In my paper 'New and poorly known Lepidoptera from the West Palaearctic (Tineidae, Acrolepiidae, Douglasiidae, Epermeniidae), *Nota lepidopterologica* **29** (3/4): 159–176', I misspelled the name of genus *Xerantica* Meyrick, 1930 in the abstract (p. 159) and in the text (pp. 168, 169) as '*Xeranthica*'.
