

## LIST OF RESEARCH WORKERS ON TRICHOPTERA

Berthold ROBERT, student. Bestener Straße 235, D - 4270 Dorsten 1.  
Present interest: All species of Germany, esp. Nordrhein-Westfalen.  
Research subject: Distribution of Trichoptera in the lowlands of Northern Germany. Investigation area: Western Germany. Willing to identify material from Germany. Material wanted: All species of North Germany. Information wanted: Any information about ecology and distribution of Trichoptera in North Germany.

Reinhard RÜDDENKLAU

II. Zoologisches Institut der Universität Göttingen, Arbeitsgruppe Prof. Dr. Heitkamp, Berliner Straße 28, D - 3400 Göttingen.  
Present interests: Biological impacts of acidification on benthic insect communities, particularly Trichoptera. Modification of these communities in polluted streams.  
Information wanted: Papers on taxonomy, life cycle, ecology (esp. Central European species) and the above subjects.  
Material wanted: Central and Northern European larvae and adults of all families.  
Other interests: Ephemeroptera (taxonomy, life cycles, ecology).

TIAN LIXIN Professor

Department of Plant Protection, Nanjing Agricultural University, Nanjing, Jiangsu, People's Republic of China.  
Present interests: All species of Hydropsychidae and Stenopsychidae in China. Previously studied: Taxonomy and distribution of Scarabaeidae (Coleoptera) and Delphacidae (Homoptera).  
Information wanted: Classification of Hydropsychoidea.

YANG LIANFANG (Mrs.), Lecturer, graduated 1965

Address like Tian.  
Present interests: Ecology, biology and systematics of Leptoceridae from China. Previously studied: Classification of Delphacidae and Meenoplidae (Homoptera).  
Information wanted: on ecology, biology and systematics of Leptoceridae.

LI YOUWEN (Mr.), Lecturer, M.S. degree 1985

Address like Tian.  
Present interest: Studies on Hydropsychinae in China.  
Information wanted: Reprints on Hydropsychidae.

Herbert REUSCH, student at the Zoological Institute, University of Hamburg.

Address: Blumenstraße 7, D - 3110 Uelzen 8.  
Present interests: Faunistics, phenology, light trapping, longitudinal distribution in running waters. Area: Western Germany, esp. the lowland of Niedersachsen.  
Information wanted: Reprints on faunistics and light-trapping in Central Europe, longitudinal distribution, keys to larvae.  
Other interests: Diptera (Limoniidae), Ephemeroptera, Plecoptera.
