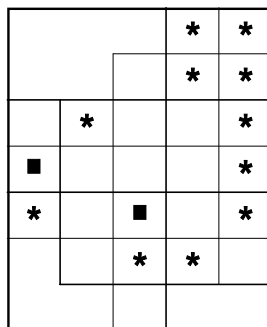

< *Scleranthus annuus* s.str.

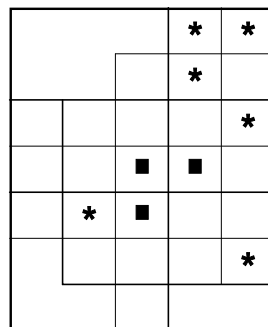

Scorzonera humilis

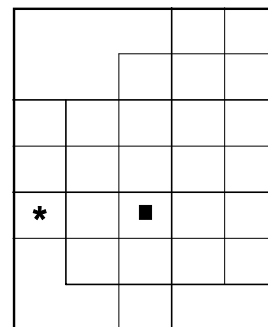

Scrophularia nodosa

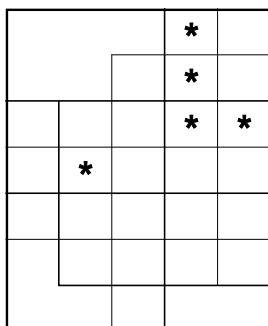

Scrophularia umbrosa

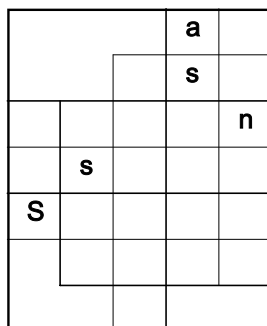

Scutellaria galericulata

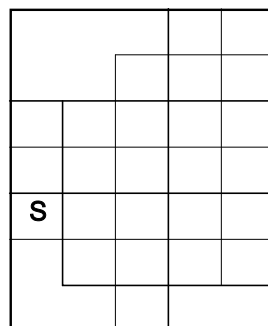

Securigera varia

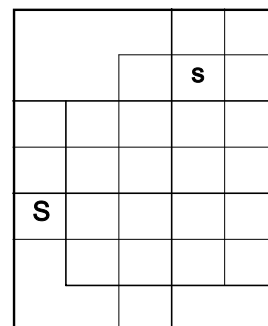

Sedum acre

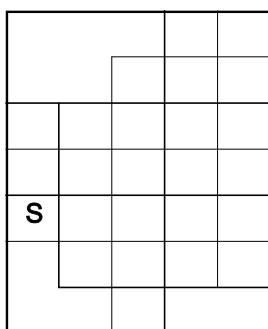

Sedum album

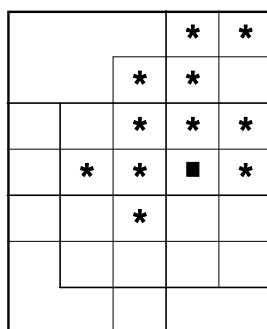

Sedum hispanicum

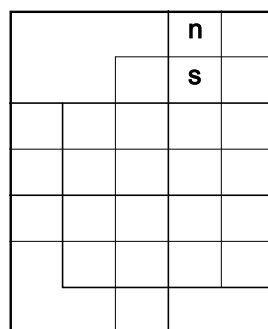

Sedum rupestre agg.

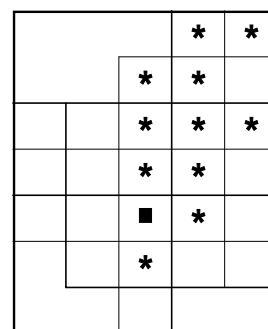

< *Sedum rupestre* s.str.

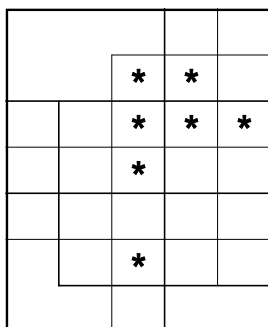

Sedum sexangulare

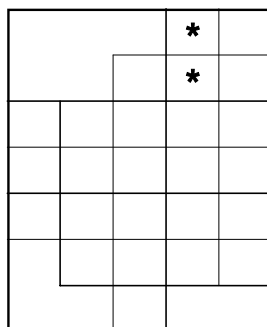

Sedum spurium

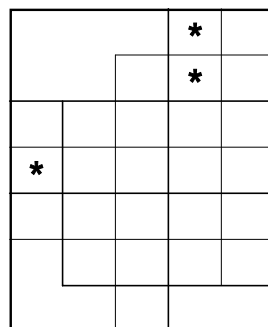

Sedum telephium agg.

