LIST OF RESEARCH WORKERS ON TRICHOPTERA

Pavel CHVOJKA, Dr.

National Museum, Department of Entomology, Kunratice 1, CS-148 00 PRAHA 4

Present interest: Faunistics, taxonomy, ecology of larvae.

Investigation area: Central Europe. Information wanted: keys to larvae.

Other interests: Limnology, ecology of freshwater invertebrates.

Stanislaw CLOS, Ichthyologist

Ul. Warskiego 13a/79, PL-02-645

Research subject: Trichoptera as food for fish; Biology of Trichoptera; Trichoptera in relation to angling/fly-fishing.

Information wanted: Reprints on biology of Trichoptera, esp. the elements which increase their availability to fish (drift, emergence, oviposition etc.)

Other interests: Same as above for other aquatic organisms.

James B. GLOVER, Graduate Student at University of Louisville

868 Milford Street, Louisville KY 40207, U.S.A.

Present interest: Leptoceridae: Taxonomy of Oecetis and Triaenodes.

Previously studied: Leptoceridae of West Virginia. Area of interest: West Virginia. - Material wanted: Oecetis and Triaenodes larvae.

Willing to identify for other workers: North American leptocerid adults.

Svetlana Leonidovna KOCHARINA; Researcher.

Institute of Biology and Pedology, Far East Branch, USSR Academy of Sciences, Vladivostok 690022, USSR.

Present interest: Biology and ecology of Trichoptera, esp. net-spinning species. Investigation area: Southern Primorye, The Soviet Far East.

Previously studied: Caddisfly larvae of mountain and premountain rivers.

Information wanted: Papers on growth, metabolism, feeding and production of Trichoptera. Other interests: Systematics of Trichoptera.
