Dear Colleague,

The preparation for the Fifth International Symposium on Trichoptera are in their final stages. We have received 96 registered participants (see list). The distribution of participants by country is:

AUSTRALIA	2	IRELAND	1
AUSTRIA	1	ITALY	6
BELGIUM	2	JAPAN	2
BULGARIA	1	THE NETHERLANDS	4
CANADA	10	NORWAY	2
CHINA	1	POLAND	4
FINLAND	1	PORTUGAL	2
FRANCE	12	SPAIN	5
GERMANY (R.F.)	6	SWEDEN	5
GREAT BRITAIN	6	THAILAND	1
HONG KONG	1	USA	19
HUNGARY	1		

The elaboration of the programme is in progress. We have divided the oral and poster presentations into fourteen subjects:

- Historical aspect
- Fossil forms
- Phylogeny
- Biogeography
- Morphology and anatomy
- Taxonomy and systematics
- Biology and physiology
- Light traps and flight patterns
- Life cycles and population dynamics
- Ecology: running water
- Ecology: standing water
- Ecology: zonation and typology
- Ecology: environmental perturbations
- Ecology: microdistribution

The repartition of the oral communications between these different subjects will depend on their scientific content and, of course, on schedule constraints.

The Proceedings must not exceed 480 pages, so please be concise. There are 60 oral presentations and 20 posters, that is to say 80 contributions of 6 pages maximum per contribution.

The final circular concerning the programme, abstracts and arrival information will be sent to you in May.

Up to the present, there have been no official proposals for the site of the 6th Symposium; this will be a point of discussion during our meeting in July.

See you in Lyons