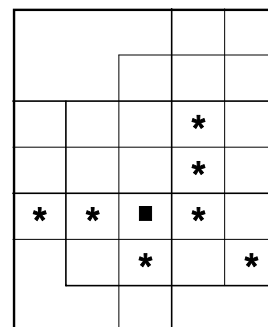

< *Sedum maximum*

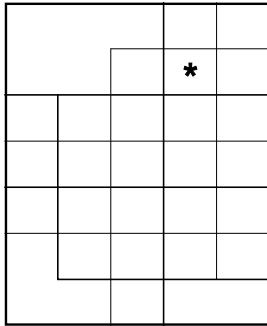

< *Sedum telephium* s.str.

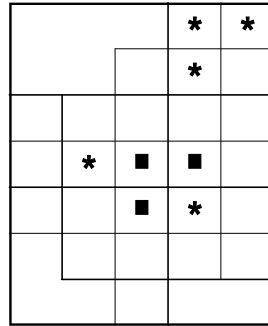

Selaginella helvetica

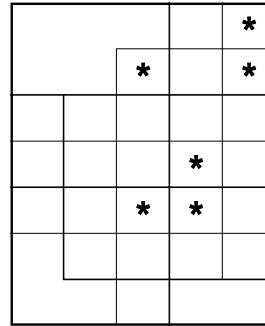

Selinum carvifolia

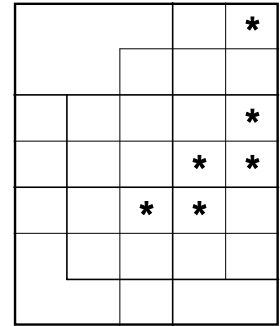

Senecio erucifolius

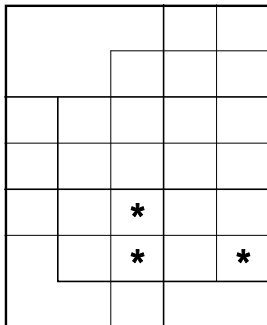

Senecio jacobaea

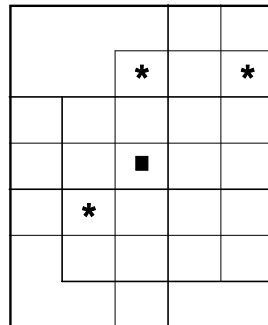

Senecio nemorensis agg.

