

indicate the date of marking. Details should include date, locality, species, position (rear/front) and colour of dye and tape (leg-flag left or right leg), and preferably also flock size, behaviour, and accompanying species. Do not forget to include your own address. Contributors will receive details on the locality and date of ringing and will be acknowledged in future publications. Anyone observing colour-marked waders with one of these combinations of colour marks is requested to send details (preferably in English, German, French) of the observation to:
