BEKANNTMACHUNGEN

International Symposium on Systematics, Phylogeny and Evolutionary Ecology of African Vertebrates

The Zoological Research Institute and Museum Alexander Koenig, Bonn, FRG celebrates its 50th anniversary in May 1984. During May 15–18, 1984 a symposium will be held covering a broad range of topics on African vertebrates (with special emphasis on reptiles and birds). A detailed program will be available in October 1983.

Participants are invited to present recent investigations on African taxa or taxonomic groups. Guests are also welcome. For details contact: Dr. Karl-L. Schuchmann, Dept. of Ornithology, Zoological Research Institute and Museum A. Koenig, Adenauerallee 150–164, D-5300 Bonn 1, FRG.

Prof. Dr. G. NOBIS
Director

Fourth International Theriological Congress

The IV ITC will take place August 13–20 1985 on the campus of the University of Alberta in Edmonton. The purpose of this notice is to solicit names for a preliminary mailing list of potential participants, and to request comments and suggestions.

The names of all who attended any of the first three congresses will be placed on the provisional mailing list for IV ITC, but, if your address as listed in the Transactions of the Congress you attended is no longer correct, please send a current address.

If you have not attended any of the previous congresses but have any intention of coming to Edmonton in 1985 please send your name and address to the undersigned so that you will receive the first mailing, probably early in 1983.

It is expected that IV ITC will follow the general format adopted at Helsinki. If you have comments or suggestions for improvement please pass them along. Finally, if you have suggestions for symposia or workshops or plenary speakers please pass them along too. We are particularly interested to hear from anyone with a burning desire to organize, or help to organize a symposium or workshop.

W. A. FULLER, IV ITC, P. O. Box 632, University of Alberta, Edmonton, T6G 2EO, Canada.