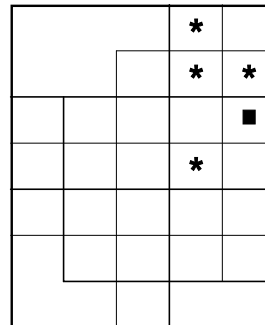

< *Senecio ovatus*

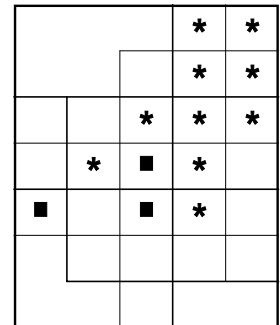

Senecio paludosus

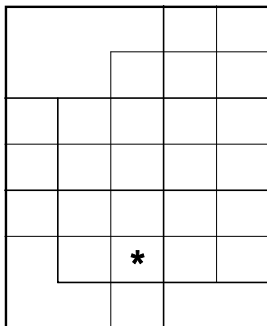

Senecio sylvaticus

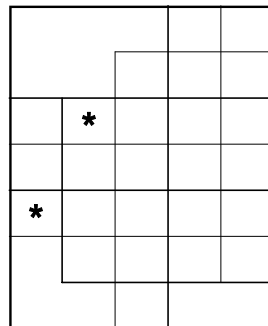

Senecio viscosus

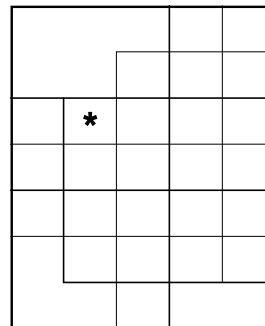

Senecio vulgaris

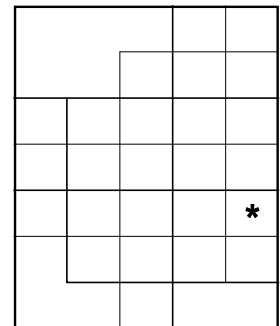

Serratula tinctoria s.str.

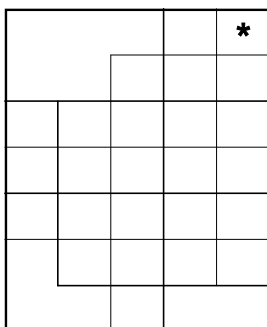

Sesleria varia agg.

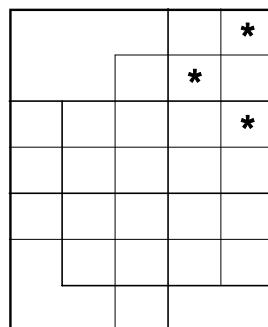

< *Sesleria albicans*

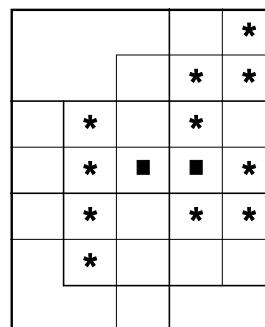

Setaria pumila

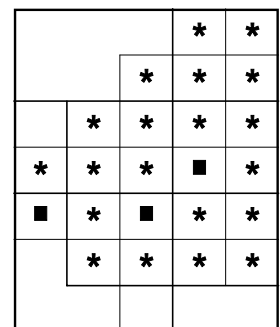

Setaria verticillata agg.

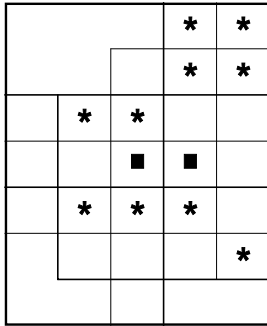

Setaria viridis

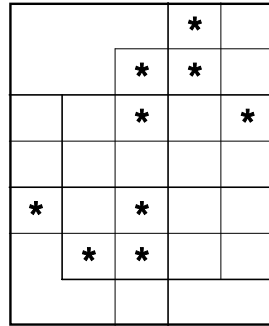

Sherardia arvensis

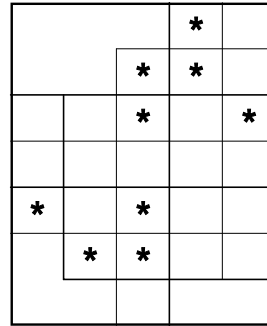

Silene dioica

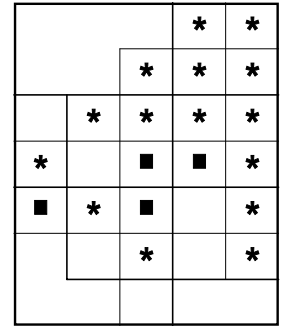

Silene latifolia

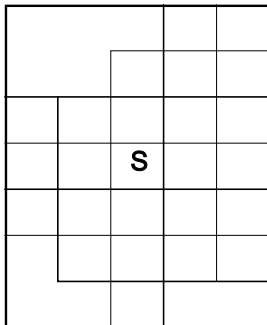

Silene nutans s.lat.

