

# 2001 INTERNATIONAL JOINT MEETING

**X INTERNATIONAL CONFERENCE ON  
EPHEMEROPTERA**

**XIV INTERNATIONAL SYMPOSIUM  
PLECOPTERA**

**5-11 AUGUST, PERUGIA-ITALY**

Website <http://olympus.unigp.it/maystone/>

This meeting is being organized by Prof. Elda Gaino with the help of numerous collaborators. The International Joint Meeting on Ephemeroptera and Plecoptera intends to update the current knowledge of these two insect groups in the fields of biodiversity and environment, biogeography, ultrastructure, physiology, systematics and taxonomy, phylogeny, reproduction, life histories and behavior.

### **Registration Fee**

The estimated fee is 200 Euro. For an accompanying person the fee is 100 Euro. The registration fee will cover: (a) the conference rooms costs; (b) coffee breaks; (c) field trip (one-day excursion); (d) conference dinner; (e) program, abstract book and a copy of the proceedings; and (f) souvenirs.

### **Location**

Perugia is the most important town of Umbria. It is located in Central Italy, about 200 km north-east of Rome and 150 km south of Florence, and stands on a hill at about 500 ma.s.l.

Perugia is the center of "Italy's Green Heart", and the visitor will see at first glance that this is an apt description of Umbria. In addition to its historical sites, Umbria has beautiful landscapes with gentle hills, high mountains, rivers and lakes. In any village tourists can find vestiges of the past.

Perugia has its roots in the Etruscan age and is surrounded by smaller but equally interesting cities: Assisi, Todi, Spello, Spoleto, Trevi, Città della Pieve and Gubbio to mention only the better known.

## **Transportation**

Perugia has good road and rail connections. People flying to the conference should arrive either (a) in Rome or Florence and go on to Perugia by train or by bus or (b) in Milan and fly to Perugia (Sant'Egidio Regional Airport). There are also rail and road connections from Milan. At present, there is no direct connection between the Rome and Perugia airports.

## **Accommodations**

Perugia is a tourist town and offers various kinds of accommodations: there are hotels, pensions, camping sites (10km from Perugia), youth hostels and a lodge reserved for University researchers (only a few rooms available).

## **Guests**

For accompanying persons, Perugia offers many sightseeing opportunities: museums, palaces, churches, medieval and archaeological sites, etc. Guided tours will be arranged.

## **Post Conference Tours**

A form will be sent to the participants with some options on visits to the main Italian towns (e.g. Rome, Florence, Venice).

## **Proceedings**

The Proceedings will be published in a special volume of the *Rivista di Idrobiologia*, University of Perugia.

## **Field Trip**

The field trip will be organized to allow people to collect specimens along one of the many streams of the region.

## **Preregistration**

A preregistration form is available online at <http://olympus.unipg.it/maystone>. People who have no email address will receive the first announcement by mail.

Preregistration forms must be returned by February, to the following address: 2001 International Joint Meeting, Dipartimento di Biologia Animale ed Ecologia, via Elce di Sotto, 06123, Perugia (Italy). Or you may fax it to ++39 075 5855733 or email it to [maystone@unipg.it](mailto:maystone@unipg.it).

## **Second Announcement**

Second announcement and call for abstracts will be sent by September 2000.