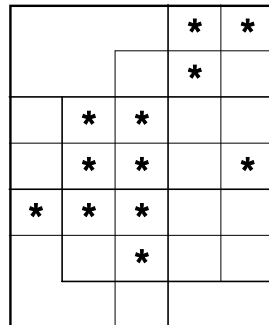

< *Silene nutans subsp.nutans*

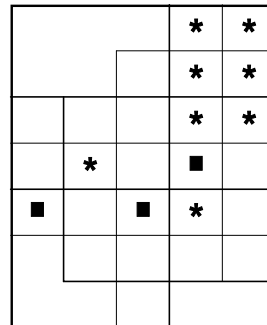

Silene vulgaris

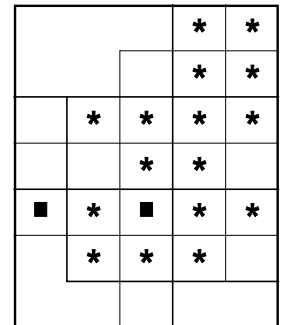

Sinapis alba

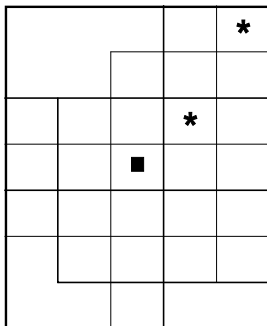

Sinapis arvensis

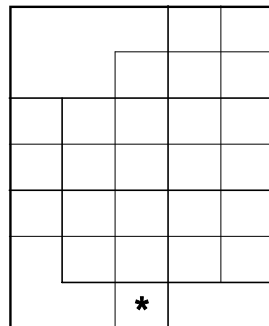

Sisymbrium officinale

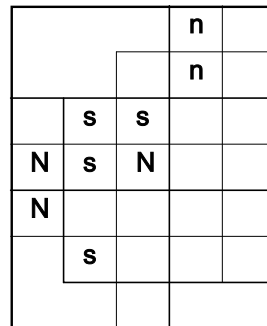

Solanum dulcamara

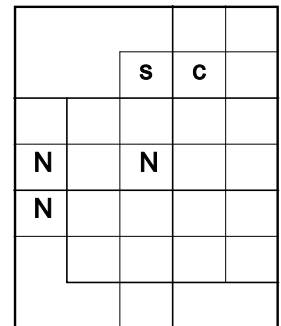

Solanum nigrum

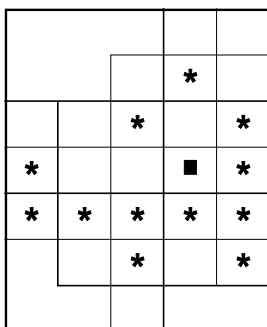

Soldanella montana s.str.

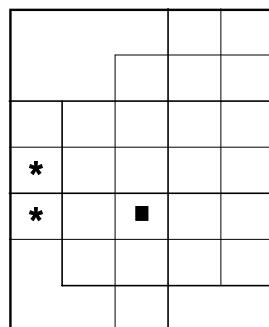

Solidago canadensis

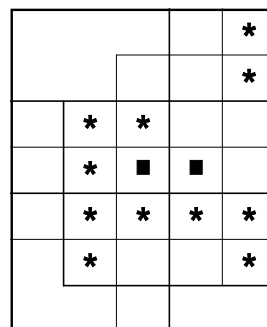

Solidago gigantea

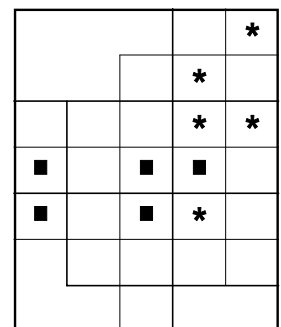

Solidago virgaurea

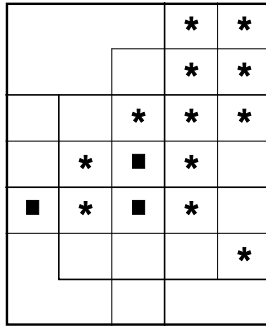

< *Solidago virgaurea subsp.virgaurea*

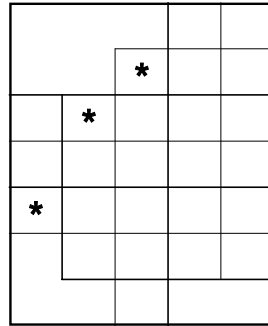

Sonchus arvensis

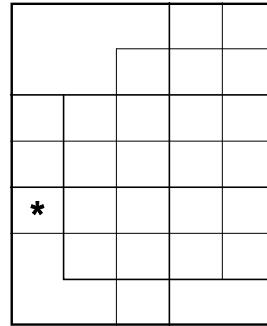

Sonchus asper

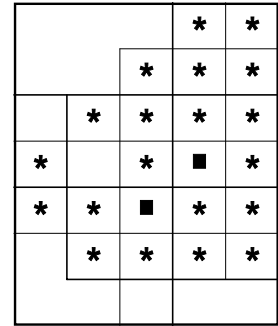

Sonchus oleraceus

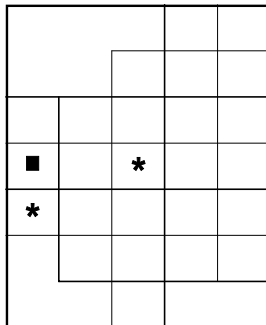

Sorbus aria agg.

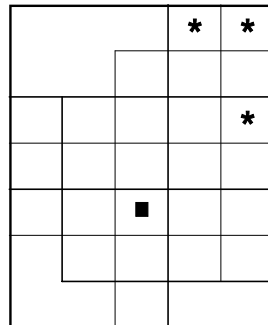

< *Sorbus aria* s.str.

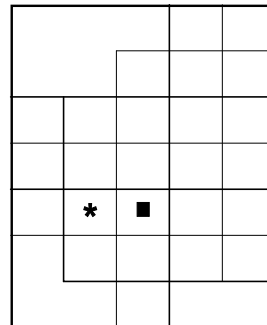

Sorbus aucuparia

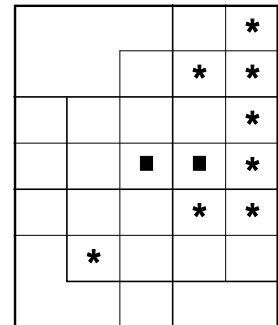

Sparganium emersum

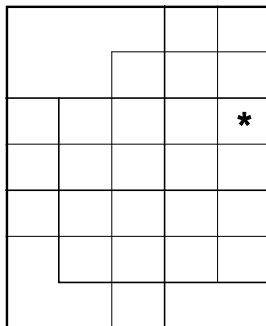

Sparganium erectum

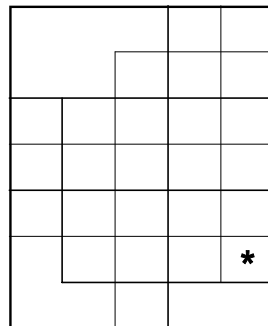

Sparganium natans

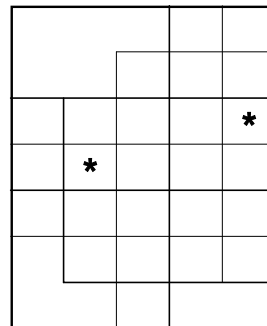

Spargula arvensis

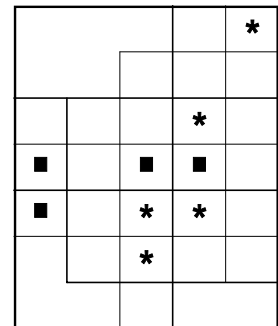

Spargularia rubra

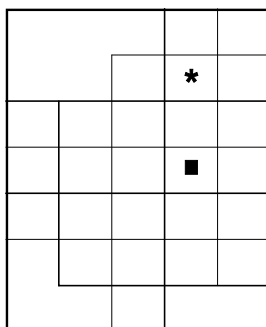

Spiranthes aestivalis

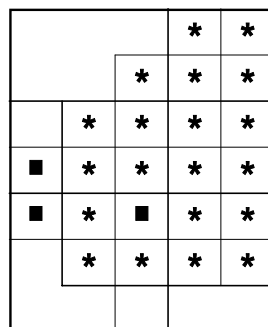

Spirodela polyrhiza

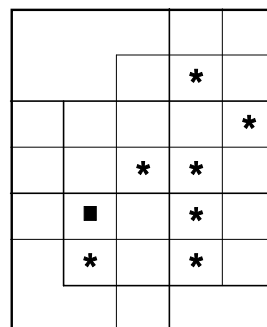

Stachys palustris

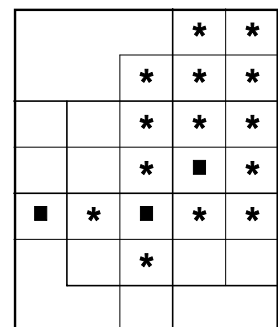

Stachys recta

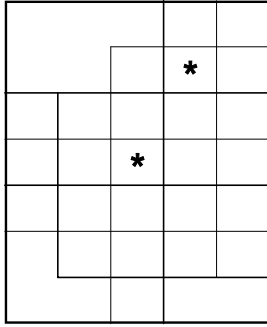

Stachys sylvatica

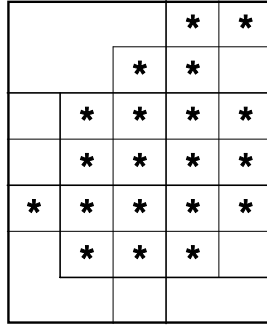

Stellaria alsine

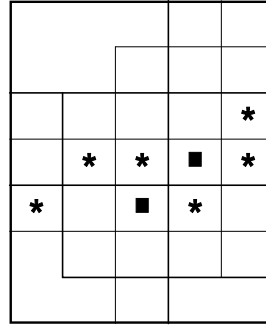

Stellaria graminea

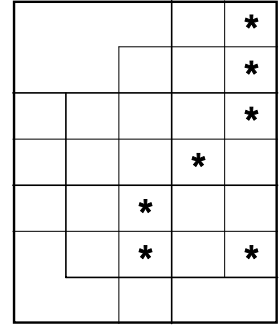

Stellaria holostea

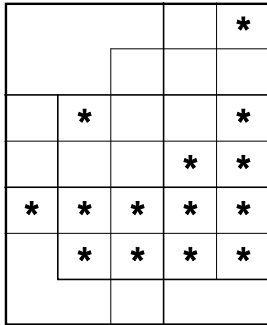

Stellaria media agg.

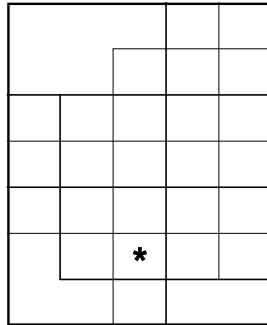

< *Stellaria media* s.str.

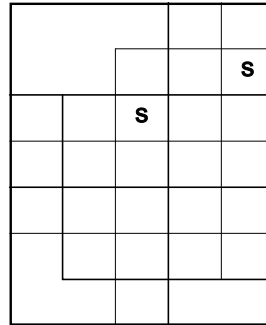

Stellaria nemorum s.str.

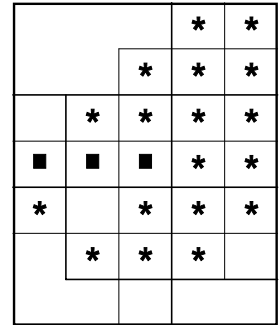

Succisa pratensis

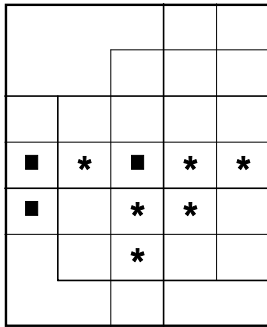

Swertia perennis

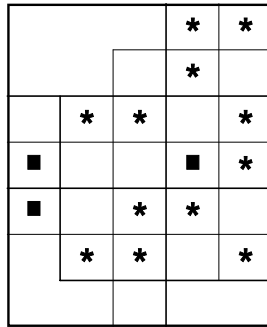

Symphoricarpos rivularis

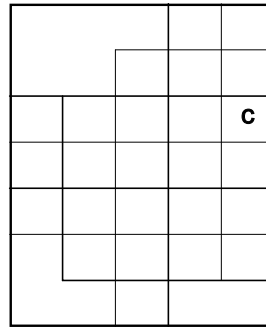

Symphytum officinale agg.

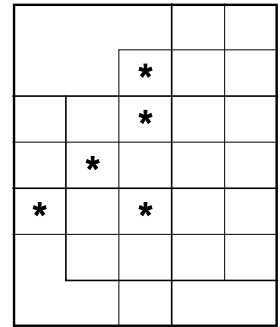

< *Symphytum officinale* s.str.
